15TH AUGUST 1888, No. 2482 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following paper:—

From Colonel M. PROTHEROE, C.B., C.S.I., Officiating Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 4th August 1888, No. 2811 A.

Referring to G.O., Public Works Department, No. 1969 W., dated 2nd July, (communicated to the Commander-in-Chief under Military Department, No. 4972, dated 20th idem), I am desired to observe that funds, amounting to Rs. 1,663 as noted below, not being wanted for the purposes for which they are allotted in Statement B, will be available for distribution to General Officers Commanding Divisions and Districts in addition to the sum (Rs. 5,208) placed at their disposal in para. 4 of the Government order:

Work.	Allotted.	Required.	Balance available.	Remarks.
	RS.	RS.	RS.	
Item No. 5, school at Berhampore ..	2,450	1,390	1,060	*Vide* letter from Superintending Engineer attached.
Do. ,, 28, bakery at Calicut	603	*Nil*	603	As the proposed conversion was found objectionable on sanitary grounds.
Total ..	3,053	1,390	1,663	

2. His Excellency has accordingly distributed the total amount (Rs. 6,871) in the following manner:

			RS.
General Officer	Commanding,	Eastern District	1,850
Do.	do.	Southern do.	1,750
Do.	do.	Bangalore Division	1,650
Do.	do.	Ceded Districts	1,350
Do.	do.	Belgaum District for Mangalore ...	271
		Total ...	6,871

No. 5355, Military.

Transferred to the Public Works Department.

(By Order.)

OOTACAMUND,
6th August 1888.

(Signed) A. KENNEY-HERBERT, Brigdr.-Genl.,
Secretary to Government.

ORDER—dated 15th August 1888, No. 2482 W., Public Works.

Communicated to officers concerned with the remark that the transfers of funds referred to by His Excellency the Commander-in-Chief are approved.

No. 478 D.

To the Examiner of Public Works Accounts for remarks.

OOTACAMUND,
6th August 1888.
(Signed) H. R. MEAD, Colonel, R.E.,
Chief Engineer for Irrigation.

Office Note from the Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department; dated 24th August 1888, No. 2138.

Under Section 64 (*b*) of the Civil Leave Code, the grant to an officer of furlough or special leave out of India carries with it the grant of subsidiary leave including subsidiary leave on return to duty. Under Section 67, Rule 3 of the Civil Leave Code as modified by Standing Order No. 129, the allowances of a military officer subject to military rules during subsidiary leave are regulated as if he were subject to civil rules.

2. It seems therefore unnecessary either to notify the subsidiary leave granted in each case, or to require that the leave applications of military officers subject to military rules should pass through this office for the purpose of determining the amount of subsidiary leave to be accorded in each case, as it tends to delay the grant.

TRICHINOPOLY,
27th February 1888.

(Signed) J. W. RUNDALL,
Superintending Engineer, VI Circle.

Submitted to the Chief Engineer, Public Works Department, for sanction.

2. The five upper subordinates in the Ramnad division are working under the Executive Engineer's direct orders, there being no sub-divisions; consequently the work in the division office is heavier than would be the case if there were sub-division establishments. The additional clerk on Rs. 15 now applied for is absolutely necessary.

3. The continued employment of the temporary clerk on Rs. 30 in the Madura division office is recommended for the reasons given in the Executive Engineer's letter, No. 490 S.E., dated 3rd October 1887, printed with G.O., No. 2935 W., dated 5th November 1887. As it is proposed to spend nearly a lakh on irrigation works next year in the Dindigul sub-division, and there will be a very large number of works in hand, the office work will be greatly increased, and the services of an extra clerk on Rs. 20 per mensem are indispensable.

4. The establishment asked for is the same as at present sanctioned. The necessity of employing a special Executive Engineer in charge of the bridge will probably not exist after 30th November; but as it is uncertain when the arches will be finished, and what reductions can be made when the Executive Engineer leaves, establishment for the whole year has been asked for.

5. The services of the temporary clerk are indispensably necessary in order to get the records of the Tinnevelly division into proper order, and the temporary draftsman is required for completing the plans of the Government buildings and lands.

6. An extra clerk on Rs. 15 for the Superintending Engineer's office is also applied for. The office is in correspondence with seven Executive Engineers and four Collectors. Current and routine work is very heavy, and I consider an extra hand is needed. The present establishment frequently work extra hours.

TRICHINOPOLY,
27th February 1888.

Temporary Establishment required in the VI Circle during 1888-89

The proposition statement of —, sanctioned.

No. 797

Executive Engineer's Office
Coimbatore 28th April 1888

From
J. W. Martin Esquire
Executive Engineer

To
The Superintending Engineer
Fourth circle

Sir,

I have the honor to bring to your notice that Copying sanctioned estimates and plans prepared by Officers of the Tank Restoration scheme and sent to this Division to carry out the works adds very much to the draftsmen's work. The annexed statement shows the plans and estimates to be copied and the dates they were received in this office.

Description	Plans	Estimates	Date of Receipt
Improving Pullapaliam channel and Anicut	15	11	24-2-88
Kuniamuthur large tank	7	.	15-3-88
— do — small — do —	5	7	29-2-88
C.O.	27	18	

B.O	27	18	
Settiandicuttai tank	4	4	15-3-88
Peran large tank	8	8	15-3-88
Kanjenarayasamudram tank	4	1	15-3-88
Kuniamuthur anicut channel	20	11	7-4-88
Singanallore - do - do	10	4	20-4-88
Total	73	46	

2. From this statement you will, I think, understand that it is almost impossible for the Draftsmen, two men, to do all the work expeditiously, and at the same time prevent the usual work of the Division falling in arrears. Under these circumstances, I would suggest that two copies of each estimate and plan should be sent from the Office of the Chief Engineer for Irrigation when he sanctions the estimates and plans - I want two copies, one to keep in the Office and one to give to the subordinate in charge of the work or contractor.

3. I think it would be more economical to provide additional Draftsmen in the Chief Engineer's Office, if necessary, than to employ an extra man in my Office, for I do not know when estimates will be sent, and, therefore cannot well say for how long I would require an additional man.

I have the honor to be
Sir
Your most obedient Servt.
J W Martin
Executive Engineer

No 182 / E.W.

Forwarded to the Chief Engineer, P.W. Department for favorable consideration and orders. If the proposal of the Executive Engineer that duplicate copies should be furnished from the Office of the Chief Engineer for Irrigation is not approved, an extra draftsman on Rs 40 may be sanctioned temporarily, in the first instance for six months, in the Coimbatore Division, to assist in the work of copying plans and estimates.

Extra Draftsman in the Coimbatore Division.

Requesting sanction for an temporarily for Six months to assist in the work of Copying plans & estimates.

To

Endorsement from the Chief Engineer P.W.D. No 1933.C. dated 18th May 88

Note by the Chief Engineer for Irrign

No 1101 I. dated at Madras
23d May 1888

The Chief Engineer for Irrigation does not consider it necessary for the Executive Engineer to keep duplicates in his office of every plan and of all details of estimates.

2. The Copying of the abstract estimates is a very trifling labour and if only the more important new works were traced from the plans sent from the Tank Restoration office, the additional labour in the Executive Engineer's office would not be much. It must be remembered that most of the work of estimating for new or repairs to irrigation works has owing to the Tank Restoration operations ceased in the Divisional offices.

The

No. 1923 C of 18-5-88

P.W.C. No. 4879

3. The number of Tank Restoration Estimates sent to the Coimbatore Division is much less than the number sent to Chingleput or Madura, no Extra Establishment has been, it is believed, asked for in these divisions.

4. If it is decided that assistance should be given the work of Copying should be done, it is considered, in the Executive Engineer's office as he is best able to judge which plans are to be Copied and the Tank Restoration office has more than enough to do already.

5. Again it is thought that only Copying & tracing is required a 3rd class Draughtsman (Rs 20–30) would be ample instead of a 2d class as proposed by the Superintending Engineer.

28TH SEPTEMBER 1888, No. 138, ECCLESIASTICAL.

GOVERNMENT OF MADRAS.

ECCLESIASTICAL DEPARTMENT.

READ—again the following paper :—

G.O., dated 26th July 1888, Nos. 108, 109, Ecclesiastical.

Office note from the Examiner of Public Works Accounts, dated Madras, 28th March 1888, No. 1290.

A sum of Rs. 2-8-0 was claimed in the contingent bill of the Nellore division for December 1887, for "completing register in reference to the burial of Mary Anne Cope."

2. The audit of the claim was deferred for want of particulars of the charge and circumstances under which it was incurred and the rule which is held to sanction such a charge.

3. The Executive Engineer in reply stated as below :—

> "Copies of registers regarding the burial of Anne Cope were called for by the Superintending Engineer. As rule IV, section 3 of Appendix D, exempts only soldiers, &c., and not the Government from payment, the sum of Rs. 2-8-0 had to be paid."

4. It cannot, I think, be intended that fees should be charged to Government or to officials acting on behalf of Government; but the rule is not clear, and I beg that the orders of the Government of India may be obtained.

No. 20-D.

Referred to the Ecclesiastical Department for orders whether the Government are liable to pay a fee in such cases.

2. The copy of register regarding the burial of the wife of Sergeant Cope of the Public Works Department was required to complete a periodical return furnished by this department to the Adjutant-General.

(By order.)

Order—dated 26th July 1888, No. 108, Ecclesiastical.

The Government of India will be addressed.

(True Extract.)

(Signed) J. F. PRICE,
Ag. Chief Secretary.

To the Public Works Department.

Letter to the Secretary to the Government of India, Home Department, dated Ootacamund, 26th July 1888, No. 109.

With reference to rule IV, section 3 of the Ecclesiastical rules published with Home Department Notification No. 103, dated 20th June 1885, I am directed to inquire whether any fees are chargeable when registers have to be searched and copies of entries given on behalf of Government officers for official purposes. In the particular case which has given rise to this inquiry, a copy of the register regarding the burial of the wife of Sergeant Cope of the Public Works Department was required to complete a periodical return furnished by that department to the Adjutant-General. A fee of Rs. 2½ was demanded and paid, but the amount is held under objection by the Examiner of Public Works Accounts, pending the orders of the Government of India on this reference.

2. I am also to inquire to whom such fees should be credited, whether to Government or to the officer searching the registers. In the case under reference, the incumbent of the Nellore Church is said to have retained the fee.

(Signed) J. F. PRICE,
Ag. Chief Secretary.

Read—also the following paper :—

From J. P. HEWETT, Esq., Under Secretary to the Government of India, Home Department, Ecclesiastical, to the Chief Secretary to Government of Madras, dated Simla, 31st August 1888, No. 199.

I am directed to acknowledge the receipt of your letter No. 109, dated the 26th ultimo, and in reply to say that no fees are chargeable under rule IV, part III of the Ecclesiastical rules, when registers have to be searched and copies of entries given on behalf of Government officers for official purposes, and that therefore no fee should have been charged in the case referred to in your letter for furnishing a copy of the entry regarding the burial of the wife of Sergeant Cope of the Public Works Department.

2. I am to add, with reference to paragraph 2 of the letter under acknowledgment, that when fees are levied under the rule in question they are to be assigned to the Chaplain's clerk where there is one, or when there is no clerk, to the officers searching the register.

Order—dated 28th September 1888, No. 138, Ecclesiastical.

Recorded.

Supg. Engineer's Office, IV Circle,
Coimbatore 8th October 1888.

From
J. W. Martin Esqr,
Executive Engineer,
In charge IV Circle.

To
The Chief Engineer,
Public Works Department.

Sir,

Enclosure 1.

I have the honor to submit for sanction of Government an application for Stores manufactured in England and required to be purchased locally for works in the Nilgiri Division under clause 2 of the rules laid down in G.O. No. 1679 of 2nd July 1886.

I have the honor to be,
Sir,
Your most obedt. Servt.,
J. W. Martin
Executive Engineer,
In charge IV Circle.

Notes of an inspection at Dowlaishweram on the 9th March 1888, of the Cash Book in the Office of the Superintending Engineer, First Circle.

The charges as per Audited Contingent bills for three months were compared with the charges in the cash book, and it was seen that all vouchers had undergone audit in the Examiner's office.

2. The account of service postage labels requires more attention from the head clerk. This account should be verified at least as often as a fresh supply of labels is indented for, the book being then signed as "Examined and found correct." There are far too many corrections and some erasures in this book.

3. The printing press attached to the Superintending Engineer's Office keeps no accounts. That is to say one cannot tell from its records what jobs the press has done, what each job has cost, and the time each job has occupied. Moreover there is no present way of ascertaining what the quantity and value of each kind of type in stock should be. Perhaps

it

it might be well to include all the type on the Tools and Plant returns of the Godavari Eastern Division.

4. The working expenses of the press are correctly debited to office Contingencies: there are no receipts, no work being done for private parties.

Dowlaishweram, 12th September 1888

SIR,

With reference to your No. 843. 31-8-88 I have the honor to say that I do not see that G.O 2352-16-9-86 or any rule or regulation lays down that sanction of Government is required for printing done at a private press; nor does it seem to me that you are justified in calling on me for explanation of a sanction given by me within my powers.

2. In the particular case under reference the forms had to be printed in Telugu as well as English; the little press Establishment connected with my Office has no Telugu type (& this I have already several times informed you) & therefore it could not print the forms.

3. You may rest assured that I am just as anxious as you are to make the most use of the Press in connection with my office whilst I must claim the right to work it without frequent interference by those who are not acquainted with it & its capabilities; were it not for that right I would at once give up the press; it was started to be & has been, a convenience

and a help but it now seems to me it is likely to become, from interference by the Accountants branch, a trouble and an annoyance.

I have &ca. &ca.

Enclos: 2.

DOWLAISHWARAM, 12^e September 1888

SIR,

× No. 360 G dated 12-9-88.

* No. 843-31-8-88.

I have the honor to send for your consideration copy of a letter× which I have written to the Examiner in answer to one* from him (copy of which is enclosed) and I would ask you to read in connection with it para 2 of my letter to you No. 197-28-6-88.

2. It now seems to me that I had better give up the little printing press connected with my office, reluctant as I am to do so, because it has now most unfortunately come to form a cause of frequent Queries and trouble from the Accounts branch which appear to me to have no more valuable result than to occupy much time and to cause annoyance by their uselessness and petty interference with the administration of the Circle. Why should I be made, as has been the case, to over & over again

inform the Examiner why I have allowed printing to be done elsewhere than at the little press in my own Office? surely the interference of an Examiner is carried too far when he calls on a Superintending Engineer to explain to him so small a matter of Administration.

I have the honor to be,
Sir,
