

the absence of telugu type has been given twice only, once on the 1st. and once on the 4th. of the current month (September 1888), whilst my letter was dated 31st. August 1888. The information was given in the course of replies to disallowance list of the Godavari Eastern and Godavari Western Divisions for June 1888.

4. With regard to the Supg. Engineer's reference to his letter No. 197 of 28th. June 1888, I may point out that the question therein referred to was settled either by you or by Government; it has passed out of my hands and any questions that I may have to ask in connection with it can hardly with propriety be classed as "petty interference by the accounts branch". As a matter of fact all that I have done in the matter is to pass on a single set of questions asked by the Supdt. Government Press. Personally I should be only too glad if the matter could be dropped. I have no doubt that it will give me, personally, a great deal more trouble than it will ever give the Supg. Engineer.

5. With regard to the question of the telugu type, I scarcely like to venture a suggestion under the circumstances, and I hope that if the suggestion is passed on, it will not be as coming from me, but it seems to me worth while to consider whether, having regard to the extent to which telugu type must necessarily enter into local forms in the Godavari District, a font of telugu type would not be a useful addition to the press.

6. Since writing the above, I find that the Supg. Engineer mentioned in March last, in a reply to a disallowance list, that his press did not print in telugu type.
