be spared; but it is not easy—
as all our Range officers are fully
employed.

3. I shall be in Madura on
or about the 26th instant for about
a fortnight and think it would
be advisable if Colonel Pennycook
or one of his officers employed
on the work could make it con-
venient to see me and explain
more fully what is required.

Resolution.

Submitted to Government,
with reference to endorsement,
dated 21st November 1887, No. 7145,
and with the request that the
Public Works Department may
be addressed on the subject of
paragraph 3.

Proceedings of the Board of Revenue
(Land Revenue).

Dated 19th January 1888,

Forest No. 37, Mis.

J. H. Garstin Esq. C. S. I.

READ Endorsement of the Under Secretary to Government, P. D., dated 21st November 1887, No. 7145.

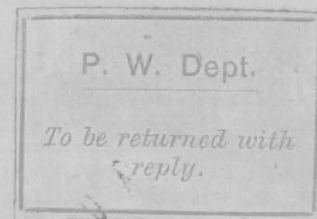

Read also the following letter from the Conservator of Forests, Southern Circle, to the Secretary to the Commissioners of Land Revenue, dated 7th January 1888, No. 2374.

Referring to reference on Forest General Register No. 1638 of 1887, I have the honor to state that the Collector of Madura informs me that he cannot spare the services of Mr. O. Keill, the Forest Ranger selected by Mr. Cherry for deputation under the Public Works Department in connection with the Garryan project.

2. I shall endeavour to select another suitable man who can
be

To The Rev. Dept (to be returned)

With order

Mem. No. 74 Sub

Sub 2

Let Perry make new & change
of the Perian Project considers
it advisable for a Forest
Ranger who has had
some experience in felling
timber & to be employed
for 4 months in the Project
at a cost of about \$320.
As a large quantity of
timber will be required and
as the P.W. Dept. Office
subordinates are fully em-
ployed in other work, I
agree with the Sup. & E.
that the employment of a
Forest Ranger is advisable.
It is of course understood
that this man will be entirely
under the orders of the Sup. & E.
and that the Forest Dept.
only send the necessary services
to the P.W. Dept. in payment,
to assist the latter Dept.
with regard to the measurement
of the timber &c., the Forest
Dept. having nothing to do
with the land in Forest
of the Perian Project.
I recommend the proposed
statement of establishment

Enclosure. /

Forwards for sanction
proposition statement
for a Forest Ranger
required for the new Perian
Project Division.

This must be sent to
as soon as possible

3
Rev. 469/88.

Forest Department have nothing to
do with the Perias forests and that the
Forest subordinate in question would
be entirely under my orders and form
one of the subordinate staff of the Project;
it never occurred to me to suppose any-
thing else. But it will be very desirable
for the Executive Engineer to have under him
a subordinate experienced in forest work
the more so as the upper subordinates
of the P. W. D. now employed in the
Division have their time fully occupied
with other work.

3 For this season he will only be wanted
up to the end of February, and if necessary
fresh arrangements can be made for
next season; I have therefore filled
up the enclosed proposition statement
for four months at Rs 80, but I see no
objection to going up to Rs 100 or even
Rs 120 if the Conservator of Forests thinks
it advisable.

I have the honor to be,

Sir

Your most obedient servant,

From Lt. Col. J. Penijewick R.E.
The Superintending Engineer,

6th Circle.

To

The Chief Engineer
for Irrigation
Madras.

Sir,

In reply to your R. No. ^{III} of 27th 11.11.87, I have the honor to state that the man I should propose to employ would be a Ranger whose present salary and fixed travelling allowance would I believe be about Rs 60 per month, and to this an addition of Rs 20 might be made as an inducement to undertake the work required, making a total of Rs 80; but the selection of the individual should be left to the Conservator of Forests and if he proposed a man on a slightly higher rate of pay I should have no objection as a slight increase in the pay given would be a trifling matter compared with the importance of securing a qualified man.

2 Of course it is understood that the
Forest
