Read—the following papers :—

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Nandyál, 20th August 1888, No. 1048.

I have the honor to inform you that it is considered advisable to carry out work on the estimate of Rs. 13,307 for re-roofing the verandah of the European Infantry married ranges, sanctioned in G.O., No. 3420 W., dated 15th December 1887, simultaneously with the estimate of Rs. 8,985 for repairs to the said buildings, for which provision is made in the lump sum grant of Rs. 41,000 sanctioned for "Repairs, Military" in the statement A appended to G.O., No. 1969 W., dated 2nd July 1888; but, as funds are not available under Original Works for the 1st work (*vide* item 69 in the statement B embodied in the said G.O.), I request that the following reappropriation of funds may be sanctioned with a view to the completion of both the works at the same time :—

From	RS.	*To*	RS.
Repairs, Military. Lump sum grant	41,000	Original Works. Re-roofing the verandah of the married range of the European Infantry barracks, estimate	13,307

No. 582 D.

Referred to the Military Department for the opinion of His Excellency the Commander-in-Chief on the proposed large reduction of the repair grant.

(Signed) J. O. HASTED, Colonel, R.E.,
Secretary to Govt., P.W.D.

Ootacamund,
27th August 1888.

From Brigadier-General M. PROTHEROE, C.B., C.S.I., Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 31st August 1888, No. 3160 A.

In returning the papers referred to the Commander-in-Chief under O.G. No. 5885 of 29th instant, I am desired to state that the Commander-in-Chief considers the work of re-roofing the verandahs of the European Infantry married ranges at Bellary to be practically a "Repair" work, though in consequence of its large cost, as compared with the value of the building, it has to be classed as an "Original" one.

2. His Excellency, therefore, considers that it is entirely a question for the Public Works Department to decide whether the urgency of the work is such as to warrant its being provided for in the manner suggested by absorbing a large sum out of the repair grant of the circle, that department alone being competent to decide whether the ordinary repairs of the circle will unduly suffer in consequence.

No. 6001, Military.

Transferred to the Public Works Department and the referred papers returned.

(By order.)

Ootacamund, (Signed) A. KENNEY-HERBERT, Brigdr.-Genl.,
3rd September 1888. Secretary to Government.

No. 617 D.

Referred to the Superintending Engineer, III Circle, for report whether the ordinary repair works of the division are likely to suffer by the large reduction in the repair grant proposed by him.

Ootacamund, (Signed) J. O. HASTED, Colonel, R.E.,
5th September 1888. Chief Engineer, P.W.D.

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Anantapur, 13th October 1888, No. 1444.

Referring to your endorsement No. 617 D., dated 3rd September 1888, I have the honor to report that a sum of Rs. 6,600 can be spared without much inconvenience from the repair grant, and I request that sanction may be accorded to the transfer of this sum to the head "Original Works, Military."

Order—dated 19th October 1888, No. 3331 W., Public Works.

The following reappropriation of funds is sanctioned under Imperial, Military :—

Order—dated 2nd July 1888 No. 1969 W., Public Works.

With the papers above recorded, the Superintending Engineers and the Consulting Architect to Government submit statements of demands under Imperial Military and Civil Works, in lump sum, against each division, for minor new works and repairs, and, in detail, for incomplete works of 1887-88 and for new works proposed to be undertaken in the current official year.

2. Under "Military," the demands for major original works amount to—

	RS.
Incomplete works	14,446
New works	52,475
Total ...	66,921

while the budget grant for incomplete major works amounts to only Rs. 15,973. Of this sum, Rs. 8,278 for incomplete works and Rs. 2,000 to meet payment of the honoraria referred to in G.O. No. 2810 W., dated 20th October 1887, have been allotted; and the balance (Rs. 5,695) has been transferred, in anticipation of sanction by the Government of India, to the grant for minor works, which will then exceed the average outlay of the five previous years on such works.

3. A sum of Rs. 3,820 has been allotted for completing the conversion of certain buildings in Fort St. George into barracks for sixty single men, as the special grant applied for in para. 7 of G.O. No. 1199 W., dated 23rd April 1888, has not yet been sanctioned by the Government of India.

4. The demands for minor works, ordinary, amount to—

	RS.
Incomplete works	10,896
New works	33,841
Total ...	44,737

and the budget grant for the purpose amounts to Rs. 20,000; but allotments, aggregating Rs. 2,489, having been already made, *vide* Proceedings of Government noted in the margin, the balance available for distribution is now Rs. 17,511. Adding to this sum, Rs. 5,695, transferred from major works, the total amount available for minor works will be Rs. 23,206. Of this sum Rs. 17,998 have been allotted for incomplete works of 1887-88 and for new works considered emergent; and the balance (Rs. 5,208) has been placed at the disposal of the officers commanding divisions and districts, to whom the Superintending Engineers should apply for funds for such works as are indispensably necessary.

Dated 19th April 1888, No. 1178 W.
" 21st May " " 1502 W.

5. The budget grant for minor ordnance works is Rs. 9,570. But the Director-General of Ordnance having transferred a sum of Rs. 58 to Burma, *vide* G.O. No. 1549 W., dated 25th May 1888, the balance available for allotment is Rs. 9,512, while the demands amount to Rs. 18,584 as shown below:—

	RS.
Incomplete minor works	576
Minor new works	16,385
Incomplete major works	1,623
Total ...	18,584

Allotments have been made to the extent of Rs. 7,079 for incomplete works of 1887-88 and for new works for which funds have been promised; and the balance (Rs. 2,433) has been placed at the disposal of the Inspector-General of Ordnance, to whom Superintending Engineers will apply for further funds required.

6. The amount reserved for military repairs is Rs. 3,00,000; but a sum of Rs. 2,370 having been allotted to the Godávari, Eastern Division, *vide* G.O. No. 1267-A.W., dated 1st May 1888, the amount now available is Rs. 2,97,630. As the demands under this head amount to Rs. 3,46,385, they have been reduced * so as to bring the allotments within the available grant.

* Statement A.

7. Under "civil works" the demands against original works, telegraphs, amount to Rs. 348; but in each case the demand is within Rs. 500, and it is on account of incomplete work of the previous year. Specific appropriation of funds is not, therefore, necessary, *vide* Code para. 1908, Part III. The budget grant of Rs. 4,000 for works under this head will, therefore, be placed at the disposal of the Director-General of Telegraphs, to whom Superintending Engineers should apply for funds, if required hereafter.

8. The allotments under postal and telegraph repairs will be found in Statement A. The demands under postal repairs have been reduced to Rs. 7,000 to bring the sum within the provision in the budget.

9. Ordered that a copy of these Proceedings be forwarded to the Government of India in the Military Department, with a request that the transfer of Rs. 5,695 from major to minor works referred to in para. 2 may be sanctioned at an early date.

From

QUARTER MASTER GENERAL,

To
THE SECRETARY TO GOVERNMENT,
MILITARY DEPARTMENT.

SIR,

In returning the papers referred to the Commander in Chief under G.O. No. 5885 of 29th instant, I am desired to state that the Commander in Chief considers the work of re-roofing the verandahs of the European Infantry Married ranges at Bellary to be practically a "repair" work, though in consequence of its large cost, as compared with the value of the building it has to be classed as an "original" one.

His Excellency therefore considers that it is entirely a question for the P.W. Department to decide whether, the urgency of the work is such as to warrant its being provided for in the manner suggested, by absorbing a large sum out of the Repair Grant of the Circle; that Department alone being competent to decide whether the ordinary repairs of the Circle will unduly suffer in consequence.

I have the honor to be,
Sir,
Your obedt. Servant,

Brigr. Genl,
Quarter Master Genl.
