From the Secy. to Govt. Mty. Dept.

NOTE OF REMARKS.

The necessary pumping
estimate amounting
to Rs 985 provided for
through repairs to
the European Deputy
Munro's Range, out
House & Campment
wall at Pillary.

The roof of the
Munro's Range is
stated to be in a
bad state, leaking
in many many places,
and requiring out-
standing repairs,
the European building
and Campment
wall are also in
need of urgent repairs.

It is therefore proposed
to dismantle the
roofing of the main
Range and to reconstruct
it with 1/2 new flat
tiles 1/3 new pot tiles
and tank rafters with
climatic boards.

The estimate provides
for 352.5 cft of tank
wood costing \$15.86
for new tank wood
rafters where necessary.

The floors of the main
& subsidiary buildings
and the compound
walls are to be painted.

The walls of the subsidiary
buildings and compound
are to be demolished
and rebuilt with
stone in mud.

The estimate provides
for other sundry repairs.
It is observed in the
estimate that provision
is made for demolishing
Bungab terrace roofing

of verandah. This
item apparently forms
part of the estimate
bearing current
