GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Land Revenue), dated 25th September 1888, Mis. No. 5761 :—

H. S. THOMAS, ESQ., F.L.S., F.Z.S.

Read—the following letter from L. R. BURROWS, Esq., Collector of Nílgiris, to the Secretary to the Commissioners of Land Revenue, dated Ootacamund, 7th September 1888, No. 396 :—

At the instance of the Public Works Department, a long narrow strip of land forming part of settlement Nos. C 92, 93, 94 and 95 of Ootacamund, owned by Gaviappan, was acquired for the purpose of constructing a masonry duct in connection with the improvement of the north water-supply channel. A tracing is enclosed showing the land acquired. The red line on sketch is the lower boundary of the duct, and Gaviappan has agreed not to plant trees within 15 feet from the red line on that portion of his lands which are still in his enjoyment. The area taken up has recently been demarcated and surveyed : and the sketch has been sent to the Survey Department for the extent being computed.

2. As compensation for the land taken up and for the agreement not to plant within 15 feet below the duct, it has been settled that Gaviappan should receive about three acres of Government land in C-99, marked on the accompanying tracing, subject to an annual assessment of 8 annas per acre—a rate which was approved in the case of the grant to Mr. Cowdell out of the same number in G.O., No. 531, dated 2nd June 1887, Revenue. I have the honor to request the sanction of the Board and Government to the above exchange. The Municipality and the Executive Engineer approve of the assignment recommended.

3. I must here mention that General Morgan, who is interested in Snowdon House, objected to the grant of the land to Gaviappan on the ground that if he built a hut on it, it would disfigure the locality and depreciate the value of Snowdon property. I submit that this objection on the part of General Morgan should not be upheld. The building of houses is sanctioned by the Municipality, and if ever Gaviappan applied for permission to build on the land recommended for grant, the Municipality would no doubt use its best discretion in the matter.

Resolution—dated 25th September 1888, Mis. No. 5761.

Submitted for the orders of Government.

2. The Board support the Collector's recommendation in paragraph 2. They also agree with him in the opinion expressed in paragraph 3.
