From F. J. WILSON, Esq., Executive Engineer, West Coast Division, to the Superintending Engineer, IV Circle, dated Calicut, 1st December 1887, No. 719.

The Deputy Assistant Quartermaster-General, Southern District, having intimated to me that there are no funds at the disposal of the General Officer Commanding the District for constructing markers' and stop butts at West Hill range at Calicut, estimate for which was sanctioned in Circle Register No. 60 of 1887-88, I have the honor to request that you will be good enough to obtain an allotment of Rs. 320 for the same as the work is considered urgent, the Officer Commanding, Calicut, having received orders for putting the detachment through the annual course of field practices.

No. 487 E.W.

Copy submitted to the Chief Engineer, Public Works Department, with a request that he will be good enough to obtain an allotment of Rs. 320 to enable the Executive Engineer to put the work in hand.

COIMBATORE,
7th December 1887.

(Signed) J. BEATTY, Colonel, R.E.,
Superintending Engineer, IV Circle.

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 12th December 1887, No. 492 E.W.

With reference to G.O., No. 3163 W., of 22nd ultimo, I have the honor to report that I have not yet received the revised estimate of the apothecaries' quarters at Wellington from the Executive Engineer, Nilgiris, but am daily expecting it. Meanwhile, he has telegraphed that it amounts to Rs. 18,500; consequently, I presume it will have to go to the Government of India for sanction, which would be received too late for much expenditure this year. I think it best therefore to surrender at once the sum of Rs. 5,000 mentioned in the Government order. If the estimate be sanctioned and permission given to commence work, say, in February, arrangements may be made and work actually begun in March, payments being deferred till after 1st April.

ORDER—dated 20th December 1887, No. 3491 W., Public Works.

The following transfers of funds under Imperial, Military, are sanctioned, pending the approval of the Government of India, which will be separately applied for:—

From	To	RS.
Double apothecary's quarters at Bellary.	Minor Works, Bellary division	2,980
New workshops in the Arsenal at Bellary.	Do. West Coast do.	320
Apothecaries' quarters at Wellington	Do. Presidency do.	5,000
Total	Total	8,300

2. With reference to letter from the Superintending Engineer, III Circle, No. 1345, dated 8th October 1887, printed with G.O., No. 2879 W., dated 25th October 1887, the Government of India have already been requested to sanction an additional grant of Rs. 6,000 for repair works in the Bellary division. It is therefore

not considered desirable to apply for a further grant of Rs. 10,000 now demanded under Repairs.

3. A sum of Rs. 150 is allotted to the Bellary division from the reserve with the Government under Imperial, Civil Works, Postal, Repairs.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Cuddapah, 9th December 1887, No. 1831.

With reference to paragraph 3 of G.O., No. 2879 W., dated 25th October 1887, I have the honor to request that the following modification of allotments may be sanctioned under Imperial, Military and Civil, Original Works and Repairs:—

From	Amount not required. RS.	To	Amount required. RS.
Double apothecary's quarters at Bellary, G.O., No. 1617 W., dated 15th June 1887	158	Minor Original Works	3,300
New workshops in the Arsenal, G.O., No. 2879 W., dated 25th October 1887	3,142		
Total	3,300	Total	3,300

The first work was completed and the accounts were finally closed. The sum now asked for under Minor Original Works is necessarily required to cover outlay on a few works originally sanctioned under Repairs and paid for having had to be written back to Original Works, and to the marginally noted works having been carried out on emergency in anticipation of sanction of estimates which have been since forwarded to military authorities for transmission to Government.

2. Repairs	10,000
------------	--------

This demand is unavoidable owing to the works required for the second battery of artillery sent to the station, and to a final bill* to be paid for the fort repairs, as well as the special repairs to cantonment roads, which, neglected for many years, were almost impassable after the heavy rain at
