OFFICE NOTE No. 2164

To

W.

From certain correspondence

in connection with charges for
stamps and registration made by the
Executive Engineer West Coast Divi-
sion, I find that he has taken up
a piece of land at Korandur for
constructing a temporary inspection
shed, which is apparently to be
maintained as long as the repairs
of the Calicut Vayitri road are
carried on by this department.

2. The use of the land was
not acquired, through the civil
department but directly by the
Executive Engineer, on his own
responsibility, on the condition of
an annual payment of rent of Rs. 4
which he has paid since February
1886.

3. The Executive Engineer

appears to have executed some form of lease, as to the provisions of which I have no information; and he also appears to have executed some document acknowledging possession or ownership of the land in question by the other party.

4. Code para 1276 authorizes the temporary occupation of land by direct negotiation for purposes such as digging kaukar or pits, but it seems very doubtful whether this rule covers ^{the} case now in question, and I therefore solicit the orders of Government, as to the authority under, and the agency by, which land should be acquired for purposes such as that referred to in para 1 above.

at Rs 4, chargeable to the Calicut Hajitri Road, comes under Code para 1276, whereas that a sub-head "rent of land for Inspection shed" appears in the Estimate for the Shed, and the charge seems to fall under the Para quoted.

2 The shed is of temporary construction with thatched Roofing. When replaced by a permanent building the land would have to be acquired.
