READ—the following paper :—

From W. HUGHES, Esq., Executive Engineer, in charge of VI Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 27th October 1888, No. 1669 T.J.

With reference to your No. 4083 C., dated 22nd instant, ordering surrender of such portions of grants as cannot be utilized within the current official year, I have the honor to state that, as matters stand at present, I cannot surrender any portion of the grants, except the balance Rs. 3,457 of the grant for the Taluk Cutcherry at Kumbakonam, and a sum of Rs. 500 from the grant for tools and plant, under Provincial, in the Tinnevely division, but these sums are required for other works in hand in the circle. Executive Engineers hope to utilize fully the grants now at their disposal. I have, however, pointed out to them the works which are considered to make slow progress, and asked them to give up at once any portions of grants for those works that cannot be spent.

2. I request sanction to the undermentioned transfers under Provincial for the present :—

3. Item (1).—The revised estimate has not yet been sanctioned, nor has the site been yet finally settled.

Item (2).—The full amount of Rs. 1,000 granted for the current year is not required, hence Rs. 500 are given up.

Item (3).—The work is in steady progress, the additional sum is required to complete it during the current year.

Item (4).—The original grant of Rs. 600 has been found inadequate. Repairs to the Sub-division officer's bungalow at Shermadevi and to Sub-Collector's quarters at Tuticorin are considered urgent; payment of municipal tax on public buildings is also to be met from the sum applied for.

Items (5) and (6).—The transfer proposed is to meet the excess outlay incurred on minor works.

ORDER—dated 2nd July 1888, No. 1968 W., Public Works.

With the papers above recorded, Superintending Engineers and the Consulting Architect to Government submit statements of demands under Provincial for incomplete works of 1887-88 and for minor new works, repairs, and tools and plant for 1888-89.

2. The provision in the budget under "Reserve" was Rs. 2,27,213, and it has been since reduced to Rs. 2,20,957 with reference to modifications of grants subsequently sanctioned. Adding to this Rs. 2,665, the total of the amounts resumed from the grants already provided for items 15, 47 and 50 of statement B printed with these Proceedings, the sum available for distribution is Rs. 2,23,622.

3. The demands under original works amount to—

	Rs.
Incomplete major works	1,87,571
Do. minor works	6,020
Do. Registration works	11,343
Do. Police works	10,298
Lump sum for minor works	53,094
Total	2,68,326
New major works	58,226
Do. minor works	16,688
Do. Registration works	28,707
Do. Police works	30,733
Total demands	4,02,680

4. The allotments sanctioned under original works are detailed in statements A and B, and they amount to—

	Rs.
Incomplete major works	93,352
Do. minor works	4,735
Do. Registration works	11,027
Do. Police works	10,298
Lump sum for minor works	53,094
Total	1,72,506
New major works	31,898
Do. minor works	5,402
Do. Registration works	2,360
Do. Police works	
Total allotments	2,12,166

5. The demands under incomplete major works include additions to allotments already provided in the budget, but these demands have not been complied with, with the exception of items 49, 67 and 69, as it is now too soon to consider the question of supplementing budget grants. Funds have been provided for all other incomplete works brought forward by Superintending Engineers and the Consulting Architect to Government. The sum of Rs. 1,378 required for completing the cart stands on the road from Kullar to Ootacamund has not been provided as the Government decline to allow any more money to be spent on the work.

6. In the case of new works, grants have been provided only for those the urgency of which has already been brought to the notice of Government, and for which provision of funds was promised to be considered when disposing of the demands on account of incomplete works.

7. The marginally noted works should have been included in the Superintending Engineers' budget-estimates for 1888-89. Funds have now been allotted to them with much inconvenience, as the small reserve with the Government is intended chiefly for such incomplete works as were expected to be completed before 31st March 1888, but were delayed owing to unforeseen causes.

- * Item 30. Additions and alterations to the District Jail, Cuddapah.
- Item 43. Water-supply of northern section, Ootacamund.
- Item 46. Public offices, Ponani.

8. The Superintending Engineer, V Circle, applies for a sum of Rs. 10,694 for expenditure during the current official year on "widening the Elephant Gate Bridge, Madras." With reference to G.O., No. 1090 M. (Local and Municipal), dated 22nd October 1887, the Financial Department will be requested to place the amount at the disposal of this department.

9. The demands under "Repairs" and "Tools and Plant" and the allotments sanctioned against them are shown in statement A. The demands under Communications and Miscellaneous Public Improvements being in excess of the budget provision under those heads, a sum of Rs. 8,570 has been transferred from the budget provision under "Civil Buildings," viz., Rs. 6,370 to "Communications" and Rs. 2,200 to "Miscellaneous Public Improvements," and the demands under Tools and Plant have been reduced to bring the total sum within the budget provision, Rs. 43,742.

10. A sum of Rs. 5,200 is appropriated from the "Reserve" to meet the increased provision under Tools and Plant, London supplies, with reference to the indents alluded to in G.Os., Nos. 1467 W., dated 18th May 1888, and 1965 W., dated 2nd July 1888.

To

The Chief Engineer
P. W. D.

Sir,

ENCLOSURES.

With reference to your No. 4033C dated 22nd Instant, ordering surrender of such portions of grants as cannot be utilised within the current official year, I have the honor to state that, as matters stand at present, I cannot surrender any portion of the grants, except the balance Rs 3457 of the grant for the Saling butchery at Kumbakonam, and a sum of Rs 500 from the grant for Tools & Plant, under Provincial, in the Sinnerelly Division, but these sums are required for other works in hand in the circle. Executive Engineers hope to utilise fully the grants now at their disposal.

I have however pointed out to them the works which are considered to make slow progress, and asked them to give up, at once, of any portions of grants for those works ^{that} cannot be spent.

2. I request sanction to the undermentioned transfers, under Provincial, for the present:—

Item (2). The full amount of Rs 1000 granted for the current year is not required, hence Rs 500 are given up.

" (3) The work is in steady progress, the additional sum is required to complete it during the current year.

" (4) The original grant of Rs 600 has been found inadequate - Repairs to the sub-Dⁿ officer's Bungalow at Shermadevi, and to sub. collector's quarters at Tuticorin, are considered urgent, payment of Municipal tax on Public buildings is also to be met from the sum applied for.

" (5 & 6) The transfer proposed is to meet the excess outlay incurred on minor works.
