Superintending Engineer's Office

For orders with
reference to Chs 2174 w
d/17 July 1885.

I think the umbrellas
might be allowed - there
is nothing in the RO quoted
that would make the
Sanitation order of, inconsistent.

Mr de Winter asked for
a 2nd umbrella for each
of his persons; in the present
case the total charge is
2nd for the whole office, &
there are reasons given for
the increase.

From

Superintending Engineer,

To

The Chief Engineer,
Public Works Department,

Sir,

Madras.

I have the honor to bring to your notice that a sum of Rs 2-0-0 was paid by this office for palmyra leaf umbrellas for the use of the lascars of this office, in the month of August 1888, as was the practice hitherto, and the claim was included in the Contingent Bill for the above month. The Examiner of P. W. Accounts disallowed it under the authority contained in G.O. No. 2174 W. of the 17th July 1888.

2. The umbrellas are supplied to the lascars not for their personal convenience, but for the safety of the Government Coves and packets &c which they have to convey to & fro, especially in this Circle from my office which is $1\frac{1}{2}$ miles from the Town of Bezwada and consequently from all other offices.

3. I request, therefore, that the
Examiner may be authorized to pass the
above charge as a special Case. In
future such purchases will not be
made if considered objectionable.

I have the honor to be
