19TH OCTOBER 1888, No. 780, FINANCIAL.

GOVERNMENT OF MADRAS.
FINANCIAL DEPARTMENT.

READ—the following paper:—

From E. W. KELLNER, Esq., Offg. Accountant-General, to the Chief Secretary to Government, dated Fort St. George, 8th October 1888, No. 3043.

In continuation of my letter, No. 2470, dated the 21st August 1888, I have the honor to forward copy of letter from the Government of India, stating that the rule prohibiting the employment of persons above the age of 25 years in the Uncovenanted Service does apply to inferior servants.

ENCLOSURES.

From L. P. SHIRRES, Esq., Officiating Under Secretary to the Government of India, Department of Finance and Commerce, to the Accountant-General, Madras, dated Simla, 26th September 1888, No. 5248.

In reply to your letter, No. 2471, dated the 21st August 1888, I am directed to say that the order prohibiting the admission ordinarily to the Uncovenanted Service of persons who have passed the age of 25 years, applies to inferior servants. I am also to forward to you a copy of the Resolution in this department, No. 5247, dated 25th September 1888, regarding the application of the revised proviso to section 115 of the Civil Pension Code in the case of inferior servants.

RESOLUTION of the Government of India, in the Department of Finance and Commerce (Pensions and Gratuities), dated Simla, 25th September 1888, No. 5247.

Read—

Letter of the Government of India in this department, No. 1355, dated 13th March 1888.

Resolution—

In the first paragraph of the letter read above, it was directed that the proviso to section 115 of the Civil Pension Code published in the notification by this department, No. 414, dated the 25th January 1888, should be applied only in the case of pensions granted on the new scale. By this order, it was intended that the revised proviso should be regarded as part of the new rules, and should not be applied to pensions for "superior" service on the former scale, but it was not intended to restrict its application to pensions for superior service. As, however, it appears that these orders have been misunderstood, it is considered necessary to explain that the proviso should be applied also to pensions on the "inferior" scale, in accordance with Rule 4, section 121, of the Civil Pension Code.

Order—

Ordered, that this Resolution be communicated to all Accountants-General for information.

(Signed) L. P. SHIRRES,
Offg. Under Secy. to the Govt. of India.

ORDER—dated 19th October 1888, No. 780, Financial.

Communicated to the Public Works and other departments of the Secretariat.

(True Extract.)

J. F. PRICE,
Ag. Chief Secretary.

To the Public Works Department (with office note from Examiner, Public Works Accounts, returned).

No. 1127G.

Simla, the 12th October 1888.

Read the following

Note by Major A. G. BEGGIE, R.E., Officiating Accountant General, Public Works Department.

MADRAS.

(XXXI and 44—Military Works—Imperial.)

Finance Accounts for 1887-88.

The Revenue and Expenditure under the head Military Works in Madras during 1887-88 are compared in the following abstract with the actuals of the previous year and with the Budget and Revised Estimates :—

Major heads.	Fund.	1886-87.	1887-88.		
		Actuals.	Budget Estimate.	Revised Estimate.	Actuals.
		Rs.	Rs.	Rs.	Rs.
Revenue.					
XXXI—Military Works	Imperial	23,984	25,000	25,000	26,973
Expenditure.					
44—Military Works	Imperial	5,67,207	5,50,000	5,73,500	5,28,310

Revenue.

2. The revenue is better than that of the previous year by Rs. 2,989, owing to increased receipts from rents of buildings and sales of old materials having been credited during 1887-88. The realisations have exceeded the Budget and Revised Estimates respectively by Rs. 1,973.

Expenditure.

3. The decrease of Rs. 38,897 in the expenditure, compared with that of the previous year, is mainly due to larger grants having been assigned during 1886-87 for the following classes of buildings :—

- I.—Buildings for Native Infantry.
- II.—Staff and miscellaneous buildings.
- III.—General Cantonment works.
- IV.—Fortifications.

The decrease in the outlay is also due to the repairs grant not having been so well worked up to as in the previous year.

4. The actuals compare favourably with the Budget Estimate, the lapse of Rs. 21,690 representing only 3.9 per cent. of the grant.

The lapse of Rs. 45,190 on the Revised Estimate is attributed to the late date on which certain additional grants for repairs were sanctioned, savings on completed works, and postponement and stoppage of work owing to unavoidable causes.

II.—Comparison of outlay under departmental heads.

5. In the following table the expenditure is exhibited under departmental heads, in comparison with the actuals of the previous year and estimates :—

	1886-87.		1887-88.	
	Actuals.	Budget Estimate.	Revised Estimate.	Actuals.
44—MILITARY WORKS.				
Imperial.	Rs.	Rs.	Rs.	Rs.
Original works	1,45,707	1,42,600	1,41,395	1,30,574
Repairs	3,11,795	3,00,000	3,18,242	2,93,110
Establishment	1,06,754	1,03,000	1,06,979	98,303
Tools and Plant	4,589	4,400	6,884	6,323
Total Imperial Military ...	5,68,845	5,50,000	5,73,500	5,28,310
Deduct Expenditure in England ...	1,638	...	...	...
Net Expenditure in India ...	5,67,207	5,50,000	5,73,500	5,28,310

6. The principal items which make up the lapse of Rs. 10,821, on the grant for original works, are noted in the margin. The short outlay on item (1) occurred in consequence of gymnastic apparatus not having been supplied by the Gun Carriage Factory; that on the second item represents the amount retained as security from the contractor for the completion of the work.

7. The short outlay of Rs. 25,132 under repairs is attributed chiefly to inability to utilise an additional grant for repairs in the Presidency Division owing to the late date on which it was sanctioned.

8. The charge of Rs. 98,303 for establishment represents 5 per cent. on the revenue credited to XXXI—Military Works, plus 23 per cent. on the outlay incurred by departmental officers on works and repairs. The debit of Rs. 6,323 to tools and plant has been made at the prescribed percentage of 1½.

In calculating the charges to these two heads, a sum of Rs. 1,638, representing the amount credited during 1886-87 to expenditure in England, has been deducted from the outlay on works and repairs. This amount was inadvertently not taken into account in arriving at the percentage charges during the previous year for establishment and tools and plant. Under instructions from this office, the necessary adjustment has been made in the accounts under review.

9. Contributions.—From this source, outlay to the extent of Rs. 3,726 was incurred and recorded against a revised estimate of Rs. 3,810.

III.—Subsidiary Accounts.

10. The Capital and Revenue Account of buildings for the past year has not been submitted with the Finance Accounts as prescribed, but the Examiner, Public Works Accounts, states that it will follow. The financial results will be communicated on receipt of the return.

IV.—Suspense Accounts.

11. There are no suspense balances under the head 44—Military Works in Madras.

V.—Irregularities.

12. At the close of the year, the only important irregularity in these accounts was the construction of the new workshops in the Beilary Arsenal on which expenditure to the extent of Rs. 6,888 had been incurred in the absence of a sanctioned estimate. The work was considered emergent, and was undertaken under the authority of the Local Government. An abstract of the irregular expenditure in regard to both estimates and appropriations is given below :—

No. ESTIMATE.		EXCESS OVER ESTIMATE.			No. APPROPRIATION.	
Number of Works.	Amount expended.	Number of Works.	Amount of Estimate.	Excess.	Number of Works.	Amount expended.
	Rs.		Rs.	Rs.		Rs.
3	7,711	3	6,890	4,411	1	1,018

A. G. BEGBIE, Major, R.E.,

Off. Accountant General

To The Military Department.

Order.

Ordered that a copy of the above be forwarded to the Secretary to the Government of Madras, Public Works Department, for the information of His Excellency the Governor-in-Council.

By order,

J. E. Broadbent Major,

Off. Secy. to the Govt. of India.
