GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—File of returns from Covenanted Civil Servants, Military officers in Civil employ, Public Works officers, &c., of lands and shares in registered companies held by them during 1887.

ORDER—dated 31st October 1888, No. 1029, Public.

Mr. H. G. Turner, C.S., Surgeons-Major A. L. Hackett and J. Smith, and Lieutenant-Colonel Campbell-Walker, will be requested to expedite the reports called for from them in G.O., 23rd April 1888, No. 433.

2. The case of Mr. Barlow, C.S., is at present under correspondence with the Government of India, and separate orders have been passed regarding the property at Ootacamund formerly held by Mr. H. W. Bliss, C.S., and now owned by his wife.

3. Mr. C. H. B. Burlton, Executive Engineer, Public Works Department, appears to have acquired ten acres of land in North Travancore on which he is growing cinchona. Mr. Burlton will be called upon to divest himself of this property without delay, and to explain his breach of rule.

4. Lieutenant-Colonel D. Heming, Madras Police, owns three blocks of waste land on the Palni Hills, the aggregate extent of which is about 25 acres. The land is said to be intended for building purposes, but has not yet been utilized. Colonel Heming's investment is only objectionable if it is speculative, i.e., if he does not hold the land with the intention of building a residence for himself, but with a view to making money by selling building sites to others. He will be requested to report upon this point. Twenty-five acres is a large plot for one house, even if all three blocks are contiguous.

5. The other returns do not call for special remark.

The General Officer Commanding

It is hereby notified for general information that Non Com Officers and Soldiers serving with their corps who may be permitted upon the recommendations of Medical Boards to accompany their sick wives to England under the provisions of para 395 Transport Regulations Part I are entitled also to free passages to the port of embarkation.

Under a recent ruling of the Government of India however Non Commissioned Officers on the Unattached List who are not available for transfer to the home establishments, do not share in this concession and are not allowed to accompany their sick wives to England except under the following circumstances
(1) If recommended for leave on Medical Certificate when they become entitled to free passage by sea and to free passage by rail to the port of embarkation and
(11) If granted furlough on private affairs, when they may be granted non-regulation passages by ship or ship under the decision recorded in O.G. (Military Dept) No 419 dated 29th November 1887 paying their own railway fares to and from the port of embarkation.

General.
Account.

READ—the following papers :—

From J. HANNAN, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Bezvada, 29th August 1888, No. 1328 K.S.

I have the honor to forward herewith, for your approval and sanction of Government, a statement of stores manufactured in Europe, but to be purchased in India during the quarter ending 30th September 1888, and to state that the greater portion of the iron stores required are for the shutters and shutter gearing for irrigation and surplus sluices on the Ellore canal, the revised estimate for which was lately sanctioned. As they are urgently required, the favor of obtaining the early sanction of Government is solicited.

No. 3348 C.

Referred to the Superintending Engineer, V Circle, for favor of early report whether any of the articles can be supplied from the Public Works Stores.

(By order.)

(Signed) W. L. C. BADDELEY, Captain, R.E.,
4th September 1888. Dy. Chief Engineer, P.W.D.

From Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chépák, 18th September 1888, No. 2600.

In returning your endorsement No. 3348 C., dated 4th September 1888, I have the honor to state that the articles marked with blue pencil in the statement of the Superintending Engineer, II Circle, are available for immediate issue. These have been received from England for the Kistna Eastern division.

2. I also forward two lists of articles received from England for the Kistna Eastern division, now ready for issue. Indents for issuing these have been forwarded to the Executive Engineer by the General Superintendent for signature.

ORDER—dated 27th September 1888, No. 3040 W., Public Works.

The local purchase of such of the articles entered in Mr. Hannan's list as are not available in the Public Works Stores is sanctioned.

2. Before proposing the purchase in the local market of stores of European manufacture, Superintending Engineers should satisfy themselves that the articles are not available in the Public Works Stores.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 13th Nov 1888

READ the following

Office Order from the P. W. D. A. C. No. 2503 of 30 October 1888

PPH
8 Nov

Explanatory note for the information of the Honble Members

Col. Gasked, as Chief Engineer, under the authority delegated in him by Govt. (see G.O. in his No. 3765 C of 6 Oct. 1888) sanctioned the carriage of Mr. Walsh's 2 horses from Cocanada to Madras at the public expense; He has not left on record his reasons for doing this, but I consider the following were the reasons, and I agree with them. Mr. Walsh was ordered from the charge of the Circle to Madras to take up the appointment of Chief Engr. for irrigation, and I hold it was necessary and advisable that he should join very quickly and ready equipped for urgent duty, because as Chief Engr. for Irrig., in case of accident to any important irrigation works, it would be necessary for him to proceed at once and inspect them; and to do this it was necessary that he should have his horses with him.

His Excellency the Governor in Council sanctioned, under Chapter III Section 12 of the Civil Travelling Allowance Code, the actual cost of the carriage of 2 horses belonging to Mr. Walsh, Suptg. Engineer, from Cocanada to Madras.

W.M.
5.11.88

W.M.
5/11/88

II To refer the matter to the Govt. of India; suggesting that the Special Commissioner of the local Govt. should of itself be sufficient, each case being judged on its merits.

III For Govt. to pass order on the subject, leaving the treatment to be taken by the A.C. if he thinks fit.

In this connection it may be as well to compare the practice in the D. W. with that of other Civil Servants.

W.M.
2.11.88

W.M.

C.A.H.

The note by E. C. & the draft G.O. will go to H.M.; no action need be taken on the remainder of the memorandum G.O.

W.M.
5.11.88

For orders.

O.W.C. 11/11/9

The practice of the P.W.D. is now quite in conformity with that of other sects in this respect. Under the rule the special sanction of the local fort is sufficient. The matter is simply one of discretion with reference to all the circumstances - distance, time necessary for marching & time allowed for journey & the decision of Fort is final.

Here no decision has been given by Fort: only that of the Chief Engineer. If there are any special circumstances which warrant the application of the rule they should be stated, but we can't treat a Chief Eng. differently from officers of lower grade.

W.H.
3200

On the transfer of Mr. Hatch from the 1st Co. 1st Regt., the Chief Engineer, under the powers delegated to him by Genl., in accordance with rule I Section 12 of the CTA Code, sanctioned the carriage of Mr. Hatch's two boxes from Cremona to 1st Regt.

The Examiner considers the sanction irregular vide his rule 2503 of 30-10-88.

It would seem sufficient, in every case under the rule in question, if the sanction of the Genl. be obtained, either directly or through the Chief Engineer; but as the Examiner requires to be satisfied on each occasion, that the circumstances of the transfer are such as to merit the special proceeding very graciously &c &c., there are apparently three courses open.

I To leave the rule as it stands, in which case this will almost invariably be put to rest on paper on transfer, which probably is not the intention of the rule.

N. 3507 Cal 17.9.88
3765 C of 6.10.88

O.W.C. 11/11/9

13/11/88

The above is a copy of the letter from the Chief Engineer to the Examiner, dated 11/11/88, regarding the transfer of Mr. Hatch. The letter states that the Chief Engineer has sanctioned the carriage of Mr. Hatch's two boxes from Cremona to 1st Regt. The Examiner has considered the sanction and considers it irregular. The Examiner has also considered the circumstances of the transfer and has decided to leave the rule as it stands. The Examiner has also decided to put the matter to rest on paper on transfer, which probably is not the intention of the rule.

DOWLAISHWARAM, 7th September 1888

SIR,

In forwarding herewith copy of a letter no 105 dated 5-7-88 from the Collector Godavari with a copy of G.O no 776 R.D. dated 24-7-73 furnished by that Officer sanctioning the transfer of Sub Magistrate's Cutcherry from Sivakodu to Razole in the Godavari Central Division pending the erection of a new building, I have the honor to inform you that no orders appears to have been passed in this Department as to the preparation of an estimate for a new building-

2. Under the urgency stated by the Collector I have ordered the Executive Engineer to submit an estimate for the building-

I

I have the honor to be,
Sir,
Your most obedient servt.

Enclosure to M/6028 of 7-7-88 to the Chief Engr P.W. S.
Proceedings of the Madras Government
Revenue Department - 24th July 1873

N^o 218. Read the following proceedings of the
Board of Revenue, dated 20th May 1873 N^o 837.

Read the following letter from W. S. Foster Esq.
Ag. Collector of the Gadawari District to
J. Grose Esq. Secretary to the Board of Revenue
dated Secanada 3rd April 1873 N^o 77.

I have the honor to forward herewith copies
of the District Engineer's letter of the 17th Ultimo,
N^o 1255 and its enclosure on the subject of re-
pairing the ^{the} Tahsildar's Office at Sinacodu.

2 The Board will observe that the Range
Officer considers that it would be waste of
money to repair the present building and
that the construction of a new one is necessary.

3 The Range Officer says that Sinacodu is
very low and always damp, and the soil is
impregnated with salt, and recommends that
the ^{the} Tahsildar and Sub-Magistrate's Head
quarters be removed to Rayole. The late ^{the} Ag.
Collector, on General Duty R. Kurma Rao Naidu
gar has also made a similar proposition.

4. Rayole is, as it were on a line of road leading
to Kursapur, and is situated on the side
of a canal going to Rajahmundry, and
elsewhere

2
Nov 64 86/88

elsewhere. The soil is good, and the place is healthy.

5. Under these circumstances, I request that the Board will recommend the transfer of the Sub-Magistrate's Office to Rayole, and the construction of an Office building at the place.

6. I think an acre of land is required for the site of the building at Rayole, and, I believe, it would cost, as between one and two hundred rupees, and I only make the proposition in case funds are available to meet the extra cost.

Enclosure No. 1

From Lieut. Col. J. F. Fischer R.E. District Engineer, Godavari, to W. S. Foster Esq. Ag. Collector of the Godavari District, dated Basaishwaram 17th March 1873 No. 1255.

In forwarding herewith copy of a letter No. 183, dated 1st March 1873, received from the Officer in charge of No. 2 Range Godavari, regarding the proposed outlay on the Sinakodu cutchery, I have the honor to request you will be good enough to consider the matter and furnish me with your opinion before the repairs and improvements sanctioned to the present building ^{at} Sinakodu are undertaken. In the event of your con-
-curring with Mr. Mr. Ellis, a fresh estimate will have to be framed for the erection of a new

new building either at Sinakodu or Rayole, as you may deem it necessary.

(True copy)

Sd/ W. S. Foster

Ag. Collector.

Enclosure, in No. 1.

From Mr. J. W. Ellis Supervisor in charge No. 2, or Central Belta Range, Godavari to Lieut. Col. J. F. Fischer R.E. District Engineer Godavari, dated Gunmaraw 1st March 1873 No. 183.

With reference to your memorandum No. 1036, I beg to inform you that any repairs or additions to the Sinakodu Sub-Magistrate's cutchery will be but so much money thrown away. The present building is a dirty, old, dilapidated native shed, which should have been condemned years ago. Sinakodu is itself unsuited for a Sub-Magistrate's head quarters, as it is very low, and always damp; soil is much impregnated with salt. I recommend the cutchery being removed to Rayole, and a new building erected there.

(True copy)

Accompaniment to G.O., No. 1602 W., dated 15th June 1887.

DEPUTY TAHSILDAR'S CUTCHERRY.

DESCRIPTIVE SPECIFICATION.

Foundations.—A depth of 4 feet is provided in the quantities, but this should be settled locally in accordance with the nature of the soil.

Walling.—The walls should be built in English bond, outer walls 2 bricks thick, partitions 1½ bricks thick, verandah walls 1 brick thick, except under posts which will be half a brick thicker.

Stonework.—Stone slabs 12" × 12" × 6" with mortice holes 2 inches square and 2 inches deep cut into them into which the verandah posts will be tenoned. Slabs will also be placed at the bearings of trusses. The steps may also be of stone, if procurable without great expense.

Woodwork.—The doors, windows, weather boards, verandah posts and trusses should be of well seasoned teakwood, the rafters and other minor roof timbers may be of approved country wood.

Roofing.—The roof will be covered with flat and pan tiles; if the quantity of these are good, the usual unsightly "chunam bands" might be dispensed with. All valleys should be protected with sheet lead.

Flooring.—The floor may be of square bricks or stone slabs, if the latter are easily procurable. Asphalte flooring is provided for jail wards.

Interior and exterior finishing.—The interior walls will be fine plastered with shell lime or plastered and washed. Where good bricks are obtainable the exterior should be pointed.

NOTE.—Where the soil is damp, the space below the flooring should be filled with river sand to a depth of 1 foot at least.

The interior walls to a height of 3 feet above floor level and the plinth all round should be plastered with Portland cement ½ an inch thick.

Finials.—The finials over the court may be of copper, iron or wood.

The different kinds of work to be done will be executed in conformity with the standard specification of the Public Works Department.

(Signed) J. W. BRASSINGTON,
Offg. Consulting Architect to Government.

by the order ~~of~~
up

2. With regard to item No. 2 of the list, the separate items being all part and parcel of a single article (Crab winch and fittings) it would apparently be improper to apply the Rs. 50 limit to each item separately.

3. I think therefore that the Executive Engineer Nilgiri Division should submit a formal application for the sanction of Government to the local purchase of the articles in question.

With regard to item No. 1, pipe wrench and cutter combined for Government House Water supply, the exemption in the note to rule 2 of Appendix G of the P.W.D. Code applies only to expenditure against the annual grants for furniture (the only annual grants that there are) and therefore does not apply to the purchase now under reference which was charged against the grant for completing Government House Ootacamund. I would also point out that a similar sanction was required and given for the purchase of some wrought iron piping for the same work in G.O. No. 2462 W. dated 13th. August 1888.

COIMBATORE.

SIR,

In reply to your endorsement N^o 386 of
27th ultimo on G.O. N^o 2572 W of 21st August 1888,
I have the honor to state as follows:—

Item 1 of the Statement I did not con-
sider it necessary to apply for Govern-
ment sanction for the local purchase
of the articles referred to in the above item,
under the ruling contained in Code ap-
pendix G. Rule 2 note, as they were re-
quired for the residence of H. E. The Go-
vernor at this station, nor can I find
any instances on record in which simi-
lar sanction has ever been required.

Item 2. The value of the articles
detailed

1. detailed here is Rs 50 each and below
so that, I did not consider, that in this
instance also, such sanction was
necessary under the same Appendix,
Note 1 introduced by Standing Order
No 157 of 21 July 1887. to para 3.

2. I request therefore, your instruc-
tions in the matter and on receipt thereof
requisite application will be submitted
to obtain the sanction in question.

I have the honor to be,
Sir
your most obedt servant.

Stores manufactured in Europe but purchased in India under paragraph 3 of Government
of India Financial Resolution No 185, dated 10th January 1883.

Description or Class of stores	Quantity in Hundred or less	Actual Cost in India		Estimated Cost if obtained from India Office		Remarks
		Actual price - total or rate	Incidentals - total or charge	Estimated price - total or charge	Incidentals - total or charge	
English Rope	2100					The highest price of the article is not given in the rate list. Circulated with G.O. No. 2461 dated 23 rd September 1886. The rope was required for working the flood gates with blocks that had been locally manufactured. Country rope was not considered sufficiently durable. The required provision was not foreseen and the delay required to procure the rope from England would have been inconve- nient.
rope	—	325	325	325	357 50

Read the following:-

Letter from the Director General of Railways, No 2035 S, dated 13th August 1886.

I have the honor to forward, by parcel post, for information and distribution among the officers in the Public Works Department under the Government of Madras printed statements showing the actual English rates for State Railway Stores imported through the agency of the India Office during the year 1884.

2. The percentage that should be allowed for the entire sea freight is noted at the foot of the statements as also the rates for landing and the insurance charge.

3. These rate lists will enable the Executive Engineers to frame estimates for Indents on England and to compare the prices paid by them for stores of European manufacture purchased locally with the rates they would have had to pay for the same if imported through the India Office.

Order thereon No 246/ W dated 23rd September 1886.

The statements will be distributed as under :-

Stores

Letter from the Government of India stating that the limit of Rs. 50 fixed for the local purchase of — of European manufacture without the sanction of Government refers to the value of any one article, or of any number of articles of the same description required for the same work, or estimate, communicated to officers of the Public Works Department.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from R. B. BUCKLEY, Esq., Under Secretary to the Government of India, Public Works Department (Civil Works—Miscellaneous), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 27th May 1887, No. 177-M:—

It appears from paragraph 2 of the resolution received with your endorsement, No. 980 W., dated 31st March 1887, that the intention of the ruling of the Government of India, conveyed under Public Works Department docket, No. 506-M., dated 30th November 1886, has been misunderstood.

2. It is not intended that long lists of petty articles, costing under Rs. 10 each, but the total value of which aggregates more than Rs. 50, should be submitted for the sanction of the Local Government. The sanction of the Local Government to the local purchase of stores of European manufacture is only necessary when the value of any one article, or if any number of articles of the same description, required for the same work, or estimate, is more than Rs. 50.

3. The Government of India is not yet in a position to pass the further orders promised in paragraph 2 of Public Works Department letter, No. 531-M., dated 20th December 1886.

ORDER—dated 9th June 1887, No. 1549 W., Public Works.

Communicated to officers of the Public Works Department, in continuation of G.O., No. 20 W., dated 7th January 1887, and in supersession of G.O., No. 623 W., dated 2nd March 1887.

Concurring in the opinion of the Superintending Engineer, IV Circle, that the limit of Rs. 50, fixed by the Government of India, for the local purchase of — of European manufacture without the sanction of Government, refers not to the value of any one article but to the aggregate value of all articles purchased at one time.

2ND MARCH 1887, No. 623 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 9th February 1887, No. 60 E.W. :—

With reference to the limit of Rs. 50 fixed in paragraph 2 of the letter of the Government of India No. 467-M., of 29th October 1886, printed with G.O., No. 20 W., of 7th ultimo, I have the honor to inquire whether it refers to the value of any one article, or to the aggregate value of all articles purchased at one time.

2. The Executive Engineer, Nilgiris, holds that it refers to the value of any one article, and in this I think he is wrong.

ORDER—dated 2nd March 1887, No. 623 W., Public Works.

The Government are of opinion that the Government of India letter quoted has been correctly interpreted by the Superintending Engineer, IV Circle.

RESOLUTION.—The Governor-General in Council is pleased to lay down the following rules in supersession of all previous orders, for regulating the rents to be charged for Government buildings occupied as residences by Government officials:—

I. (1) The rent should be a sum which will cover—

(a) Four per cent. interest on the actual capital cost of the house and its site.

(b) The estimated average annual cost of repairs.

The capital cost of the house should be taken as the cost of the building and its site, together with a sum to cover the share of Tools and Plant and Establishment. The amount to be added for these charges may be specially approved by the Local Government, but should not be taken as less than 20 per cent. on the cost of "Works." When there is no record of the original cost of the building, its present value should be estimated by the Executive Engineer of the division and approved by the Superintending Engineer; and this estimate should be taken as the capital cost.

- (2) The average cost of annual repairs should be specially estimated in each case by the Executive Engineer on the best data available, and be approved by the Superintending Engineer. Such average cost should not, as a rule, be taken at less than 3 per cent. on cost of a permanent building, or 6 per cent. on the cost of a temporary building, but should be sufficient to cover quadrennial and special repairs. The actual cost of repairs should be compared annually with the amount assessed on this account in the rent; and, when necessary, the rents should be revised.
- (3) In calculating the outlay on repairs of any building, a sum should be included to cover the cost of Tools and Plant and Establishment, as defined above.
- (4) When a building is occupied partly as a residence and partly as an office for which no rent is paid, the capital value of the portion occupied as a residence should be separately estimated and the rent calculated accordingly.
- (5) The actual charge for the rent of a residence occupied by any Government official shall, in all cases, be subject to a maximum of 10 per cent. on the salary and local allowances of the official in actual occupation.
- (6) Local Governments or Administrations must, irrespective of the fund from which the cost of the building was met, obtain the special sanction of the Government of India if they desire to reduce the rent of any Government building below that authorised in these rules.

II. At stations where, owing to excess of available accommodation or to other special circumstances, rents cannot be fixed on the above principles, but must unavoidably be assessed with reference to prevailing rates, sanction to make such special assessments at the particular stations must be obtained from the Government of India, but the actual rents may be fixed by the Local Government.

III. When any Government building is, under proper authority, let to a private person, rent shall be regularly recovered for the same at the rates prevailing in the locality for similar accommodation belonging to private owners; but, without the permission of the Government of India, the rent charged shall not be less, at any station, than that defined in clause I (1).

IV. In the case of houses occupied free of rent or at reduced rents by any Government officials, the authority under which the reduction is made should, in every case, be communicated to the Examiner of Accounts, in order that he may enter it in the return which is submitted to the Accountant-General, Public Works Department, under Public Works Department Circular No. 3 P.W., dated 10th September 1887.

V. The rents of all houses belonging to Government should be recalculated in accordance with these rules, and the new rates should be made applicable from the 1st April 1889.

VI. The above rules are not applicable to officers in regimental employ, nor to upper subordinates in the Public Works Department paying rent under Code XI, section 29, nor to members of the subordinate Revenue staff of State Railways.

Order—

RESOLUTION.—The Governor-General in Council is pleased to lay down the following rules in connection with the construction or purchase of residences for Government officials:—

- (1) When a house has to be built or purchased for the occupation of a Government official, its cost should be so regulated that the rental, calculated under the terms of Resolution No. 479 B. of this date, will not exceed 8 per cent. of the salary of the official who will usually occupy it.

- (2) In calculating the cost of a building to be erected, a sum should be included to cover the share of Tools and Plant and Establishment. The amount to be added for these charges may be specially approved by the Local Government, but should not be taken at less than 20 per cent. on the cost of "Works."
- (3) Any Local Government or Administration wishing to build or purchase a house, with regard to which the condition of rule (1) as to rent cannot be fulfilled, must, irrespective of the fund from which the cost of the building is met, obtain the special sanction of the Government of India before construction is commenced, or the purchase concluded.

Order—

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
 The Chief Commissioners of the Central Provinces, Burma, Assam and Coorg.
 The Resident at Hyderabad.
