READ—the following Proceedings of the Board of Revenue (Land Revenue), dated 13th April 1888, Mis. No. 2385 :—

Hon'ble W. S. WHITESIDE.

Read—the following letter from H. ST. A. GOODRICH, Esq., Collector of Bellary, to the Secretary to Government, Financial Department (through the Commissioners of Land Revenue), dated Bellary, 29th March 1888 :—

The Head Assistant Collector's office at Hospet is not provided with a well and a latrine. Their want is very much felt both by the parties attending the office and by his establishment, and the inconvenience is augmented by the absence of water convenience in the neighbourhood of the office. In these circumstances, I think it necessary that the office should be provided with both.

2. I have the honor to forward herewith, for sanction, plan and estimate (Rupees 1,498) for constructing a latrine on the standard plan and sinking a well, prepared by the Superintending Engineer at the request of the Head Assistant Collector.

3. I have countersigned the estimates of my professional adviser, on the understanding that they are works on a standard scale, but I consider the expenditure proposed extravagant.

Resolution—dated 13th April 1888, Mis. No. 2385.

The plan and estimates for constructing a latrine and sinking a well in the compound of the Head Assistant Collector's office at Hospet, at an aggregate cost of Rs. 1,498, are submitted for the sanction of Government and for the provision of funds in the budget of the Public Works Department.

2. The concluding sentence of the Collector's letter appears to be intended to apply mainly to the estimate for the latrine.

(A true Copy and Extract.)

(Signed) H. A. SIM,
Ag. Secretary.

Mis. No. 2787, Revenue.

Transferred to the Public Works Department with the remark that it may be found possible to reduce the cost of the latrine by making it smaller than is provided for in the standard plan.

OOTACAMUND,
11th May 1888.

(Signed) J. F. PRICE,
Secretary to Government.

ORDER—dated 4th June 1888, No. 1608 W., Public Works.

The estimate, amounting to Rs. 441, for sinking a well in the compound of the Head Assistant Collector's office at Hospet, in the Bellary District, is sanctioned.

2. The estimate of Rs. 1,057 for constructing a latrine will be returned to the Superintending Engineer, in view to the cost being reduced by the provision of a building half the size shown in the standard plan.

3. The sanction accorded in para. 1 has been registered as Provincial No. 30 W. of 1888-89, and classified as Civil Buildings, Original Works.

H. S. THOMAS, ESQ., F.L.S., F.Z.S.

Read—the following letter from Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Collector of Anantapur, dated 24th August 1888, No. 1068.

I have the honor to forward, for your approval and transmission to Government through the proper channel, an estimate, amounting to Rs. 886, for converting the existing terraced roof of the Taluk office at Penukonda into a tiled roof with Mangalore tiled ridging.

2. The necessity for the work is explained in the report.

No. 627.

Submitted to the Secretary to the Commissioners of Land Revenue, Madras, with estimate, &c., for transmission to Government.

ANANTAPUR, 29th August 1888.

(Signed) M. G. UNDERWOOD,
Acting Collector.

Resolution—dated 6th September 1888, Mis. No. 5315.

The estimate for Rs. 886 for converting the terraced roof of the Penukonda taluk office into a tiled roof is submitted for the sanction of Government and for the provision of funds in the budget of the Public Works Department.

2. The Executive Engineer explains that the building leaks badly, notwithstanding the repairs executed to it on three different occasions; and that his present proposal, if carried out, will stop the leakage.
