PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 31st Jan'y 1888

Read the following

Letter from the S.E. V Circle (H.C. No. 4369 of Jan'y 17. 1888)

The Government observe that though the circumstances of the Presidency division are doubtless peculiar, and ~~much~~ work has to be done ~~which~~ which does not fall on ordinary divisions, yet the scale of Establishment allowed is more liberal than elsewhere. The Govt are, therefore, not prepared to sanction the large increase proposed by the

as compared with that of other Circles and an ordinary 1st class Division. It will be seen that the V Circle Office has 9 Clerks and 3 Draftsmen as against 7 Clerks and 3 Draftsmen in other Circles, and that the Presidency Division has 17 Clerks and 5 Draftsmen as against 10 Clerks and 2 Draftsmen in an ordinary 1st class Division. If the present proposals are sanctioned, there will be 19 Clerks and 7 Draftsmen in the Presidency Division. Of these, a certain number are employed under subordinate officers, but they are all available for the work proper of the Division.

The Presidency division is a peculiar one, as it comprises the P.W. work of two large Stations ^{12 miles} 20 miles apart. There is a great deal of plan drawing at both Bangalore & Mysore, and it is of great importance that the Military requisitions should be promptly dealt with. I think the 1st wish for more to be sanctioned for 1 year, but

any reduction is considered advisable it must be in the number of clerks. 2 Draftsmen & 1 Clerk would probably be sufficient.

The circumstances of the Presidency division are doubtless peculiar but the number of clerks & draftsmen employed is already very large. 1 Clerk & 2 draftsmen may be sanctioned for six months but before they can be sanctioned permanently it must be shown more satisfactorily that the present men properly worked cannot possibly do the work. It will always be reg^d. as stated by the S.E. he should have asked for a permanent increase & not a temporary one.

From the Supy. Engr. V Circle. No. 4369 of 17 January 1888

FOR ORDERS.

The Superintending Engineer V Circle submits proposals for a temporary establishment of 2 draftsmen and 2 clerks for the Presidency Division, and adds in his remarks on the Proposition statement that the Establishment "will always be required."

If this be admitted, the charge amounting to Rs. 95 per mensem should, it is thought, be sanctioned against the Permanent, and not the Temporary, Establishment.

The attached statement shows the Establishment of clerks and draftsmen attached to the V Circle Office and the Presidency Division,

SIR,

Enclosures. /

With reference to G. O. No.
34378 dated 16 December 1887,
I have the honor to submit
a Statement in the pres-
cribed form showing the
temporary Office Establish-
ment now asked for by
the Executive Engineer,
Presidency Division, which
is more by one Clerk on Ru-
pees 15 than the temporary
Establishment allowed
prior to February 1887. I
consider the temporary Es-
tablishment now asked for
not excessive for the large
