~~FOR IRRIGATION.~~

DOWLAISHWARAM, 25th October 1888

SIR,

I have the honor to inform you that the Head clerk of this Office was granted 6 months furlough on half pay on 19th March last, and consequently my predecessor made certain arrangements in the Office for the proper performance of the Office work during the Head Clerk's absence. Among these arrangements the two clerks named in the margin were promoted to the next higher grades as specified opposite their names.

	Promoted to
G. Subbarayudu Naidu Clerk 4th class 2nd Grade	4th class 1st Grade
C. Venkiah clerk 4th class 3rd Grade	4th class 2nd Grade

2. Deputation allowance at 1/5 of the minimum pay of the next higher grade was claimed on behalf of these clerks in the salary bill of this office which was disallowed by the Examiner, and in support of his

objection, the Examiner quotes "Definitions" page VI of the Financial Codes.

3. From the absence of the Head Clerk on furlough, a saving of Rs. 96 has been effected & out of this money Rs. 32 were passed by the Examiner as deputation allowance to the 2nd Clerk & Rs. 10 as Acting allowance to the last clerk.

4. From the above you will observe that there is still a saving of Rs. 54 per mensem to Government from the arrangements made by my predecessor; & I therefore request that you will be good enough to obtain the orders of Government authorizing the Examiner, as a special case, to admit the claim of the two clerks named above which amounts to only Rs. 14 per mensem out of the saving (Rs. 54) above referred to.

I have the honor to be,
Sir,
your most obedient Svt.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following papers :—

From J. HANNAN, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Bezváda, 29th August 1888, No. 1328 K.S.

I have the honor to forward herewith, for your approval and sanction of Government, a statement of stores manufactured in Europe, but to be purchased in India during the quarter ending 30th September 1888, and to state that the greater portion of the iron stores required are for the shutters and shutter gearing for irrigation and surplus sluices on the Ellore canal, the revised estimate for which was lately sanctioned. As they are urgently required, the favor of obtaining the early sanction of Government is solicited.

No. 3348 C.

Referred to the Superintending Engineer, V Circle, for favor of early report whether any of the articles can be supplied from the Public Works Stores.

(By order.)

(Signed) W. L. C. BADDELEY, Captain, R.E.,

4th September 1888.

From Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 18th September 1888, No. 2600.

In returning your endorsement No. 3348 C., dated 4th September 1888, I have the honor to state that the articles marked with blue pencil in the statement of the Superintending Engineer, II Circle, are available for immediate issue. These have been received from England for the Kistna Eastern division.

2. I also forward two lists of articles received from England for the Kistna Eastern division, now ready for issue. Indents for issuing these have been forwarded to the Executive Engineer by the General Superintendent for signature.

Order—dated 27th September 1888, No. 3040 W., Public Works.

The local purchase of such of the articles entered in Mr. Hannan's list as are not available in the Public Works Stores is sanctioned.

2. Before proposing the purchase in the local market of stores of European manufacture, Superintending Engineers should satisfy themselves that the articles are not available in the Public Works Stores.

To

The Chief Engineer,
P. W. Department.

Sir,

Adverting to para 2 of G. O. 24th October 1888, No. 3395 W. sanctioning an estimate amounting to Rs. 58,500 for completing Talavasal Bridge Salem District, I have the honor to inform you that if permission to commence the work is given at once, Rs. 10,000 can be spent during the current year on constructing retaining walls, aprons, and collecting teakwood for the roadway.

2. Regarding the iron work, I am sending today to the General Superintendent P. W. Stores an Indent on England for this. I do not know when the iron work will be delivered at Madras, and whether funds will be required

this

this year to pay for it. I must therefore leave this matter for you to settle.

Estimate for completing the —, sanctioned.

24TH OCTOBER 1888, No. 3395 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From J. W. MARTIN, Esq., Executive Engineer, in charge IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 8th October 1888, No. 436-E.W.

At the request of the President, District Board, Salem, I have the honor to forward, for the sanction of Government, a plan and estimate, amounting to Rs. 58,500, for completing the Talavasal bridge across the Vasistanadi river at 41st mile on the road from Salem to Cuddalore, together with a report, specification for iron works, an enlarged plan showing the details of iron works, and duplicate abstract of the estimate.

2. It is proposed to adopt the type design No. 15 of iron bridges of 40 feet span, circulated with G.O., No. 2328 W., of 4th August 1888. The above report contains a precise abstract of the correspondence that has passed before, with reference to the work.

3. The plan and estimate have been passed by the District Board at its meeting held on the 21st September 1888, as will be seen from the enclosed copy of the District Board's resolution.

Note by the Chief Engineer, Public Works Department.

The plans and estimate of Rs. 58,500, for completing the Talavasal bridge in the Salem district, are recommended for sanction with the following remarks :—

(1) The girders should be all made the same length, viz., 41½ feet, which will allow 1 foot 6½ inches bearing for the widest span, and will give 3½ inches clear between the ends of the girders over the pier between the spans of 36 feet and 37 feet 7 inches.

(2) The flooring of asphalte and gravel might, with advantage, be replaced by one-inch planking laid diagonally and covered with tar and sand.

(3) The District Board should report the total expenditure on the bridge up to date, as the present estimate only provides for completing it.

20th October 1888. (Signed) H. R. MEAD, Colonel, R.E.,
Ag. Chief Engineer, P.W.D.

ORDER—dated 24th October 1888, No. 3395 W., Public Works.

The estimate, amounting to Rs. 58,500, for completing the Talavasal bridge in the Salem district, is sanctioned.

2. The Superintending Engineer will report what amount can be spent on the work during the current official year, so that the Local and Municipal Department may be requested to provide the necessary funds.

3. Attention is drawn to the note by the Chief Engineer, Public Works Department, above recorded.

4. The sanction accorded in para. 1 of these Proceedings has been registered as Local No. 15 W. of 1888-89.

(True Extract.)

(Signed) H. R. MEAD, Colonel, R.E.,
Ag. Secretary to Govt., P.W.D.

To the Superintending Engineer, IV Circle, with six enclosures.
,, Examiner of Public Works Accounts,
with the duplicate abstract estimate.

8th November 1888

From
J. Hannan Esquire,
Superintending Engineer,
II Circle

To
The Chief Engineer,
Public Works Department,
Madras.

Sir,

With reference to para 3 of G.O. No. 2069 W. of the 9th July 1888, intimating that the Financial, Local Fund &c Departments will be requested to provide the necessary funds required under Local – Excluded & Incorporated, I have the honor to bring to your notice that no orders from those Departments have yet been received regarding the allotments required.

I request, therefore, you will be good enough to have the necessary orders issued for the sanction of allotments for the works pertaining to the Kistna Western and Buckingham Canal Divisions referred to in the statement Communicated with the G.O. referred at head.

I have the honor to be
Sir
Your Most obedt Servant

J. Hammell
