

2. With reference thereto, I am to state that the Government of India have decided that it would be unadvisable to carry out, at present, the proposed transfer of the duties of supply and repair of barrack furniture from the Commissariat to the Public Works Department, except in Burma, where the pressure on the Commissariat Department necessitates the change.

3. Pending further orders, therefore, no change should be made in the organization of the establishment or the duties of the Barrack department, except in Burma, where the changes will only be such as are necessitated by the department of supply being changed.
