NELLORE COLLECTOR'S OFFICE,

26th September 1888:

BOARD'S GEN. REG. NO 3430 OF 1888
LAND REVENUE

From C. D. Maclean, Esq.,

Collector of Nellore.

To the Secretary to the Board of Revenue
Land Revenue, Madras.

Sir,

I have the honor to submit the accompanying plan and estimate, together with a copy of the Superintending Engineer's covering letter, for improving the Hurjur Treasury room at an outlay of Rs 725.

2— The existing door and windows are not sufficiently strong and as on the east side of the room is very much wanted for the protection of the fund and the Treasury Office also against bad weather. On these grounds the present Executive Engineer declines to certify as required in rules C of Section 22 Chapter 28 of the Civil Account Code, that the Treasury building is fit for use as a strong room. The estimate now submitted provides for these defects and I request that the sanction of Government may be obtained there to.

3— The present building will remain the Treasury even after the new Cutchery is built.

I have the honor to be,
Sir,
Your most obedt Servt,

12/ To remove the button shutters
of the window and to
fit one shutter of each
window with small doors
1-3" x 1-6" to enable the
person to look into the
room, the doors are to
be fitted with locks
and keys, except those
of the East window
which will have bolts.

13/ To construct steps
under the three west
windows to enable
the person to get up
to them.

14/ To provide iron shutters
to the 3 west windows.

15/ To provide new double
doors to the Treasury
room, the inner door
door to be of iron
and to open inwards
the outer one is to be
a button door and

NOTE OF REMARKS.

The Estimate under review amounting to Rs 725 provides for improvements to the Treasury building at Almorah -

It is explained in the report accompanying the Estimate that a front verandah is necessary, that the window shutters required to be renewed and that the bottom door is so high as to necessitate fresh door hinges made. Although the building was so insecure as to prevent the Engr. Engr. granting the annual certificate -

The following is a summary of the work proposed to be carried out -

- 1) To construct a verandah along the front of the building.
