No. *1077MD*

From *W. Hughes Esq.*

The Superintending Engineer,

6th Circle.

To

The *Chief Engineer*

P. W. D.

Sir,

ENCLOSURES.

In G.O. No 19184 dated 27th
June 1888, No 373 - the sum spent
in 1887-88 on the maintenance
of the Cumbum Indalur Road
in the Madura D. in excess of
that year's grant - were granted
from Incorporated Local Fund,
and this sum was apparently
intended to cover the excess
outlay; but the Examiner in
his No 756 SE6 of 19th November 1888
states that as the sanction to the
above grant was accorded after
the

the close of the year 1887-88,
it must necessarily be taken
as an addition to the current
year's Local Fund grant of
Rs 1500 for the road in question,
and that if the amount is
not required it may be
surrendered.

2. Under the circum-
stances stated above I have
the honor to state that the sum
of Rs 373 is available for
surrender to the Local Fund
Board.

I have the honor to be

Sir

Your most obedient servt.

To

The Chief Engineer

Public Works Department
through the Examiner Public Works Accounts.

Sir,

ENCLOSURES.

With reference to G.O. N^o: 525 W dated
14th February/88, ordering an estimate
to be sanctioned for maintaining 10
miles of the Road from Gumbum to the
foot of Gudalur and Peermade Ghat,
I have the honor to state that the
work was commenced & completed
on emergency, and that I have
therefore ordered the Executive Engineer
to send in a Completion Report for the
same.

2 In G.O. N^o: 2785 W of 19th October/87
Rs. 1250 were granted for the road,
and work ordered to be undertaken
by this Department. This order appears
to

to have reached the Executive Engineer
at the end of that month. In the mean-
time the Executive Engineer, hearing from
the Local Fund Engineer of the grant and
that the road should be put in order
before the arrival of his Excellency the
Governor, at once ordered to commence
work and put the road in as good
order as possible, as there was only
a month to get the work completed,
and no time to make an Estimate.

3 The grant has also been exceeded
by Rs. 373, as the whole of the 10 miles
could not be repaired for Rs. 1,250. Water
had to be brought from a distance, &
the cost of easing the approaches and
bridging the Tyravanasur alone amounted
to nearly Rs. 200. The excess outlay
incurred appears unavoidable, and
it may, I consider, be admitted
by the Examiners. P. W. accounts
under para 352, rule C(1) of the
P. W. Code.

I have the honor to be,
Sir,
Your most obedient servant.
