No 963. P.R

Office of the Supg Engineer
Periyar Project Works
Periyar 17 October 1888.

From

Col. J. Pennycuick R.E.
Superintending Engineer,
Periyar Project Works.

To

The Chief Engineer,
Public Works Deptt.

Sir,

With reference to G.O. No 3157 W of 8th Instant and Educational Department No 571 of 25th September. I have the honor to solicit a reconsideration of the decision contained in the latter.

Permit on Rs 5/-

2. This request is made not in the interests of the clerk concerned but in those of the public service and from this point of view I venture

venture to say that there are
decidedly special circumstances.

3. The difficulty of obtaining
qualified clerks and draftsmen,
especially for the higher posts,
for this project has been very great,
so much so that it has been a
source of serious inconvenience.

4 I receive innumerable applications
for employment, but when a post
falls vacant man after man
who has applied for employment
either declines it or does not
answer at all, and when after
a long delay a man is found to
take up the post it is always
doubtful how long he will retain
it; he either falls sick or dislikes
the climate and resigns and
the whole business has to be
gone over again

5. If I have to give up my
present head clerk on the ground
of his not having passed the
required tests it may be weeks
or months before I get another;
of the number of applicants
on my list only three or four
are technically qualified and
I doubt whether any of them
has the experience necessary
for the post; when after long
delay I have got another man
I may have to change again
after a week or two.

6 The clerk for whom exemption
from a single test is now asked
has been for nine years the
head clerk of an Executive Divisio
and is thoroughly qualified in
every way, and is willing to remai
here; it would I think be highly
inadvisable to remove him merely
on account of a purely theoretical
disqualification.

7. He proposes to appear for
examination in precis-writing
at

at Trichinopoly on the 27th Instt,
and I have little doubt that
he will pass; but whether he
does or not I trust that I
shall be allowed to retain
his services

I have the honor to be,
Sir,
your most obdt Servt,

J. Pennycuick Col R.E.
Superintending Engineer.
