DOWLAISHWARAM, 9th July 1888

SIR,

I have the honor to state that the Godavari Western Division Officer reported on the 3rd May last that the old Taluk cut-cherry building at Tanuku was destroyed by fire on the 23rd April 1888 with the exception of the Sub Jail rooms & that though the building had been vacated by the Revenue Department on 6th February 1888, as the Tahsildar's Office was then removed to the new Cutcherry built as per estimate sanctioned in G.O. No. 3563 dated 20th December 1875, no intimation of its having been vacated had been given to the Division Officer by the Revenue Department. I asked the Collector to let me know why the old building had not been handed over to this Department but I have not yet had a reply.

the building for the use of the Post office at that place. I therefore request you will be good enough to obtain orders of Govt. under the para above quoted, for the transfer of the building to the Postal Department.

Head Assistant Collectors Office
Camp Bhimadole 27th June 1888

From,

Lestic L. Miller Esquire
As: Head Assistant Collector

To,

W. A. Happell Esquire,
Collector Godavari.

Sir

Referring to your endorsement of the 14th Ultimo N^o 411 on the letter from the Executive Engineer in charge of First Circle dated 8th Idem N^o 23 G.D., I have the honor to state that the old Talug Cutcherry building at Tanuku was vacated on the 6th of February last, and the same was reported to this Office. The Tahsildar then asked the building to be made over to the Local Fund Department for use as a choultry, he being under the impression that it belonged to the Revenue Department. This proposal was not complied with and the building was allowed to remain vacant. There was no record in this or the Talug Office to show that this building was on the list of buildings remaining in charge of the D.P.W. hence it was not formally handed over to that Department until the 23rd of April when the Executive Engineer was asked to take charge of the same.

I have &c.

/signed/ W. C. Mc Murray.

READ—the following letter from G. T. WALCH, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 29th August 1887, No. 1446 G.D.:—

The old cutcherry building at Viravasaram in the Godávári district has been lately vacated by the removal of the Tahsildar's office to the new taluk cutcherry built at Bhímavaram under the sanction given in G.O., No. 3563, of the 20th December 1875, and the Collector of the district

* His letter No. 129 of 28th July 1887, herewith to be returned.

asks * for the transfer of the old building to the Police Department. I see no objection to this, and therefore recommend that

the necessary sanction of Government be obtained to the transfer proposed under paragraph 980 of the Public Works Code.

ORDER—dated 23rd September 1887, No. 2515 W., Public Works.

The transfer of the old cutcherry building at Viravasaram to the Police Department is sanctioned.

26TH NOVEMBER 1888, Nos. 3717, 3718, 3719 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

From Colonel W. H. BURTON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department (through the Examiner, Public Works Accounts), dated Chepâk, 15th November 1888, No. 3646.

I have the honor to forward herewith an indent in triplicate on the Home Government for certain wrought iron or steel plate girders required for the new High Court buildings at Madras, together with a tracing, specification and a report furnished by the Consulting Architect to Government.

ENCLOSURES.

Specification to accompany indent for wrought, steel or iron plate girders for the High Court, Madras.

Girders marked A on tracing, No. 8 required. Length 36 feet, gross depth 2 feet 6 inches, clear span 32 feet 1 inch.

Net load to carry 38 tons distributed.

Girders marked B on tracing, No. 16 required. Length 32 feet 6 inches, gross depth 2 feet 6 inches, clear span 28 feet 4 inches.

Net load to carry 38 tons distributed.

Girders marked Contracing, No. 16 required. Length 32 feet, gross depth 2 feet 6 inches, clear span 28 feet 9 inches.

Net load to carry 32 tons distributed.

All the girders should be made with a camber about $\frac{1}{2}$ inch per 10 feet clear span and be tested and painted with red lead twice over before being despatched.

CHEPÂK,
6th November 1888.

(Signed) J. W. BRASSINGTON,
Consulting Architect to Government.

Report to accompany indent for wrought, steel or iron plate girders required for the new High Court, Madras.

The estimate for this work is under preparation. It is preferable to use girders made of steel plates, &c., which cannot be advantageously procured of local manufacture.

CHEPÂK,
6th November 1888.

(Signed) J. W. BRASSINGTON,
Consulting Architect to Government.

From the Examiner, Public Works Accounts, dated Madras, 21st November 1888, No. 2637.

The accompanying letter from the Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, No. 3646, dated 15th November 1888, with an indent for English stores for transmission to the Secretary of State, is forwarded for necessary action with the usual certificate.

ENCLOSURE.

Certificate.

I certify that funds to meet the estimated outlay in England in connection with this indent during the year 1888-89 has been provided by the Local Government to the extent of Rs. 32,117-10-4, equivalent to £2,275, in the estimate of the Public Works Department for that year.

(Signed) C. H. P. CHRISTIE, Major, R.E.,
Examiner, Public Works Accounts.

ORDER—dated 26th November 1888, No. 3717 W., Public Works.

Ordered that the indent be forwarded to the Director-General of Stores for favor of compliance.

(Here enter Nos. 3718, 3719 W., dated 26th November 1888.)
