READ—the following papers:—

Proceedings of the Board of Revenue (Land Revenue), dated 22nd August 1888, Mis. No. 5029.

H. S. THOMAS, Esq., F.L.S., F.Z.S.

From H. SEWELL, Esq., Collector of South Arcot, to the Secretary to the Commissioners of Land Revenue, dated Cuddalore, 7th August 1888, No. 261.

With reference to Board's Resolution, Mis. No. 3098, dated 1st September 1887, and with reference to para. 7 of their resolution embodied in G.O., No. 294, Public Works, dated 26th January 1883, I have the honor to submit the plan and the estimate for Rs. 5,310 received from the Superintending Engineer, V Circle, for the reconstruction of the district treasury at Manjakuppam, Cuddalore.

2. The present strong-room of the treasury is quite insufficient and inconvenient if not altogether unsafe, and the police sentries have to perform their beats in the open air with the aid of four lanterns which burn outside the building.

3. The necessity for the reconstruction of the treasury has been repeatedly brought to the notice of the Board and the Government by my predecessors. I therefore have the honor to request that you will be good enough to obtain early sanction for its completion during 1888-89.

4. I may add that the present plan is part of the general idea for a reconstruction of the office which was approved of in the above quoted Board's Proceedings.

Resolution—dated 22nd August 1888, Mis. No. 5029.

Submitted for the orders of Government with copy of Board's Proceedings, dated 13th September 1887, Mis. No. 3098.

2. In G.O., dated 23rd January 1883, No. 285, Revenue Department, Government approved the Board's suggestions to gradually enlarge and improve the several buildings attached to the Collector's office at Cuddalore. To partly carry out this scheme the Collector submits, with the above letter, a plan and estimate for reconstructing the district treasury at a cost of Rs 5,310. The treasury room is reported to be inconvenient and insufficient and therefore requires to be first attended to. It is requested that Government will be pleased to sanction the estimate and provide funds in the Public Works budget. The Collector desires that the building should be completed during this year.

NOTE OF REMARKS.

The estimate under review amounting to Rs 5,310 provides for constructing a new Treasury Room in the Collector's Building at Cuddalore.

It is explained that the existing room is inconvenient and insufficient for the accommodation of the Treasury, it is therefore proposed to construct a more suitable room for the purpose.

In S.O. 40294 W of 26th Jan'y 1883 sanction was accorded to alterations and improvements being made to the building.

At: 4/12/88 R 6.11.88

out to the building -

The rates for brickwork  
in foundations and  
superstructure are  
slightly in excess of  
the rates given in the  
Schedule. The saving  
that would be effected  
by adopting the latter  
would be only Rs 80.

The other rates are  
fair -

The calculations are  
correct.

The following lump  
sum provisions are  
made in the Est.:

Painting iron framed  
doors Rs 60

Disassembling old  
brick walls removing  
rubbish for - Rs 150

Contingencies and  
superintendence are  
charged for at  
5 per cent each.

The plan and Est.  
have been examined  
by the Collector and  
approved by Govt in the  
Rev. Est. Est. Compt.

The Department of  
this work is 2523 by the  
the estimate. Estimated  
cost of this building  
is Rs 5310. The work  
has been done in the  
No 2-1-8. Conf.
