Secretary to Government

Sir,

Enclosure (one)

I have the honor to
address you concerning my
supersession by Mr. W. B. de -
Winton, an officer very considerable
my junior, as a perusal of the
pass list of the R I C E college
for 1874 will show. I have only
just received the information
from the Fort St George Gazette
for November 20th 1888. I have

written about this matter to
the Madras Government, before
in a letter dated November 16th 1885
and in reply received a copy of
Government Order 2771.W. dated
20th November 1885 a copy of which
copy, I now send you. As I trust
you will agree with me, that
an opportunity has now offered
and, as I suppose therefore the
Madras Government have just
had the question in view, I
should esteem it a great favor,
if you would kindly let me know
what their view is. In other words
how many men, they think, fit
to pass over my head.

No. 2958⁷ Dated
17th November 1885.

I have the honor to be
Sir
Your most obedient servant

Supercession

This seems to me rather short. I don't
understand why the gradation list
is kept confidential. Surely a man
may not be told what his position
is. Mr. Joyce's position here I think
has been quite rightly decided, i.e. he has
been placed in the list at the bottom of
his year, all the men of the year having
been promoted to Act. Engr. I wonder before
him. To have put him any where else
would have been to cause the supercession in
which he underwent for presumably good
reasons before his transfer. But why not
tell him so & let him know what he has
to expect? This order will simply take
him on the raw, & make him imagine
cause of discontent which does not exist.
