From G. T. WALCH, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 22nd April 1887, No. 20 V.Z.

I have the honor to recommend that Assistant Engineer Mr. W. Knowles may be exempted from the operation of the rule paragraph 90 of the code whilst he is serving on the Potinghi-Koraput road, on account of the great difficulty of examining him without seriously interfering with the work by taking him away from it for some time.

2. Any promotion that might come to him before he has passed that examination might be considered "temporary" during service on the Potinghi-Koraput road, as in the case of Mr. Clerk (see Chief Engineer's memorandum, No. 712, dated 27th September 1882).

Office note from the Examiner, Public Works Accounts, dated 18th May 1887, No. 125.

Sir,

I have the honor to draw your attention to my Promotion Recommendation Roll dated the 1st July 1882 recommending Mr Assistant Engineer Clerk for promotion to the 1st grade and request you will have it transmitted to the Chief Engineer for his most favorable consideration.

2. Mr Clerk ever since he has joined the Ghât has kept the work in excellent order and has carried out my orders under great difficulties with the most perfect success. He is now fully

master

master of the occasion and has 3,300 labourers on Ghât alone, and more is expected after the rains. Such is the progress being made that the early completion of the Ghât may be expected if funds are available.

3. I therefore most strongly recommend that Mr. Clerk's case may be specially considered in consideration of the unhealthiness of the locality in which the work is situated and the consequent difficulties with which he is surrounded. As he has to travel a great deal on the Ghâts his own expenditure is very great.

Sir,

Under para 90 Madras P.W. Code (India Code Chapter II - para 13) an Assistant Engineer 2nd grade cannot be promoted

24/6/87 Under Secy. to the Govt. of India promoted to the 1st grade until he has passed a colloquial Examination in Hindustani or in the language of the district in which he is employed, and in your office No. 586 G. dated 23rd April 1883 it was intimated that the rule applied ~~alike~~ to temporary ~~and~~ as well as to permanent promotions.

2. I am directed to submit for the favorable orders of the Govt. of India the case of the Asst. Engineer employed on the Potinghi-Koraput road in view to his being exempted from the operation of the rule above quoted so far as temporary promotion only is concerned. The Suptg. Engineer reports that the officer in question is stationed in ~~so out of the way~~ such a locality that great difficulty would be experienced in examining him as laid down in the Code without seriously interfering with the work on the road by removing him from it for sometime.

3. As it would be most inconvenient to withdraw the Assistant Engineer from his work for purposes of examination I am to ask the

the special sanction of the Govt. of India to his temporary promotion to the 1st grade in ordinary course. ~~The Asst. Engineer~~ he will be examined at the earliest suitable opportunity.

SIR,

It appears that Mr. W Knowles Assistant Engineer duly applied for examination under Para 87 of the Code but the Executive Engineer did not send it on with the proper special report required by para 86 of the Code & I fear (I am away from the bulk of my records) that the matter never went on to you and I now write to ask for your authority to carry ~~it~~ out the examination.

(2) There is not time to communicate with Mr. Knowles and get

a copy of his application for the examination, and to submit it to you in time to get orders before I leave the district, and as you are aware Mr Knowles is in a most out-of the way place which can be seldom visited by a Supty. Engineer.

(3) I must also ask for a relaxation of the rule Para 88 of the Code that the Committee must be composed of "two Officers of the Engineer Establishment as Members" as well as one Supty. Engineer - it is impossible to get more than one officer of the Deptt. besides myself in the District; perhaps the arrangement sanctioned in your No 3177 of 21 9 87 with reference to Mr Knowles colloquial examination - viz that an Officer of the Revenue or Police Deptt. may form one of the Committee - may meet this case

(4) I inclose the report on Mr Knowles' physical energy &c and would ask for telegraphic orders.

Promotion of Assistant Engineers

Passing orders on letter from the Government of India stating that — without their having passed the necessary examination is against rule.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following letter from G. H. W. Walker, Esq., Officiating Under Secretary to the Government of India, Public Works Department, (General,) to the Secretary to the Government of Madras, Public Works Department, dated Simla, 23rd April 1883, No. 586 G. :—

The Accountant-General, Public Works Department, has brought to the notice of the Government of India that the Government of Madras has lately promoted Mr. Boyle, Assistant Engineer, 2nd Grade, to the 1st Grade, sub. *pro tem.*, notwithstanding that he has not passed the examination prescribed in Public Works Code, Chapter II, paragraphs 16 and 17, on the grounds that the examination in question is not compulsory in cases of temporary promotion. I am directed to point out that the action of the Madras Government is contrary to rule.

2. The object of the rule, making the passing of the professional examination compulsory before any promotion, temporary or permanent, can be given, is to make the young Engineers apply themselves early to the study of the practical part of their profession and so become efficient members of the department. This rule is very strictly acted upon in the Bengal Presidency, and I am to request that it may be strictly observed in future in Madras also.

Order—dated 9th May 1883, No. 1362 W., Public Works.

Communicated to the Examiner, Public Works Accounts, in supersession of G.O., No. 770 W., dated 9th March 1883.

2. The present ruling of the Government of India should be embodied in the Public Works Code.

3. Mr. Boyle having reverted to his substantive rank of Assistant Engineer, 2nd Grade, no further action is necessary in his case.
