PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper; -

Endorsement in the Public Works Department No
43450, dated 7 November 1888.

Order: 8 December 1888 No 717.

As Seshagiri Row has already been allowed
to hold a post in the Superintending Engineer's office
for which a first class certificate is required, the
exemption now asked for is granted, and G.O. dated
24 September 1888 No 563 will be cancelled.

OFFICE OF THE SUPERINTENDING ENGINEER,

6th CIRCLE.

Trichinopoly 3rd ^{Sept} July 1888.
Sept 5th

No. 55257C

From

J. W. Randall Esq. M.I.C.E.

The Superintending Engineer,

6th Circle.

To

The Chief Engineer
P. W. D.

Sir,

URES.

The Special Draftsman of this office, C. Sakaram Rao has been ill for some time past and recently applied for 1 year's furlough, which I have granted him.

2. I request that sanction may be granted, as required by Code para 172 clause 1. Note 2, to the acting post being held by S. Seshagiri Rao, the 2nd Draftsman in the Circle office, who is in my opinion, from long experience of his work, well qualified for the post.

3. Seshagiri Rao possesses only

only a 2^d class Certificate, but
Colonel Mead R.E., in para 7 of
his No 36 T.G. of the 9th April 1883
to your address, stated that
Seshagiri Rao's experience
and qualifications are far
better than many 1st class
Draftsmen.

I do not know any
man, at present in the
Circle, who is fit to supersede
him, though several of the
Divisional Draftsmen have
obtained 1st class Certificates,
and I therefore beg to recom-
mend that sanction be
given to his appointment.

I have the honor to be
Sir

Your most obedient servant

L. W. Pundall
Supt. Engineer

OFFICE OF THE SUPERINTENDING ENGINEER,
6TH CIRCLE.

Trichinopoly. 26th October 1888.
Supd 29th

No. 7057C.

From W. Hughes Esq.
The Superintendent Engineer, in charge
6th Circle.

To The Chief Engineer
P. W. D.

Sir,

ENCLOSURES.

X Communicated
with the Departmental
S.O. No. 3116 W
5-10-88.

With reference to S.O. No. 563 dated
24th September 1888, I beg to bring to
notice that Mr. Pundall omitted in
his letter No. 525 T.C. d/3rd September/88
to mention one point which seems
to me of importance in regard to the
qualification of Draftsmen.
I.R. Seshagiri Rao for appointment
as special Draftsman in the
Supt. Engineer's office.

2. In the Supt. Eng's letter No. 36 T.G.
dated 9th April 1883 to your address
a request was made that Government
would allow certain Draftsmen
who had only 2^d class Certificates to
retain the appointments which they

then held and to draw the pay and annual increments attached to their grade. This was sanctioned in G.O. No. 241 Ms dated 25 April/83. Sheshagiri Row was one of the men named and was then 1st draftsman in the Supt Engineer's office. It appears to me that the order of Government is nearly equivalent to the grant of a first class Certificate and that the further concession now asked for is but a small one.

* Vide Departmental
- manual
G.O. No. 1373
70.5.83

3. The numerous testimonials which the officers under whom he has served have given Sheshagiri Row are of much more real value in indicating his capacity as a draftsman than those can be which as a boy he obtained after a short college course. As Mr. Rindall has already reported, although there are several men in the circle who hold 1st class Certificates none of them are fit to be put over him and it could not conduce to

to the efficiency of the office that they should be. There may be some better men obtainable from other circles but I cannot be sure that there are though two of those who have applied for the appointment have good testimonials.

4. Should you consider that there is any ground for making a further representation to Government, I beg that a reconsideration of G.O. No. 563 of 24 September 1888 may be asked for.

* Vide Departmental
G.O. No. 3116
5-10-88

I have the honor to be
