Read—the following papers :—

G.O., dated 8th December 1888, No. 8287, Military.

From Brigadier-General M. PROTHEROE, C.B., C.S.I., Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 5th December 1888, No. 4706-A.

With reference to para. 4 of Proceedings of Madras Government, No. 3579 W., Public Works, dated the 10th ultimo, I have the honor, by order, to acquaint you, for the information of Government, that His Excellency the Commander-in-Chief accepts the surrender of the grant of Rs. 6,450, therein referred to, for the required purposes.

2. Should, however, the money not be required urgently for the items alluded to in the Government Order, I am directed to suggest that the execution of the improvements to the Rifle Ranges at Veyasarapaudy would be a fitting work on which to expend it, as although the estimate for these improvements has been sanctioned in Proceedings of Madras Government, No. 3150 W. of the 8th October last, and funds ordered to be provided in the budget estimate for 1889-90, His Excellency considers this a most urgent work which should be carried out as soon as possible.

Order—dated 8th December 1888, No. 8287, Military.

Communicated to the Public Works Department with reference to para. 4 of G.O., No. 3579 W., dated 10th November 1888.

2. Attention is invited to para. 2 of the Quartermaster-General's letter.

From Colonel J. C. GUNNING, Commissary-General, to the Secretary to Government, Military Department, dated Madras, 14th November 1888, No. T.S.-2207.

In Proceedings of Government,* Public Works Department, dated 16th April 1886, No. 992 W., an estimate for Rupees 5,800 for constructing quarters for a conductor of the Transport Department at the Commissariat lines, Bangalore, is sanctioned, but up to date no funds have been made available for this purpose although more than two years have elapsed.

* Communicated to this office under Proceedings of Government, Military Department, dated 5th May 1886, No. 2717.

2. The quarters are very much wanted as the Transport lines are situated at a long distance from the Commissariat office, &c., and it is very necessary, therefore, that the conductor should be constantly in the lines to supervise the grooming and feeding of the animals and prevent fraud on the part of the attendants who are very likely to steal and sell grain and forage unless they are very carefully watched.

3. I request, therefore, that you will kindly move Government to allot the necessary funds. The accompanying copy of a letter from the Executive Engineer will show that the work can be proceeded with as soon as funds are allotted.

From Brigadier-General M. PROTHEROE, C.B., C.S.I., Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 7th December 1888, No. 4757-A.

In returning the papers referred to the Commander-in-Chief under Military Department No. 8105 of 3rd instant, I am desired to state that His Excellency would prefer the grant surrendered from the drawbridge and gate for the Vellore fort being devoted towards the execution of the improvements to the Rifle Range at Veyasarapaudy in the current year as stated in this office letter No. 4706-A. of 5th idem, the funds provided for this work in the coming year being diverted towards the construction of quarters for the conductor of the Transport Department at Bangalore.

2. I am therefore to suggest that the statement of grants for major works for 1889-90, approved by the Commander-in-Chief and forwarded to Government in the Public Works Department under this office No. 4500-A. of 23rd ultimo, may be modified accordingly.

From Colonel W. H. BURTON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 28th November 1888, No. 3925.

With reference to G.O., No. 3579 W., dated 10th November 1888, para. 4, I have the honor to state that the additional grant of Rs. 5,000 proposed for military repairs in the Chingleput division are urgently required.

2. The Deputy Surgeon-General, Her Majesty's Forces, reports that the barracks occupied by 1/3 Royal Artillery are very urgently in need of limewashing, and the Executive Engineer reports that additional funds are required for the work and for limewashing the canteen at the Mount and other military repairs asked for by the Military Department. From what I have recently seen myself at the Mount, the further grant asked for seems imperative.

Enclosures.

With reference to G O No 3577 dated 21st November 1888, para 4, I have the honor to state that the additional grant of Rs 5000 proposed for Military repairs in the Chingleput Division are urgently required.

The Deputy Surgeon General Her Majesty's Forces reports that the Barracks occupied by 4/3 Royal Artillery are very urgently in need of lime washing and the Executive Engineer reports that additional funds are required for the work and for lime washing the canteen at the Mount and other Military repairs asked for by the Military Departt

Department. From what I have recently seen myself at the Mount the further grant asked for seems imperative.
