From

The Civil Apothecary
Periyas Project

To,

The Executive Engineer
Periyas L^u.

Sir,

1 After having used a few bottles of Ivara Sari, I beg to report that I have treated many cases of fever with success and found it to be a most useful and efficacious remedy, chiefly on malarial fever.

2 I could positively say that if a sufficient supply be kept in store, this will economise the large use of Quinine in a malarious place like this.

3 I therefore request you will be pleased to indent for some of these three dozen bottles of the same, as the supply we received has been almost consumed by patients.

4 I may add that a supply of Ben-ry's Thilam may also be indented for, if possible.

I beg to remain,
Sir,

+ one dozen boxes.

Sir,

Your most obedt. servt

ENCLOSURES

3.

August 1888.

Sir,

I have the honor to forward
for sanction an estimate amount-
ing to Rs 90 for obtaining certain
patent medicines

I know of the Javara Hari
before and procured a dozen bottles
as an experiment. The Civil Apo-
thecary's letter (copy enclosed)
shows that it has been a success.
The coolies seem to have more
faith in it than in anything
and therefore take it willingly
which they do not other medi-
cines.

The estimate herewith
covers the cost of the dozen
bottles.

There appears no objection
to the estimate for medicines
submitted by the Supg. Engineer
Periyar Project being sanctioned,
if the same is approved of by the
District Surgeon (through whom the
application should it is thought
have come with reference to G.O. No.
2565 W. dated 20th. August 1888) or
by higher medical authority.
