Establishment.

READ—the following papers :—

Note by the Chief Engineer for Irrigation.

No. 2973 T.

The accompanying proposition statement of establishment required for the Tank Restoration Scheme for the current official year after 1st January 1889 is submitted to Government for sanction, together with a statement of the required Survey establishment, chargeable to "Works."

2. The Tank Restoration Party in each district deals, in the course of a year, with a considerable number of works, mostly insignificant, in a small area, and this is notably the case in Madura, Chingleput and North Arcot. It is much more difficult to utilise grants under these circumstances than on a few large works in a small area, or on a number of small works spread over a large area, and in order to increase the power of utilising the allotments for the current and future years, it is proposed to start a sixth party, and also to place extra establishment at the disposal of the Superintending Engineer, I Circle, for a commencement of Tank Restoration operations in the Godáviri Eastern and Western divisions, where the near completion of the delta works will enable the Executive Engineers to supervise the investigation as well as the execution of Tank Restoration work.

3. It is not proposed to dislocate the arrangements of the Executive Engineers, Godáviri Eastern and Western divisions, by allotting to them a special grant thus late in the present official year, and actual execution of works in those divisions will not therefore be begun until April next, but the sixth party might be set to work at once, in order that a certain outturn of estimates may be obtained by the beginning of next official year for the division concerned to begin work upon at once.

4. It is proposed that the sixth party should begin work in Bellary district, and in this proposal the Board of Revenue has expressed its concurrence. If the services of Mr. Amrito Lall Roy Chowdry are again available on his return from privilege leave, he might be placed in charge of the party. Otherwise it will be necessary that one officer should be in charge of No. 6 Party as well as of No. 3, which would be possible though inconvenient, as No. 3 Party will before long move to Cuddapah.

CHEPÂK,
28th November 1888.

(Signed) S. D. PEARS,
for Ag. Chief Engineer for Irrigation,
Tank Restoration Scheme.

ENCLOSURE.

PROPOSITION STATEMENT showing the Special Establishment required for the Tank Restoration Scheme for January and February 1888-89.

G.O.,

Dated 21st

(Signed) S. D. PEARSON,
for Acting Chief Engineer for Irrigation,
in charge of Tank Restoration Scheme.

From the Examiner of Public Works Accounts, dated 7th December 1888, No. 2713.

ORDER—dated 19th December 1888, No. 3978 W., Public Works.

The statement of special establishment required for the Tank Restoration Scheme during January and February 1889 is sanctioned.

2. The proposal to form a sixth Tank Party to work in the Bellary district is approved. Mr. A. L. Roy Chowdry, Executive Engineer, has already been posted to the Ganjam division, and no other officer's services are available at present for the charge of the new party. It must therefore, as suggested by the Chief Engineer for Irrigation, be placed under the orders of the Executive Engineer, No. III Party.

3. The Chief Engineer for Irrigation will submit early proposals with respect to the upper subordinate establishment required for No. VI Party.

4. The statement of work establishment submitted with the paper above recorded will be disposed of in the Irrigation Branch.

5. The sanction accorded in para. 1 of these Proceedings has been registered as Provincial No. 49 W. of 1888-89, and classified as Establishment, Temporary.

(True Extract.)

(Signed) H. R. MEAD, Colonel, R.E.,
Ag. Secretary to Govt., P.W.D.

To the Chief Engineer for Irrigation, with one statement.
" Superintending Engineer, I Circle.
" " " III " "
" Examiner, Public Works Accounts.
