GOVERNMENT OF MADRAS.

JUDICIAL DEPARTMENT.

READ—the following paper :—

From G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Ootacamund, 9th June 1887, T. No. 1830.

In my notes of inspection of the sub-registrar's office at Atúr, in the Salem district, on the 22nd November 1886, I remarked as follows :—

"The office is held in the same room in which it was when I inspected it on the 7th October 1882. The work having increased, the accommodation is found to be insufficient. Another room will have to be thrown out, and the present room converted into the record room."

2. The sub-registrar, a Muhammadan, brings to notice now that—

"Should there be four executants to a document brought for registration, some of these and the witnesses are obliged to stand in the verandah of the office. During the rainy season and summer, the parties suffer much for want of proper place to sit down. The burning sunshine falls on the verandah the whole day, and consequently their suffering cannot be expressed. Some of the parties who cannot bear the sunshine run away to the trees, such is their sufferings."

"As there are two clerks now provided with tables and chairs, the difficulty they experience to come to me when called is too great. They cannot freely move in the office."

3. Under these circumstances, I have the honor to request that the sanction of the Government may be obtained for the preparation of plan and estimate for adding an office room to the sub-registrar's office at Atúr, and for converting the present room into a record-room.

ORDER—dated 24th June 1887, No. 1337, Judicial.

The proposal made in paragraph 3 is sanctioned.

It should be carried the whole length of the room as marked by me in pencil, and should not be enclosed by any railing.

2. The door of the "Record room" should be a new strong panelled door. as present doors do not answer.

Sanction. The design as approved in my opinion preferable to cost Rs as per 25.1.88 Note of Remarks. Memorandum

The Estimate under cover accompanying the No 2365 provides for the most suitable accommodation of the Sub Registrar's Office at Attur in the Salem District.

To obtain the required accommodation it is proposed to extend the Taluq Cutcherry by extending on the north a room 18 x 20 feet and continuing up the verandahs on both sides and finishing off with a verandah at the end. The room in which the office is at present located is to be converted into

Enclosed designs for the accommodation of the Sub Registrars when the Inspector General of Registration would prefer having his Office located in the Cutcherry building.

The rates are fair. The Estimates have been countersigned by the Inspector General of Registration and approved in the Judicial letter.—
