6th February 1888, No. 432 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers :—

From H. S. TAYLOR, Esq., Executive Engineer, Periyár Division, to the Superintending Engineer, VI Circle, dated Thekady, 11th January 1888, No. 785 P.P. :—

I have the honor to submit the following proposals regarding the formation of a sub-division and the distribution of the officers and subordinates at present attached to this division :—

I. *Thekady Sub-division.*—Sub-divisional officer, Mr. A. T. Mackenzie, Assistant Engineer.

This sub-division is to comprise—

Water-shed, Cutting,
Do. Tunnel,
Manufacture of stock, *viz.*, timber and lime,
} under Sergeant Murphy, Overseer.
Buildings at Thekady, Mr. Fernando.
Locks and dams, Mr. Ewing.
Road, wire tramway and all other works at water-shed.

I ask for sanction to this sub-division being formed at once, as I am of opinion that Sergeant Mr. Murphy has too much to supervise with only one clerk under him, and I am anxious to relieve him of a portion of the work.

Mr. Mackenzie will require one clerk now and probably a second next season.

II. The Periyár works I would leave as they are for the present, and I do not think the formation of a sub-division is necessary there this season.

III. Mr. Wickham I suggest should be attached for general duty in the division.

IV. The additional establishment for which I ask for sanction on the formation of the sub-division as well as other appointments as lascars which are considered necessary are given in the appended statement.

Periyar Division

Sanctioning proposals for the formation of a sub-division, for the distribution of the officers and subordinates attached to the division and for the entertainment of an additional establishment.

432/3

5th November 1887, No. 2947 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers :—

From Lieutenant-Colonel J. PENNYCUICK, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department (through the Chief Engineer for Irrigation), dated Chinnammanúr, 22nd September 1887, No. 132 P.R.

In submitting the enclosed application for increase of pay to the peons and lascars employed on the Periyár division, I have the honor to state that it has been found absolutely impossible to obtain men on the sanctioned rates of Rs. 7 and Rs. 6 per month ; in fact I believe that as yet neither Mr. Taylor nor his subordinates has got a single man. As he truly states, they can earn much more by working as common coolies.

2. To avoid the constant drawing of pay for broken periods, I would suggest that the extra rates now asked for be given, so long as the head-quarters of the division are above the Gúdalúr ghât, without reference to the actual number of days that individual men may be employed above or below, or that an extra allowance of two annas per day may be given for every day on which they are actually employed above the ghât (in addition to any travelling allowance to which they may be entitled under ordinary rules), but I prefer the former course.

3. I would also ask for the extra allowance of Rs. 3 per month for the peons and lascars of my own office so long as my camp is established above the ghât. These men have to suffer considerable hardship and extra work, and it is only right that they should receive some extra allowance. I do not think that the addition of one-third pay, recommended in G.O., No. 2314 W., of 29th August, is enough ; this rate was intended for clerks and others drawing pay exceeding Rs. 45, and in the note printed with my original report Rs. 10 per month was allowed for all peons and lascars.

Enclosure.

Periyar Project

Peons and lascars in the Periyár division.—Proposals for increase of pay to — and to peons and lascars of the Superintending Engineer's office while his camp is established above the Gúdalúr ghât, sanctioned.

15th December 1887, No. 3417 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following letter from H. S. TAYLOR, Esq., Executive Engineer, Periyár Division, to the Superintending Engineer, VI Circle, dated Thekady, 1st December 1887, No. 495 P.P. :—

In G.O., No. 2314 W., dated 29th August 1887, the appointment of one lascar only, under each subordinate, is sanctioned, under Establishment.

2. Under the peculiar circumstances of their position, I beg to represent that one lascar is hardly enough.

3. They have to pay away large sums of money three times in the month, and they keep a certain amount constantly in their cash chests.

4. They also have to send away frequently down into the valley, long distances, for various articles and with money.

5. These necessities, as well as the daily attendance of one lascar required during execution of work, call, I think, for the attachment of at least two lascars to the establishment of each subordinate.

No. 412 P.R.

Submitted to the Chief Engineer, Public Works Department, for orders.

2. I am of opinion that the peculiar circumstances of the case justify the employment of a second lascar to each subordinate, and the statement of establishment attached to my report of 1882 shows that the credit to Provincial Funds on this account is likely to considerably exceed the actual cost of establishment employed.

3. Under the circumstances, I recommend the appointment of a second lascar on Rs. 9 per month to the upper subordinates employed on the project (two in number) for the remainder of the official year.

CHINNAMANUR,
6th December 1887.

(Signed) J. PENNYCUICK, Lieut.-Col., R.E.,
Superintending Engineer, VI Circle.

Order—dated 15th December 1887, No. 3417 W., Public Works.

Under the circumstances explained, two additional lascars, on Rs. 9 each per mensem, are sanctioned for employment under the upper subordinates attached to the Periyár Project division.

2. This sanction has been registered as Provincial, No. 49 W. of 1887-88, and classified as Establishment, Temporary. It will lapse at the end of the official year.
