Note.

In the accompanying office m
the Examiner of P.W. Accounts report
that there will be a probable
saving of Rs 76,881 from the current
year's grant under Provincial for
"Establishment" and states that a
lapses may be expected under the
several funds it will not be safe
to calculate on a saving of more th
40,000 Rs.

All the S. Es except the S.E.
have reported that no surrenders
can be made under any of the
funds, but as the expenditure in
each year is always less than the
grant we cannot reckon a saving
of more than 40,000 Rs.

The following are the deman

priations should be made from
the above saving

SIR,

With reference to Para 4 of G. O. No. 139 W. of 14 January 1888, forwarded with your Endorsement No. $\frac{24}{c}$ of 25 January 1888, I have the honor to forward herewith detailed Statements of Grants and Expenditure in this Division under Repairs Civil Buildings and Communications, by which you will perceive that my probable Expenditure exceeds my existing grant by Rs. 1024 under the former and Rs 2258 under the latter. I have restricted my Expenditure to absolutely necessary works and in the interests of the buildings and roads in the Division it is very Essential that I should obtain the additional grant of Rs 1024 under Civil Buildings and Rs 2258 under Repairs Communications.

I beg therefore that you will be good enough to apply to Government for the same.
