Read—the following papers :—

From J. W. MARTIN, Esq., Executive Engineer in charge of IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 29th December 1887, No. 509 E.W.

Adverting to G.O., 21st August 1885, No. 1941 W., sanctioning an estimate, amounting to Rs. 7,348, for constructing Barrack Serjeant's quarters at Wellington, I have the honor to explain that the estimate does not provide for quarters for servants and stables. As, however, a Barrack Serjeant is a Staff Serjeant, and therefore entitled to quarters for servants and stables under appendix C, section I, Public Works Code, it is necessary to construct these buildings in connection with the Barrack Serjeant's quarters now being constructed at Wellington.

2. The Executive Engineer has prepared the accompanying plan and estimate, amounting to Rs. 346, for servants' quarters and stables, which I submit for approval and sanction. The estimate was prepared on the requisition of the Deputy Assistant Quartermaster-General and approved by the Brigadier-General Commanding Southern District. It is proposed to construct the buildings with the dismantled materials of the building known as "Punishment shed" at Wellington, the demolition of which was sanctioned in G.O., 24th September 1887, No. 2536 W. The Executive Engineer reports that he anticipates there will be a saving of Rs. 500 on the sanctioned estimate, amounting to Rs. 7,348, for Barrack Serjeant's quarters, and suggests that the cost of the servants' quarters and stables should be met from this saving.

From Brigadier-General E. FAUNCE, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 19th January 1888, No. 279 A.

In returning reference O.G., No. 185 of 11th instant, I am desired to state that the plan and estimate (Rs. 346), therewith received, for providing stable accommodation and servants' quarters for the Barrack Serjeant's quarters at Wellington, have been approved by the Commander in-Chief.

No. 486, Military.

Approved, and the referred papers returned to the Public Works Department.

ORDER—dated 8th February 1888, No. 450 W., Public Works.

The estimate, amounting to Rs. 346, for providing stable accommodation and servants' quarters for the Barrack Serjeant's quarters at Wellington, is sanctioned as supplemental to the estimate of Rs. 7,348 sanctioned in G.O., No. 1941 W., dated 21st August 1885.

2. This sanction has been registered as Imperial, Ordinary, No. 64 W. of 1887-88, and classified as Military, Original Works.

3. The suggestion noted on the plan by the Chief Engineer should receive attention.

I have the honor to solicit the sanction of Government to the demolition of a building at Wellington known as the "punishment shed" which is not included either in Military or Public Works Department returns. This building is said to have been constructed a few years ago as a workshed for prisoners, who then occupied as cells some quarters in the lower storey of No. 3 Block Married Quarters; but as cells have since been built elsewhere, this workshed is no longer required, and, moreover, from its contiguity to the block of married quarters, it precludes the free circulation of air.

NOTE OF REMARKS. W.M. 3.2.88

The estimate under review amounting to Rs 346 provides for constructing Servant Quarters and a Stabl to the Barrack Sergeant Quarters at Wellingto sanctioned in G.O. No 1941W d/21st August 1885 –

It is proposed to construct the propos additions contiguou to and in continua of the existing latri with the material obtained from the Punishment Shed ordered to be disman in G.O. No. 2534 of 21st September 1887 and to meet any additional expenditure that may be incurred from the saving of Rs 350 [illegible] in the est. of Rs 3448 sanctioned for Barrack Sergeants Quarters.

The position of the entrance to the servants quarters appears to be faulty in the entrance, as pointed out by the Chief Engineer on the plan, and should be placed at the front of the building in said line of the other side.

The rates are fair with the exception of plastering and whitewashing the rate for which is slightly in excess of the schedule but the quantity is so small that it is not worth noticing.

The Estimate has been countersigned by the Dy Engr General and approved by Govt. in the Mily. Deptt.—
