GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following papers :—

From Colonel ROSS THOMPSON, R.E., Executive Engineer, Presidency Division, to the Superintending Engineer, V Circle, dated Bangalore, 29th November 1887, No. 924 S.E.

On receipt of Superintending Engineer's memorandum, No. 3650, dated 19th October 1886, the payment of compensation for quarters was discontinued from the month of October 1886, and medical officers concerned were informed that house-rent in lieu of compensation would be paid. The bills for compensation for quarters received from the Senior Medical officer, Station Hospital, Madras, were therefore returned to that officer, and he was requested to submit the claims in the house-rent bill form supported by landlords' receipts. These bills were retained by the Senior Medical officer, and no claim was made by him for either house-rent or compensation since October 1886. In his letter No. 313, dated 13th September 1887, he requests that some settlement may be made of the long outstanding dues to the subordinates of his hospital. I have therefore the honor to request you will be good enough to accord your sanction to the payment of compensation for quarters to the medical subordinates noted in the accompanying statement, who have permanently left Madras.

2. The subordinates attached to the Station Hospital are—

1. Apothecary H. Tallent.
2. Do. S. Sunjeeve.
3. Assistant Apothecary T. H. Bonner.
4. Do. A. W. J. Lynsdale.
5. Do. R. F. H. Hankins.
6. Do. J. J. Brodie.
7. Apothecary G. W. Eate.
8. Assistant Apothecary W. P. B. Hart.

Of the above, 2, 3, 4 and 6 are entered in the statement for compensation for quarters. I have asked the Senior Medical officer to submit house-rent bills supported by landlords' receipts for Apothecary Tallent, who is living in a house renting for Rs. 35 per month. As Apothecary Hankins has frequently been in and out of Madras, I have asked for particulars of his movements. Assistant Apothecary Hart is, I believe, living in the Esplanade Hotel, and I have asked for further particulars about him. Apothecary Eate has been transferred to Secunderabad, but as the date of his departure is not known, I have called upon the Senior Medical officer for information. On receipt of reply from the Senior Medical officer regarding Messrs. Hankins, Hart and Eate, I shall submit their claims for orders.

No. 3632.

Forwarded to the Chief Engineer, Public Works Department, for sanction to compensation in lieu of quarters being paid under the circumstances reported by the Executive Engineer to Apothecary Sunjeeve and Assistant Apothecaries Bonner, Brodie and Lynsdale who left the station. Assistant Apothecary Lynsdale however is again in Madras and draws house-rent. The sanction asked for above for payment of compensation is for October and November 1886 for Apothecary Sunjeeve, October 1886 to January 1887 for Assistant Apothecary Bonner, 14th November 1886 to April 1887 for Assistant Apothecary Brodie, October 1886 to 16th January 1887 for

Assistant Apothecary Lynsdale. I also request that sanction may be given under the circumstances to compensation in lieu of quarters being paid to Assistant Apothecary Hankins and Apothecary Eate for the periods they have been in Madras.

2. If Assistant Apothecary Hart has taken up his residence in the hotel without, as seems to be the case, applying to this department for quarters, he should not, I think, be considered as entitled to any compensation in lieu of quarters. I think explanation should be called for from the Senior Medical officer of the Station Hospital, Madras, as to his not complying with the Executive Engineer's request for house-rent bills instead of bills for compensation in lieu of quarters. The Executive Engineer's action in calling for house-rent bills is explained in my letter No. 1578, dated 9th July 1887, paragraph 2.

CHEPÂK,
2nd December 1887.

(Signed) H. M. VIBART, Col., R.E.,
Superintending Engineer, V Circle.

From Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 21st December 1887, No. 4090.

In continuation of my endorsement, No. 3632, dated 2nd December 1887, I have the honor to state that the amounts of compensation in lieu of quarters that will have to be paid, if sanctioned to Apothecary Eate and Assistant Apothecaries Hankins and Hart, will be Rs. 401-10-10, Rs. 310-7-10 and Rs. 270 as per details given in the accompanying statement.

From the Examiner, Public Works Accounts, dated 26th January 1888, No. 1003.

ORDER—dated 11th February 1888, No. 489 W., Public Works.

S. Sanjeeve.
T. H. Bonner.
J. J. Brodie.
A. W. J. Lynsdale.
R. F. H. Hankins.
G. W. Eate.

Payment of compensation in lieu of quarters for the periods mentioned, on account of the medical subordinates named in the margin, is sanctioned; but the amount should not exceed the actual house-rent paid by each individual. Such amount may be certified by the subordinates' superior officers if house-rent bills are not forthcoming.

2. With respect to Apothecary Hart, payment of compensation cannot be sanctioned in the absence of explanation whether application was made to the Executive Engineer to provide quarters for him.

3. The attention of the Surgeon-General will be drawn in the Public Department to paragraph 1136 of the Public Works Code, under which requisition should be made to the Executive Engineer in all cases to provide quarters for subordinates entitled thereto, and also to paragraph 1138, under which the Public Works Department is under no obligation to pay rent for quarters hired without its intervention.

It appears as regards 1,2,&6 (Apothecaries H. Tallent and and S. Suhgeve and Asstt. Apothecary J. J. Brodie) that the Executive Engineer apparently with the knowledge of the apothecaries arranged to repay them the rent paid to the land-lords, and accordingly asked the Senior Medical Officer instead of submitting compensation claims to submit in house rent bill form claims for house rent actually paid, supported by the land-lords' receipts.

The action of the Executive Engineer was not strictly regular, but it was presumably taken with a view to the convenience of the apothecaries themselves; and if the Senior Medical Officer considered the arrangement objectionable he should, it is thought, have said so at once. The Executive Engineer certainly ought to have sent reminders, though he admits that he did not, but as neither the Apothecaries nor the Senior Medical Officer seem to have taken any further steps, there seems to be no valid reason why they should get any more than the rent of the houses. Had the Executive Engineer chosen to insist on carrying out the letter of the rule and taken new quarters for them, himself, he would probably have put the men to great inconvenience.

2. As regards Apothecary Hart, it does not seem clear that he ever applied for quarters; and as the rule on this point seems in a fair way to become a dead letter, it may be a question whether it would not be well to decline payment of
