Seven Pagodas

Orders directing that the — should be in charge of the Executive Engineer, Buckingham Canal division.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 29th November 1887, No. 3557 :—

With reference to paragraph 2 of G.O., No. 3056 W., dated 12th November 1887, I have the honor to state that it appears to me ~~unadvisable~~ to transfer the work at Seven Pagodas to the Buckingham Canal division.

2. The Sub-divisional officer of the Buckingham Canal division, nearest to Seven Pagodas, is at Madras, though there is an overseer of the Canal division stationed at Covelong and at Sadras according to the last published list of distribution of establishments.

3. The Sub-divisional officer at Chingleput has a good road to Sadras and thence to Seven Pagodas, which is only a few miles distant, he can easily go by the canal. Besides, the Executive Engineer of the Chingleput division at the Mount is nearer to Seven Pagodas than the Executive Engineer of the Buckingham canal, whose headquarters are at Pulicat, and the Superintending Engineer, V Circle, is very much nearer than the Superintending Engineer, II Circle. I think therefore that the work at Seven Pagodas should be in charge of the Executive Engineer, Chingleput.

ORDER—dated 7th December 1887, No. 3360 W., Public Works.

On further consideration the Government are of opinion that the Seven Pagodas should be in charge of the Executive Engineer, Buckingham Canal division. The Superintending Engineer, V Circle, will arrange to have the work transferred accordingly.

(True Extract.)

(Signed) J. O. HASTED, Colonel, R.E.,
Secretary to Govt., P.W.D.

To the Superintending Engineer, II Circle.
