Item No 1 - Sufficient Estimates have not been sanctioned to admit of the grant being fully utilised, hence the surrender of Rs 1,000 from the existing grant of Rs 4,80

Items 2 to 7. are savings in Estimates or grants.

Item No 8 - The work has been stopped owing to the failure of the Contractor, and as there will be some delay in resuming it, the full grant cannot be utilised before the end of March next.

Item No 9 - Owing to the objection raised by the Municipality to building front verandah, a sum of Rs 2,000 is surrendered. The Municipality

Considers

onsiders that the verandah on the
stern and Northern side of the Cutchery
ill narrow the street and mar the
metry and general view of the street.
he matter is under reference to the Collector,
whom it has been pointed out that
e verandah will not be extended beyond
e present row of trees, which prevent
xtended view down the street.

tem No. 10.- Work completed and the
lance of the grant not required.

tem No. 11.- The amount of Contingencies -
s. 103. is not required for expenditure.

tem No. 11a.- The demand for the remainder
the year is only Rs 722 and so Rs 78
e surrendered from the additional
ant of Rs. 800 sanctioned in your
legram dated 7th Instant.

tem No. 12.- The Boat Basin filling wont
possible up to more than 2 feet above
ow on river side until the extension
jetty is carried out, owing to the di-
lapidation of existing face wall. The
lling will slope down to water edge
d this will allow of access for boats
uring extension of jetty wall.

Item

---

Item No. 13.- On account of continuance of rains the grant cannot be fully utilised, but it is necessary to complete the construction of Culvert. The early sanction to the Estimate, submitted with this Office No.† 1814 D.J. d/ 9th January/88, is therefore particularly requested.

† No. 436 W d/ 7/2/88 in Pros as 87/2

Item No. 14.- The necessity for early sanction to the Estimate for this work and for provision of funds has been already reported in this Office Nos. 14262/29-10-87 & 19723 x/2-2-88. It is necessary to pay for work already done, and to complete the remaining kitchen & bath room, without delay for convenience of the Sergeant Instructor.

x Cannot be traced.
Mem: 1188 - L.O.

Item No. 15.- For this work an Estimate of Rs 1340 was sanctioned by the Director General of Post Office and funds allotted at the end of 1885-86, Vide G.O. No. 709 W. of 17th March/86; Rs 939 were spent up to the end of the last official year, and the work has been finished this year at a further outlay of Rs. 635 or at a total cost of Rs. 1574, that is Rs. 234 in excess of the sanctioned Estimate. The balance of the Estimate was applied for in the list of Incomplete works,x but it was disallowed, as

x Vide G.O. No. 1617a/15-6-87 Item No. 2 in statt D.

the

the amount then required was within
Rs 600. The current year's outlay
having exceeded the above limit,
the Post Master General was in a
letter No. $\frac{786\text{ MB}}{7\text{-}11\text{-}87}$ asked to obtain an
allotment of funds to cover the outlay,
but this Officer, in his reply dated
14th January 1888 No. 16420, stated that
no funds were available, the minor
works grant for the current year
having already been appropriated,
and that he addressed to the Director
General on the subject. Nothing has
been since heard from that Officer.
The excess over the sanctioned Estimate
was due to the substitution of burnt
bricks for raw bricks in walls and
the other minor improvements suggested
by the Superintendent of Post Offices.
The work has been completed before
the revised Estimate could be sanctioned,
and an appropriation is necessary
to meet the current year's outlay.
