READ—the following letter from Surgeon-Major H. D. COOK, M.B., Superintendent, Lunatic Asylum, to the Secretary to the Surgeon-General with the Government of Madras, dated Calicut, 21st October 1884, No. 136:—

I have the honor to forward a true copy of letter from the Superintending Engineer, IV Circle, forwarding plans and estimates for providing additional accommodation for this asylum.

2. I trust the work may be carried out without delay as patients are gradually increasing.

ENCLOSURE.

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Superintendent, Lunatic Asylum, Calicut, dated Coimbatore, 9th October 1884, No. 332 M.

With reference to G.O., No. 3361, of 23rd November 1883, I have the honor to forward, for transmission to Government for sanction, if approved by the Surgeon-General with the Government of Madras, two plans and an estimate, amounting to Rs. 10,346, for providing additional accommodation in the Lunatic Asylum at Calicut.

1 Site plan.	1 Estimate, detailed.
1 Plan.	2 Abstract estimates.
1 Report.	1 Estimate.
1 Specification.	1 Plan.

2. A site plan, report and specification are herewith enclosed.

No. 251.

Forwarded to the Chief Secretary for the favorable consideration of Government.

FORT ST. GEORGE,
3rd November 1884.

(Signed) W. R. CORNISH,
Surgeon-General with the Govt. of Madras.

No. 2506, Judicial.

Approved and transferred to the Public Works Department, in continuation of endorsement, dated 21st November 1883, No. 2248.

(By Order.)

(Signed) M. HAMMICK,
Acting Assistant Secretary.

11th November 1884.

ORDER—dated 18th November 1884, No. 2876 W., Public Works.

The estimate, amounting to Rs. 10,346, for providing additional accommodation at the Lunatic Asylum at Calicut, is sanctioned for entry in the Provincial Budget for 1885-86.

2. This sanction has been registered as Provincial No. 198 W. of 1884-85, and classified as Civil Buildings, Original Works.

READ—the following letter from Surgeon-Major H. D. COOK, M.B., Superintendent, Lunatic Asylum, Calicut, to the Secretary to the Surgeon-General with the Government of Madras, dated Calicut, 23rd October 1886, No. 159 :—

With reference to your endorsement, No. 2720, of 1st June 1886, on G.O., Mis. No. 1306, dated 18th May 1886, I have the honor to forward a supplemental estimate received from the Superintending Engineer, IV Circle, with marginally, noted papers, in accordance with the recommendation of the Surgeon-General, for certain alterations in converting the sweepers' quarters into convalescent ward.

1 Report.	1 Abstract, original.
1 Estimate.	1 Letter.

2. I request you will kindly take the necessary steps to receive order from Government for sanction of allotment of funds to proceed with the work at once.

3. I may add here that the compound-wall work will be finished within a fortnight, and the remaining work will be in abeyance pending the orders of Government.

4. The finishing of the work is very urgent, owing to want of accommodation for lunatics, and solicit the early orders of Government.

No. 330.

Forwarded to the Chief Secretary for the early sanction of the Right Honorable the Governor in Council.

FORT ST. GEORGE,
29th October 1886.

(Signed) G. BIDIE,
Surgeon-General with the Govt. of Madras.

ORDER—dated 17th November 1886, No. 3038 W., Public Works.

The estimate, amounting to Rs. 780, for converting the sweepers' quarters into out-patients' wards and constructing a compound-wall at the lunatic asylum, Calicut,

is sanctioned as supplemental to the estimate of Rs. 1,960, sanctioned in G O., No. 33 W., dated 6th January 1886; and the amount, Rs. 780, is allotted from the Provincial reserve with the Government.

2. This sanction has been registered as Provincial, No. 136 W. of 1886-87, and classified as Civil Buildings, Original Works.

(True Extract.)

Estimate, &c., for conversion of sweepers' quarters into patients' wards, &c., at lunatic asylum, Calicut.

No. 367.

Approved and forwarded to the Chief Secretary for submission to Government.

FORT ST. GEORGE,
1st December 1885.

(Signed) M. C. FURNELL,
Surgeon-General with Government.

No. 2121, Judicial.

Approved, and transferred to the Public Works Department.

11th December 1885.

(Signed) W. WILSON,
Ag. Chief Secretary.

ORDER—dated 6th January 1886, No. 33 W., Public Works.

The estimate, amounting to Rs. ~~1,920~~ 1960, for converting into patients' wards the sweepers' quarters at the lunatic asylum, Calicut, is sanctioned.

2. As recommended by the official visitors, the work will be carried out by the Superintendent of the asylum, and passed, on completion, by the Executive Engineer. If the requisite funds cannot be provided by the Superintending Engineer before the end of the current official year, the work should be included in the statement of demands against the reserve to be submitted early in 1886-87.

3. It is observed that the execution of the work now sanctioned will render unnecessary, for the present, the larger scheme estimated to cost Rs. 10,346, and sanctioned in G.O., dated 18th November 1884, No. 2876 W.

4. The sanction accorded in paragraph 1 has been registered as Provincial, No. 192 W. of 1885-86, and classified as Civil Buildings, Original Works.

Inspection Notes of the Superintending Engineer, VI circle for the month of January 1888.

No. 561 C d/8 Feby 1888

12 January 1888.

Journal Naicks Palace.

I made this remark when I last inspected the building - but so much hard work done that it did not seem desirable to make the alteration

1. The work is nearly all completed. I think it is to be regretted that cut granite flooring has not been used everywhere instead of Portland Cement, which though a good material does not seem to wear well. A passage leading to the Court, laid last May, has already broken up so much that Mr. Hughes is going to lay down Granite - Portland Cement flooring costs Rs 16, and dressed Granite Rs 33. So for a few thousand Rup

extra, a small percentage on the whole sum spent, an indestructible flooring would have been obtained.

2. The proposed arrangements for the Revenue records seem to me to require reconsideration. It is proposed that they should be kept on open stands or racks behind wooden screens. An evil disposed or mischievous person might easily set fire to the whole. I do not know the nature of the Records which it is proposed to keep on these stands, but whether valuable or not, they might cause considerable loss and damage if set alight.

I suggest that the arrangement was either at the Superintendent or at the Approval of the Rev: officer.

A Subordinate should be instructed.

3. I examined the system of Lightning conductors on the roof. They require alteration in some places, the end strips of copper leading to the earth plate being of less section than the strips near the points. They require testing throughout but as far as I can learn there is no one in the Circle competent to do it.

A new Cabinet had been built for the Court and other office Establishment. It was supposed not to be in use, but was in a filthy state, whether from use by towns people or the Govt Establishment was not known. I regret

the Executive Engineer to arrange ab once for the employment of a sweeper.

Town Sub. Magistrate's office & sub. Jail.

This is a very nicely finished building, but the approach to it through a broken-down gate way & muddy Road should have been made right when the Building itself was constructed.

Collector's old bachers

This is proposed to be divided between the Police & Postal departments, when the Collector and his Establishment move into the Palace. A new Court room is required for the Tahsildar sub magistrate

Translator took they were the ring arches.

and will be built on part of the old site.

13th January 1888.

Vaigai Bridge work.

Two Centerings up for the 2 arches on the right side of the River & arch work has been commenced. Bonded & not ring arches are being built. The centerings have enough timber in them to stand, if properly built, as framed structures, instead of which they have 25 pillars with sand boxes below them. In this case the scantling might have been much less, but I understand from Mr Clerk Executive Engineer that the details of the centerings had been settled before the P. W.

→ took charge & that the timber had been ordered.

Yes. I saw both them.

The bricks being used were not of the best quality, as owing to lime stone nodules in the clay they had cracked. Bricks for the future were to be made at Sholavandan, but the men who had undertaken the contract do not seem able to carry it out. The supply of bricks is much behind hand & the Executive Engineer will have to make arrangements for their regular supply in future or the work will be delayed. The stone work done is of first rate quality. There is a good deal of machinery, a pulsometer pump &c

There has been some correspondence about the bricks. Col Penny thinks it would be possible to get very fair bricks

for sale. These will be disposed of as soon as possible.

The approaches on the left of the Bridge might I think have been much better laid out, but so much of the earthwork has already been done, that it is now too late to make any alteration.

21st January 1888.

Gudalur Road and Kunnavanmuth Bridge.

The Road is in fair order from Cumbum to near Gudalur. Between Gudalur & Kunnavanmuth, the road is in parts incomplete and south of Kunnavanmuth, no metalling has been done.

On the Bridge the work has practically been at a stand still since the Pongal fes-

owing to the Contractor being in pecuniary difficulties -

The bridge is now complete to springing level, the work done is very good. Centerings are being made up with timber supplied from the Periaz Du, which is to be returned - The first kiln of bricks has not turned out very satisfactorily, the bricks being cracked - There is great difficulty in getting stone cutters & brick moulders - Mr Mahony the sub. Dr officer will I have no doubt do his best to push on the work, but it is very doubtful if he can have the arches finished by the beginning of June as they should be -

I am sorry to have to state that the work is of importance & should be pushed on.

The rest of the work will have to be done departmentally -

The man who has hitherto carried out the work has been employed only as a piece worker, no regular contract having been entered into with him - A further loss on materials taken over from the Local Fund Board has been discovered - Some heaps of stones supposed to be dressed stones, because those on the outside were dressed, were when opened out, found to consist of rough stone inside -

Sir,

Euclot.

I have the honor to return herewith my Inspection Remarks for last month, your remarks having been duly noted.

2 I would however beg to suggest for your consideration whether the danger of fire among the records which it is proposed to keep behind open screens in an open building, should not be specially laid before Government.

3 We shall shortly hand over the whole of the restored Palace

to

to the various Departments to which space has been allotted, and I should not like to do this without having placed on record my views as to the possible danger connected with these records, & without being relieved from all responsibility in connection therewith.

I have the honor to be,
Sir,
Your most obedient Servant.

Mr. M. Stokes

Sir the order

REGISTRAR'S OFFICE, NILGIRIS,

No. 7 Ootacamund 26th January 1888.

FROM F. Fraser Lewerle
~~THE~~ REGISTRAR,
NILGIRIS,

TO G. Hamnett Esqr C.I.E.
~~THE~~ INSPECTOR-GENERAL
OF REGISTRATION,
MADRAS.

SIR,

I have the honor to lay the following facts before you for your kind consideration.

2. It is now more than twenty days since I have been using the quarters assigned for my office in the jail, and my view as to their unsuitability (already reported to you in my letters No. 77 dated 19th December, No. 79 dated 29th December 1887 and No. 2 dated 16th instant) is daily being strengthened.

3. The Building stands at the entrance to the main block, one half of it being on one side of the high wall enclosing the block and the other half on the other side within the gate, so that the former is always in shade and the latter exposed to the sun. Just now only the latter half of the building is occupied

by me, the other not being ready for use, and the intense heat and glare of the sun's rays darting into the room is unbearable, especially as there is no protecting veranda outside, and the room is uncomfortably small as shown in the plan already submitted by me.

4. From a conversation I had lately with the Supervisor Dr. Bragg, I understand that very slight alterations are to be made to the building, so that the inconvenience I now complain of will never be removed, and in fact cannot be removed unless the building is thoroughly renovated.

5. Under the circumstances I deem it necessary to request you will be pleased to represent the matter to Government in order that Quarters may be provided for us elsewhere.

I have the honor &c
Sir
Your most obedient Servant
F. Kaye Lemesle
Registrar.
