W. Stores. As the State Railways is a Government Department, the additional charge of 23 per cent required under Code para 1851 I was not added to the Book Value of the timber. It was pointed out however by the Examiner that under G.O. 1738 W dated 10th July 1886, the charge of 23 per cent should be added to the book value of the timber issued to the State Railways.
