GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From H. M. WINTERBOTHAM, Esq., Collector and President, District Board, Bellary, to the Chief Secretary to Government, dated Bellary, 18th December 1886, No. 1269.

I have the honor to submit (by separate packet) the Local Board's consolidated budget estimate of the Bellary district for the official year 1887-88, together with the statements prescribed in the rules received with G.O., dated 26th June 1886, No. 721 L.F.

A copy of District Board's resolution passing the budget is submitted.

REVISED ESTIMATE, 1886-87.

2. *Receipts.*—The opening balance of the revised estimate as certified by the Accountant-General was Rs. 1,07,477.

Apart from the opening balances, the assets of the current year according to the budget estimate were anticipated to be Rs. 1,55,720, while the receipts by the revised estimate are calculated at Rs. 1,59,696, being an increase of Rs. 3,976. The fluctuations occur principally in the following items :—

Item of receipts.	Budget estimate.	Revised estimate.	Difference.
	RS.	RS.	RS.
(*a*) Land-cess	1,24,000	1,29,600	+ 5,600
(*b*) Tolls	5,900	6,300	+ 400
(*c*) House-tax	6,800	5,550	— 1,250
(*d*) Contributions from private individuals	500	350	— 150
(*e*) Market rents	3,140	2,830	— 310
(*f*) Fishery rents	800	1,020	+ 220
(*g*) Contributions from Provincial funds for education ..	1,590	1,110	— 480
Total ..	1,42,730	1,46,760	+ 4,030

(*a*) *Land-cess.*—The anticipated increase under this head (Rs. 5,600) is justified by the favorable character of the season.

(*b*) *Tolls.*—The increase is attributable to the fact that a sum of Rs. 416 due from the Bellary Municipality for March 1886 was credited in the accounts of the current year, as explained in paragraph 4 (*b*) of the Administration Report for 1885-86.

(*c*) *House-tax.*—On the assumption that house-tax will be levied at the maximum rates, a sum of Rs. 6,800 was provided in the budget under this head. The decrease in the revised estimate (Rs. 1,250) is due to the tax being subsequently assessed at half maximum rates in Bellary and Hospet taluks as sanctioned in G.O., dated 17th July 1886, Mis. No. 822 L.F.

(*d*) *Contributions from private individuals.*—The President of the Hospet Taluk Board anticipates difficulty in realising certain promised subscriptions towards public works ; hence decrease.

(*e*) *Market Rents.*—Since the submission of the budget, the Chitwadigi market has been rented out by auction for Rs. 315, whereas a much larger sum was anticipated.

This market is close to Hospet and has been prejudicially affected by the new railway, which diverts trade to other centres of exchange.

(*f*) *Fishery Rents.*—The increase of Rs. 220 under this head is supported by the actuals realised at sales effected since submission of the budget.

(*g*) *Contribution from Provincial Funds for Education.*—The decrease of Rs. 480 under this head is attributable to masters teaching standards below the Fourth having been declared ineligible for grants, and to the unexpectedly small number of Normal students under training.

The variations under other items of receipts are slight and are explained in the revised estimates.

3. *Charges.*—The following statement shows the variations between the figures of the budget estimate and those of the revised estimate under the several grants:—

	Budget estimate.	Revised estimate.	Difference.
	Rs.	Rs.	Rs.
Grant I	1,12,450	1,15,400	+ 2,950
Do. II	24,030	23,650	— 380
Do. III	38,520	38,560	+ 40
Do. IV	10,480	12,160	+ 1,680
Total ..	1,85,480	1,89,770	+ 4,290

The increase in Grant I is due to the allotments sanctioned for new works from time to time subsequent to the submission of the budget, as will be seen from the statement of revised grants herewith submitted.

The increase under Grant IV is due to the provision of salary for the assistant temporary auditor, to the payment of Rs. 1,020 to the Government for printing, and to meet an inadequate allotment for batta to non-official members.

The variations under other items of expenditure are explained in the remark column of the revised estimate.

BUDGET OF 1887-88.

4. *Revenue and Receipts.*—The closing balances of the revised estimates (Rupees 1,14,240) have been taken as the opening balance for the ensuing year.

The receipts of the year are estimated at Rs. 1,67,540 exclusive of the opening balance, Rs. 1,14,240. The estimated receipts of the ensuing year exceed those (Rs. 1,55,720) of the current year by Rs. 11,820, and are below the actuals of 1885-86 by Rs. 6,960. The increase occurs principally in the items of land-cess and house-tax. The fluctuations in the important items of receipts are exhibited and explained below:—

	Budget, 1887-88.	Budget, 1886-87.	Difference.
	Rs.	Rs.	Rs.
Land-cess	1,29,030	1,24,000	+ 5,030
Tolls	5,900	5,900	..
House-tax in Unions	15,300	6,800	+ 8,500
School-fees	2,200	2,280	— 80
Market-rents	2,870	3,140	— 270

(*a*) *Land-cess.*—The estimate of Rs. 1,29,030 is based on the assumption that the ensuing year will be as favorable as the year current. The demand, collection and balance statement of land-cess for the ensuing year is submitted.

(*b*) *Tolls.*—The Board have no toll-gates of their own, but the Municipalities of Bellary and Adóni will contribute respectively one-third and one-fourth of their toll collections as usual.

The estimate of Rs. 5,900 is taken from the actuals of the current year.

(*c*) *House-tax in Unions.*—Rs. 15,300 are estimated under this head. Comparison with the current year's figures is useless, because the tax will only be levied for nine months in the current year and the number of unions has undergone change.

It is proposed to levy the tax at maximum rates in all unions. The details for each union are given in statement VIII.

(*d*) *Market Rents.*—The decrease is explained in paragraph 2 (*e*) *supra.*

(*e*) *Ferry Rents.*—Rs. 6,230 is anticipated under this head as against Rs. 7,340 in the current year. The actuals of 1885-86 were Rs. 4,140.

The Collector of Dharwar, who pays the Bellary Board a moiety of the collections of the Hesrur Sovinahalli ferry, reports that the contractor for the current year has lost heavily by the opening of the railway, and that the District Board's share next year will not exceed Rs. 480 as against Rs. 1,840 in current year. This is the chief cause of the decrease.

(*f*) *Pound Fund.*—Rs. 700 is as large a balance as is likely to be available, making allowance for the cost of repairs to pounds.

The other items of receipt are almost repetitions of the figures of the current year.

It will be seen that in addition to the one-half of the land-cess transferred to the several Taluk Boards under section 55 of the Act, the District Board propose to make contributions aggregating Rs. 61,100 from the District fund, to enable the Taluk Boards to balance their income and expenditure.

5. *Expenditure.*—The estimated expenditure for 1887-88 is Rs. 2,20,560 excluding Rs. 61,100, the amount allotted to Taluk Boards under section 55 of the Act, and a reserve of Rs. 17,250 for unforeseen charges. The expenditure estimated in the budget for the current year was Rs. 1,85,540, or Rs. 1,89,210 according to the revised estimate, while the actuals of the previous year amounted to Rs. 1,66,228.

The large increase is mainly due to the cost of sanitary and other improvements in the new unions and to increased provision for new works.

A statement showing the probable financial condition of the year is subjoined:—

Boards.	Estimated Receipts.	Allotments to Taluk Boards from District Fund.	Total.	Estimated Expenditure.	Reserve at 10 per cent. of the Estimated Receipts.	Total.	Balance.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.

Adóni do. ..	35,220	9,200	44,420	38,000	3,390	41,390	3,030
Hospet do. ..	50,120	37,500	87,620	77,600	4,270	81,870	5,750
District Board	1,68,910	..	1,68,910	† 1,31,150	7,240	1,38,390	30,580
Total ..	2,81,780	61,100	3,42,880	2,81,660	17,250	2,98,910	43,970

* Includes opening balance.
† Includes Rs. 61,100, allotments to Taluk Boards from District funds.

6. *Grant I, Public Works—Communications, Roads.*—No new works have been provided for under this head. Maintenance grants amounting to Rs. 76,865 have been allotted for the upkeep of 36 lines of communication as shown in statement III-B and for the repair of sundry petty roads in villages.

A tracing showing the position of the roads, toll-gates, ferries, dispensaries and travellers' bungalows is forwarded by separate packet.

(*a*) *Civil Buildings.*—An allotment of Rs. 19,900 has been made under New Works, Civil Buildings. The construction of a dispensary at Ráyadrug, Yemmiganúr and Kampli, and of a school-house at Harpanahalli; an extension of the school building at Hospet; and the erection of chattrams at Kanakal, Kúdligi, Nandibevur and at Sovinahalli are proposed to be undertaken during the year. The details of these works are given in statement II-A.

An allotment of Rs. 1,900 is made for repairs of civil buildings against the current year's allotment Rs. 2,000. The actuals of the previous year were Rs. 2,860. Of the allotment, Rs. 500 is intended for hospitals and dispensaries, Rs. 300 for school buildings, and the balance Rs. 1,100 for chattrams and travellers' bungalows.

(*b*) *Miscellaneous Public Improvements.*—A sum of Rs. 7,020 is provided under New Works for sinking wells, &c., as enumerated in statement III-A. The allotment under Repairs is Rs. 6,750. Of this sum Rs. 3,500 is intended for the maintenance of avenues, and the remaining Rs. 3,250 for water-supply works.

(*c*) *Local Fund Engineering Establishment.*—The cost of Local Fund engineering establishment is estimated at Rs. 18,430 against the current year's allotment of

Rs. 17,820. The increased provision of Rs. 600 is rendered necessary on account of the increment of Rs. 50 to which the Local Fund Engineer will be entitled from 1st April 1887 in accordance with the terms of his appointment. His pay is budgetted for at Rs. 450 per mensem. The cost of the engineering establishment has been apportioned between the respective Taluk Boards and the District Board as directed in G.O., dated 15th November 1886, No. 1532 L.F. (Financial)

(*d*) *Tools and Plant and Contingencies.*—An allotment of Rs. 700 is provided under Tools and Plant, and Rs. 1,000 for contingencies.

7. *Education, Grant II.*—The total allotment for education is Rs. 25,550 against a bugdet grant of Rs. 21,740 for the current year. The actuals of the previous year were Rs. 21,300.

The increase is due to a revision of the school establishments in the Hospet Range sanctioned by the District Board and about to be submitted for the approval of Government.

(*a*) *Inspection.*—The allotment for inspection is Rs. 2,060 as in the current year.

(*b*) *Normal School.*—The current year's provision of Rs. 2,800 for the Bellary Normal School has been repeated.

(*c*) *Local Fund Schools.*—The amount allotted for schools, both secondary and elementary, is Rs. 11,110 against a budget grant of Rs. 8,730 for the current year. Provision has been made for a new Salary-results school at Mollagavelli and for a revised scale of school establishment in the Hospet Range as mentioned in paragraph 7 *supra*. Estimated receipts and charges of all the schools are given in statement IV. A sum of Rs. 9,500 against the current year's allotment of Rs. 8,500 and the actuals of the previous year, Rs. 9,126, is provided for the ensuing year under results grants. The provision is not excessive, considering the actuals of 1885-86.

The contribution on account of half the cost of the two deputy inspectors of schools in the district, payable from Local funds, is not shown, as the cost has not yet been intimated by the Accountant-General and the District Board have not had time to come to an agreement with the two municipalities in the district as to the proportion chargeable to them. The amount to be provided shall be reported as soon as possible.

8. *Grant III, Medical Services, &c., Dispensaries.*—The total allotment for dispensaries is Rs. 13,860 against Rs. 13,180 for the current year as detailed in statement V. The increase is chiefly due to the provision for a midwife in each of the dispensaries in the district as sanctioned in G.O., dated 7th October 1886, Mis. No. 1279 L.F., the Hadagalli dispensary being provided with a nurse in addition;* a compounder has also been provided for Harpanahalli dispensary on Rs. 7 per mensem.

* G.O., 29th Sept. 1886, Mis. No. 1427 L.F.

A sum of Rs. 180 has been allotted for the training of midwifery pupils. The provision for this purpose in the current year's budget remains unutilized, as no candidates offered themselves for training.

Pending the final orders of Government on this office letter, No. 136, dated 30th April 1886, the District Board have omitted the provision on account of contribution to the Madras Medical College both in the current year's revised estimate and the budget for 1887-88.

(*a*) *Vaccination.*—The provision for vaccination is the same as that in the previous year.

The contribution of Rs. 20 paid annually by the Adóni Municipality for the services of the District Board's Deputy Inspector of Vaccination is omitted from the budget and the revised estimate, because the Municipality no longer require his services and decline to continue the contribution.

Their vaccinator is now supervised by the medical officer in charge of the Adóni dispensary.

(*b*) *Sanitation.*—The allotment for sanitation is Rs. 21,330 against the current year's estimate of Rs. 10,300. The increase is due to the advance of sanitary improvement in union villages. The details of sanitary expenditure are given in statement VI.

656/A

(*c*) *Markets.*—Rupees 720 are allotted under this head against Rs. 640 in the current year. The actuals of the previous year were Rs. 110. The increase is anticipated from an extension of the market-fee system. A sum of Rs. 4,300 has been allotted for the improvement of market sites and for erecting stalls, as shown in statement III-A. The details of receipts and expenditure are shown in statement VII.

(*d*) *Choultries.*—A sum of Rs. 200 is shown as receipts from the inam lands attached to the Bapu Row's chattram at Hampsagar taken over by the District Board under sanction accorded in G.O., No. 228, dated 23rd February 1886 L.F. (Financial). A sum of Rs. 510 is allotted for expenditure under this head against Rs. 443 in the current year. The increase is due to the proposed employment of sweepers in the chattrams at Kamalápuram, Itigi, Kottur and Ballahunsy.

(*e*) *Bungalows.*—The allotment for the upkeep of public bungalows is Rs. 1,320 against Rs. 1,160 for the current year. The actuals of the previous year were Rs. 808. The details of bungalow establishment are given in statement V.

(*f*) *Contributions.*—The sum of Rs. 1,500 shown against contributions to municipalities represents the allotment of Rs. 1,200 payable to the Bellary Municipal Council towards the cost of the hospital at Bellary, and of Rs. 300, the contribution of one-eighth of the cost of the dispensary at Adóni payable to the Municipal Council there. One-fourth of the charges of the dispensary at Adóni was hitherto being paid to the Municipal Council, but under the circumstances represented in this office letter, No. 1242, dated 3rd December 1886, the proportion has been reduced to one-eighth.

(*g*) *Lunatics.*—The current year's provision for the maintenance of lunatics is repeated.

A sum of Rs. 30 is allotted for rewards for killing dogs.

9. *Grant IV, Miscellaneous.*—The share of cost of the controlling establishment at the Presidency is (as required by the rules) set down at Rs. 1,560, the figure advised by the Accountant-General for the previous year.

A sum of Rs. 500 is provided for the proportionate cost of the printing executed at the Government Press.

The sum of Rs. 1,200 shown against the establishment in the Collector's office includes the provision to meet the pay and pensionary contribution of the Local audit clerk. Rs. 2,470 are set down as cost of the Local Board's office establishment, and provides for the maintenance of the present establishment of the Hospet Taluk Board as reported in this office letter, No. 1195, dated 29th November 1886.

A sum of Rs. 960 is shown as cost of office establishments in unions. There being no separate heading for this item in the prescribed printed form, a sub-head has been added.

Rupees 3,400 have been provided for contingencies in the District and Taluk Board offices to meet the cost of stationery, postage, printing, furniture and other miscellaneous charges.

Rupees 2,200 are provided for travelling allowance of non-official members.

Variations in the other items are slight and call for no remarks.

From Surgeon-Major J. A. LAING, Officiating Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 12th January 1887, No. 29.

I have the honor to state that the Bellary District Board propose to set aside in their budget for 1887-88 a sum of Rs. 21,400 for sanitary purposes for the year, against Rs. 10,300 for the current year, or more than double the amount. The large increase is due to the advance of sanitary improvements in village unions, chiefly in

conservancy. Considered proportionally with the available income, the allotment stands at 49·7 per cent. It will be divided as follows :—

	Rs.
Improvement of water-supply	4,080
Do. of village sites	2,030
Conservancy	10,030
Fairs and festivals	1,140
Other sanitary outlay	4,120
Total ..	21,400

2. Rs. 8,160 have been set aside for vaccination, against Rs. 8,310 for the current year. The decrease is chiefly in the items "Rewards to vaccinators" and "Miscellaneous." The allotment seems to be ample and may be accepted. There will be no change in the establishment employed.

From G. BIDIE, Esq., M.B., C.I.E., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 28th January 1887, No. 37.

I have the honor to state that the provision made in Grant III of the budget estimate of the district board of the Bellary district for the year 1887-88 for the maintenance of the dispensaries is adequate.

2. Increased provision is made for the pay, &c., of the medical subordinate of the Hospet dispensary, as the civil apothecary attached to the institution will complete seven years' service at the end of June next, and will be entitled to higher rate of pay and charge allowance.

3. The cause of non-provision on account of "Medical College contribution" is explained by the President, District Board, in paragraph 8 of his letter to Government, No. 1269, dated 18th December 1886.

Balance under Endowments, if any	7,172	..	5,180	..	5,180
Net balance available for general purposes	62,362	6,800	4,610	..	11,410

2. *Revised Estimate for* 1886-87.—Excluding debt heads, the opening balance amounted to Rs. 1,07,373 against Rs. 59,660 anticipated in the budget, the increase being due to enhanced collections under Land-cess and to short expenditure on public works in 1885-86. The receipts of the year are estimated at Rs. 1,59,696 against the budget estimate of Rs. 1,55,690, the variations occurring chiefly under Land-cess and House-tax. Land-cess is expected to yield Rs. 1,29,600 in place of Rs. 1,24,000, the increase being ascribed to the favorable character of the season. In the demand, collection and balance statement of this cess, the arrear and current demands are given as Rs. 36,550 and Rs. 98,000, respectively, against Rs. 19,082 and Rs. 1,17,000 in the similar statement annexed to the sanctioned budget. The discrepancy should be explained. A decrease of Rs. 1,250 is expected in the income from house-tax owing to its levy at half-rates in the Bellary and Hospet taluks, instead of at the maximum rates as assumed in the budget. The charges are estimated at Rs. 1,95,681, against Rs. 2,01,050 in the budget. Under Grant I, Rs. 1,15,396 are provided, against Rs. 1,12,450, the increase being due to subsequent allotments sanctioned from the reserve. The contributions for Sanitary Inspection and the Medical Reserve Staff should be calculated on the actual receipts for the previous year. The provision under Grant IV is Rs. 12,156, against Rs. 10,480 in the current year's budget, and the increase is explained in paragraph 3 of the President's letter. The allotment of Rs. 42,749 to taluk funds should have been included in the charges under district fund, since it figured under taluk fund in receipts. The closing balance will thus be Rs. 71,228, and not Rs. 1,14,240 as supposed by the district board. Of the former sum, Rs. 53,514 appertains to the district fund, and the remainder, Rs. 17,714, to taluk funds. The revised estimate has not been prepared in the prescribed form.

3. *Budget Estimate for* 1887-88.—The receipts of the year are estimated at Rs. 1,67,540, against Rs. 1,55,690 in the budget for the current year, the increase occurring under Land-cess and House-tax. Land-cess is estimated to yield Rs. 1,29,030

against Rs. 1,24,000 in the current budget, the increase being based on the assumption that the season in the ensuing year will be as favorable as it has been during the present one. Under House-tax Rs. 15,300 are expected against Rs. 6,800, the increase being due to (1) the constitution of a new union at Kottur, (2) the proposal to levy the tax at full rates in all the unions, and (3) the fact that the tax will be levied for the whole year instead of for 9 months only as in the current year.

4 The charges are estimated at Rs. 2,37,810 against Rs. 2,01,050 in the current year's budget, the increase occurring mainly under Grants I and III. No provision is made for new roads, while the allotment for the repair of communications is Rs. 76,870 against Rs. 80,610 in 1886-87. The decrease has not been explained. Under New Works—Civil Buildings, Rs. 19,900 are provided for the construction of the dispensaries, school-houses and choultries referred to in paragraph 6(*a*) of the President's letter. This allotment must be disallowed for want of funds. The proportionate shares of the cost of the Local Fund Engineering establishment, tools and plant, and contingencies, debitable to the district and taluk funds, are as follows:—

	District Fund.	Taluk Funds.
	Rs.	Rs.
Local Fund Engineering establishment	7,530	10,900
Tools and plant	290	410
Contingencies	410	590

The allotment for educational purposes is Rs. 25,530, or Rs. 1,500 more than in the budget for 1886-87, the increase being attributed to the proposed revision of the school establishments in the Hospet range and to a larger amount having been provided for result grants with reference to the actuals of 1885-86. A sum of Rs. 2,000 will be provided as contribution to provincial funds on account of Deputy Inspectors with reference to G.O., dated 29th November 1886, No. 1611 L.F. The Director's remarks on this portion of the budget are awaited. Under Grant III, the provision for Hospitals and Dispensaries is Rs. 12,530 against Rs. 11,600 in the current year's budget, the increase being mainly intended to meet the pay of the midwife sanctioned for each of the six dispensaries in the district in G.O., dated 7th October 1886, No. 1279 L.F. Provision is also made for a compounder on Rs. 7 per mensem for the Harpanahalli dispensary. The allotments for Vaccination and Sanitation are Rs. 8,160 and Rs. 21,370, respectively, against Rs. 8,310 and Rs. 10,300 in the current budget. The increase under the latter head is due to sanitary improvements in union villages, chiefly in conservancy. The contributions for Sanitary Inspection and the Medical Reserve Staff should have been calculated on the revised estimate of receipts for the current year, while that for Cutler's Establishment should have been fixed with reference to the actuals for 1885-86.

5. The reserve, calculated at 10 per cent. of the estimated receipts excluding those from endowed institutions, as required by G.O., dated 11th October 1886, No. 1301 L.F., is Rs. 16,450. In addition to a moiety of the land-cess transferred under section 55 of the Act, the district board propose to allot Rs. 61,100 to the taluk boards; but as sufficient funds are not available, the allotment will be reduced to Rs. 41,100. The budget as revised by Government closes with a balance of Rs. 19,810, of which Rs. 6,800, or 9 per cent. of receipts, appertains to the district fund, and Rs. 4,610, or 5 per cent. of receipts, to taluk funds. The balance relates to endowed institutions and house-tax.

6. The budget for 1887-88, as now sanctioned by Government, may be summarised as follows:—

(1) The year is expected to open with a balance of Rs. 71,220. The receipts during the year are estimated at Rs. 1,67,540, against Rs. 1,59,696 in 1886-87 (revised estimate), and Rs. 1,54,679, the average of three years ending 1885-86. The total charges are put down at Rs. 2,18,950, against Rs. 1,95,841 in 1886-87 (revised estimate), and Rs. 1,62,565, the average of three years ending 1885-86. The year will thus close with a balance of Rs. 19,810, or 11·8 per cent. of the estimated receipts.

(2) The main sources of income are—
Land-cess, Rs. 1,29,030, or 77·0 per cent. of the total receipts in the year;
Tolls, Rs. 5,900, or 3·5 per cent;
House-tax, Rs. 15,300, or 9·1 per cent.; and
Ferry rents, Rs. 6,230, or 3·7 per cent.

(3) The chief heads of expenditure are—
Public Works (Grant I), Rs. 1,12,830, or 51·5 per cent. of the total charges;
Education (Grant II), Rs. 27,530, or 12·6 per cent.;
Medical Services and Sanitation (Grant III), Rs. 49,730, or 22·7 per cent.; and
Establishment and Miscellaneous (Grant IV), Rs. 12,410, or 5·7 per cent.; with a reserve of Rs. 16,450, or 7·5 per cent.

Dated the 18th October 1887

From the Asstt. Secy. Local & Municipal Depts.

NOTE OF REMARKS.

The accompanying Estimate amounting to Rs 5961 provides for constructing a dispensary at Yemmiganur in the Bellary district.

The plan submitted is a modification of the Standard design, the accommodation in the main building has been reduced, and the subsidiary buildings have been altered accordingly.

No provision appears to have been made for the accommodation of the hospital Assistant

and window and the tops of the walls are to be constructed of Concrete blocks in Chunam.

The flooring of the main & subsidiary buildings is to consist of Concrete plastered over, & coating of Asphaltic instead of plaster for the main building would be more suitable as it could be washed down when necessary without leaving Insects & remaining dust.

The roof is to be constructed of Ven. teak and covered with Mangalore tiles. The scantlings of the woodwork are

[illegible] are walls in battle room provided. The back verandahs of the main building is also omitted.

The provision of Eaves boards along the mouldings of the gables and the edges of the roof are unsightly and out of place and even those provided for the verandahs are unnecessary.

The basement and superstructure including flat-arch work of the main & subsidiary buildings are to be constructed of Cannel stone in mud - the adoption of stone in mud for the flat arch work appears to be open to objection - two sides [illegible] the

correct -

The doors and windows are to be made up of teak wood -

No provision appears to be made in the Estimate for painting the doors and windows & for wood oiling the roof timbers -

The Plans & Estimates although countersigned by the President do not appear to have been seen by the Supdg: Engineer and they do not bear the signature of that Officer -

A schedule of rates accompany the Est: the rates given in the Est: are slightly in excess of those given in the Schedule. There is no data in this Office by which the rates might be checked

Memo

The undersigned has the honor to forward to the S.E. III Circle a plan and Estimate for constructing a Civil Dispensary at Yemmiganur (?) in the Bellary District with a copy of the Standard design, and to request that he will be so good as to have ~~p~~ a fresh plan and Estimate prepared by the Local Fund Board (?) on the same lines as the Standard plan modified only ~~[illegible]~~.

~~is as far as~~ to
meet the actual
requirements of
the local Fund
Board. ~~which should
be done in com-
munication with
the President~~.

Some of the points
to be considered
are -

1 Is accommodation
required for a
hospital Assistant.

2 Are wells and
bath rooms
necessary.

3 Are the subsidiary
buildings, provided
for, sufficient.

4 Asphalte should
be used for the
floors of the
main building
and latrines
instead of plaster

5 Stone in chunam
should be substituted

656/21

for stone in mud for
flat arch-work -

6 The pitch of the
roof should be
increased to
accord with
the standard design.

7 Provision should
be made in the
estimate for
painting the
doors and windows
and for wood-
oiling the timbers
of the roofs -

~~It is observed that
the plans and Estimates
in question do
not appear to have
been sent to S.E.
by the local Fund
authorities; the
S.E. is however
particularly
requested to
expedite the
preparation~~

of the revised ~~design~~ plans & Estimate and to submit them ~~same~~ to this Office at an early date with the original plans & Estimate and type design herewith forwarded.

NOTE OF REMARKS.

The Supdg: Engineer III Circle submits an Explanation from the Local Fund Engineer regarding the questions raised in this Office Memo: No 3760 C of 27-10-87 about the Estimate for a Civil Dispensary at Yemmiganur.

The Estimate has been revised with reference to points 4, 5 & 7, and 1, 2, 3, & 6 are explained as follows.

1 The Board do not require accommodation for a Hospital Asstt:—

J. Bellary.

2. A well adjoins the proposed site and consequently it is unnecessary to construct one –

656/23

3. – The Subsidiary building provided are sufficient.

6 – The pitch of the roof is the same as that given in the Standard plan but the walls are two feet lower.

The revised Estimate has not been countersigned by the President of the District Board this appears to be necessary as the amount has been increased from Rs 5961 to Rs 6377 or by Rs 416 –

Return to E.E. to obtain signature of Prest. District Board. [illegible]
