Telegram from the Secretary to the Government of India, Military Department, to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 4th January 1888, No. 10 M.W.

Your No. 3441 W., dated 16th December. Purchase land, Vepery. Case under consideration, but no additional grant available this year. In any case Government would not be prepared to purchase more land than is actually required for the purpose.

From Colonel H. McLEOD, R.A., Inspector-General of Ordnance, to the Superintending Engineer, V Circle, dated Fort St. George, 10th January 1888, No. E/13572.

I have the honor to inform you that it is proposed to recommend to the Director-General of Ordnance in India the erection of public quarters for 89 Carnatic Ordnance Artificers and 416 lascars of this department serving at Madras on the vacant ground in the vicinity of the Gun Carriage Factory, a portion of which has already been or about to be allotted for the erection of a coal shed. I shall therefore feel obliged by your causing me to be furnished with a plan and estimate of the same, together with the probable cost of the purchase of the ground referred to.

No. 4300.

Forwarded to the Chief Engineer, Public Works Department, for favor of orders if the plans and estimates called for should be prepared, as by G.O., No. 28 W., dated 6th January 1888, the land on which it is proposed to build the quarters for the artificers and lascars is not to be acquired by Government.

(Signed) H. M. VIBART, Colonel, R.E.,
Superintending Engineer, V Circle.

11th January 1888.

From M.R.Ry. C. V. CUNNIAH CHETTY, to the Sub-divisional Officer, Military Works, Fort St. George, dated Madras, 26th January 1888, No. 341.

With reference to your letter, No. 2982, dated the 24th instant, I very much regret to have to inform you that I cannot sell to Government only the place-of-arms and the ground on which it stands; for, even if I am disposed to sell it, it will be useless to purchase it, as it stands almost in the centre of my land several yards off from the road on all sides and there is no means of approaching the building. Then again, even if it is proposed to purchase also the vacant land to the south of the building as far as the road which lies to the north of the Gun Carriage Factory, there is an objection to agree to the proposal, as the erection of a coal store will necessarily prevent the occupation of the three small bungalows which now yield me rents.

2. I may also state that I have a vacant piece of land, measuring from 90 to 100 grounds, to the north of the Vepery high road, and that if the Government are disposed to purchase it for the coal store, I shall be glad to let them have it on the same terms on which I agreed to sell the plot which has been under negotiation.

From Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Cuddalore, 8th February 1888, No. 4718.

With reference to G.O., No. 28 W., dated 6th January 1888, I have the honor to state that Mr. Cunniah Chetty is not willing to sell only the place-of-arms and the ground on which it stands.

2. There is a triangular piece of ground between the Penitentiary and the People's Park, which is a convenient site for the coal store, with reference to the Gun Carriage Factory, but there will be the objection to it stated in paragraph 2 of the Quartermaster-General's letter in G.O., No. 3441 W., dated 16th December 1887, in reference to another site, viz., that the coal dust would be liable to be carried into the General Hospital by the prevailing winds when any quantity of coal is being moved, and there will also perhaps be the objection to the coal store being placed immediately opposite the "Victoria Hall" now approaching completion.

3. Mr. Cunniah Chetty offers, in paragraph 2 of his letter enclosed, to sell to Government land north of the Vepery high road, and he evidently wishes that the whole plot (about 100 grounds) should be purchased by the Government. The land originally negotiated for is about the same extent, and, as the Director-General of Ordnance has proposed the erection of quarters for the Ordnance Artificers and lascars of the Gun Carriage Factory, it would be advisable if Mr. Cunniah Chetty's land and buildings in the vicinity of the Gun Carriage Factory be purchased as originally proposed.

Telegram from the Secretary to the Government of India, Military Department, to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 21st February 1888, No. 406 M.W.

Your telegram 11th February. Purchase of land for coal store, &c., sanctioned, chargeable to Military Works. Payment must be deferred till after 1st April, unless you can meet expenditure by reappropriations within current year's grant.

Order—dated 24th February 1888, No. 663 W., Public Works.

In their telegram of the 21st February 1888, No. 406 M.W., recorded above, the Government of India sanction the purchase of the land proposed to be acquired near the Gun Carriage Factory, Madras, for a coal store and the erection of public quarters for artificers and lascars of the Ordnance Department.

2. The land, including the buildings thereon, is described in paragraph 3 of the Superintending Engineer's letter, No. 2856, dated 15th October 1887, printed with G.O., No. 3441 W., dated 16th December 1887, and the whole property is offered for Rs. 41,625. Arrangements will now be made by the Superintending Engineer in communication with the Government Solicitor for the regular conveyance of the

property to Government. Payment of the purchase money to be made on the 15th April next. The Government of India will, meanwhile, be requested to make special provision, in the Military Works budget of 1888-89, for the sum required, viz. Rs. 41,625.
