GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Irrigation.
Account.

READ—the following letter from A. A. G. MALET, Esq., Executive Engineer, Sangam Project division, to the Superintending Engineer, II Circle, dated Nellore, 2nd August 1886, No. 234 :—

I have the honor to forward, herewith, an estimate for Rs. 1,060 for cost of establishment employed in acquiring lands required for the Sangam project works.

2. I have consulted the Collector of Nellore about this estimate.

3. The provision made in the estimate for Rs. 1,541 sanctioned in G.O., No. 468 I., of 3rd July 1886, for the special deputy collector and establishment, expired on 1st May, and that for the measuring officers and lascars will expire on the 31st August.

4. In the present estimate I have allowed for the entire establishment, with the exception of a deputy collector, up to the end of October 1886, by which time, I think, most of the acquisition business will be reduced to such an extent as can be carried out by the ordinary revenue staff. The amalgamation of the special deputy collector's office with the temporary deputy collector's office was effected on the 8th May 18 6, and the special deputy collector's pay and allowances have therefore ceased to be charged to the Sangam project from that date.

5. A sum of Rs. 31, comprising the contingent charges incurred from March 1886 to 7th May 1886 (the date of amalgamation of the two offices), has been included in the estimate.

6. I have therefore the honor to request that you will be pleased to obtain sanction of Government to this estimate from the balance of provision reserved for unforeseen works.

Endorsement on the above.

No. 449 S.G.

Copy forwarded to the Chief Engineer for Irrigation with the request that the sanction of Government may be obtained to the estimate herewith sent.

22nd August 1886.

(Signed) S. C. CLARKE, Major, R.E.,
Officiating Superintending Engineer, II Circle.

ORDER—dated 2nd September 1886, No. 592 I., Public Works.

READ—the following letter from G. D. WYBROW, Esq., Superintendent of Works, in charge II Circle, to the Chief Engineer for Irrigation, dated Bezvada, 21st December 1886, No. 847 S.G.:—

I have the honor to forward, herewith, for your approval and sanction of Government, a supplemental estimate, amounting to Rs. 1,303, for establishment employed in acquiring lands required for Sangam project works. The necessity for this establishment is explained in the Executive Engineer's letter, No. 442, of the 11th instant, herewith sent for information.

ENCLOSURE.

From A. A. G. MALET, Esq., Executive Engineer, Sangam Project Division, to the Superintending Engineer, II Circle, dated Nellore, 11th December 1886, No. 442.

I have the honor to forward, herewith, an estimate, amounting to Rs. 1,303, for establishment employed in acquiring lands required for the Sangam project works.

2. The estimate sanctioned in G.O., No. 592 I., of 2nd September 1886, provided for the retention of this establishment up to the end of October last. But I have lately sent a large number of schedules to the Deputy Collector for the acquisition of lands for several minor and some of the main channels inclusive. The extents required for the former are very small, but they are scattered in many villages and the acquisition of them involves a good deal of time and trouble. Many of the old schedules have not been fully worked out as yet. Now and then the owners of lands for which exchange of land was originally granted, subsequently preferred claims for money compensation, necessitating a revision of settlement. All these things combined conduced to the proposed protraction of the period for six months longer.

3. When I forwarded this estimate for the approval of the Collector, he made only one objection, viz., the inclusion of two peons, as they have not been employed in the Deputy Collector's office for the Sangam project work. The former scale of establishment has been modified accordingly.

4. The travelling allowance of the Deputy Collector for April 1886 aggregated Rs. 45-8-6. In memorandum No. B.G.D.-45, the Examiner of Public Works Accounts admitted Rs. 30 and disallowed the rest as being in excess of the provision made in the estimate sanctioned in G.O., No. 468 I., dated 3rd July 1886. As this amount refers to a period prior to the amalgamation of the Special Deputy Collector's office, this division will have to meet it. Hence the provision of Rs. 16 now made.

5. With regard to the item of Rs. 9, I made a reference to the Temporary Deputy Collector, who explained that the transaction for which an expenditure of Rs. 9 was incurred in June, dates before the 7th May 1886 (the date of amalgamation of the two offices). It must therefore be provided for.

6. With these explanations I trust that you will be pleased to obtain sanction of Government to the present estimate from the balance of provision reserved for unforeseen works.

ORDER—dated 13th January 1887, No. 24 I., Public Works.

The following supplemental estimate is sanctioned from the balance of the amount reserved for unforeseen works of the Sangam anicut project, which will then be reduced to Rs. 8,459 :—
