From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 24th January 1888, No. 193 G.

In referring you to Government of India Finance Department letter, No. 2998, dated 31st August 1883, sanctioning a conveyance allowance of Rs. 45 to the officer doing duty as Storekeeper at the Presidency, I am directed to state that the Government of India, having had recently under consideration the general question of carriage allowances, considers that the principle should be laid down that conveyance allowance is given at rates intended to enable officers to meet certain specific expenditure, and that Government is entitled in every case in which it is given at the maximum rate concerned to see that it is laid out in the way intended. In pursuance of this principle certain uniform rates of carriage allowance, varying to some extent with the scale of expensiveness of the stations at which these allowances are given, have been laid down. Thus, if an officer belongs to a class, judged by his salary, that would ordinarily maintain a carriage and horse for his private use, and in the performance of his duties he has to do a considerable amount of travelling within the five miles radius, it is considered that Government should give him as carriage allowance sufficient to maintain a single horse provided that it can be shown that he actually keeps an additional horse for the purpose, but not otherwise.

2. The allowance fixed on the above principles for Madras, as a station more expensive than a mofussil station, is Rs. 30, and it is proposed to give this allowance to the Storekeeper in future. I am to inquire whether, on a full consideration of the case and in the interests of economy, His Excellency the Governor sees any objection to applying this rate to the officer in question.

Order—dated 1st March 1888, No. 708 W., Public Works.

His Excellency the Governor in Council, concurring in the principle laid down by the Government of India for the grant of carriage allowance, considers that the allowance hitherto drawn by Mr. Gray should be reduced to Rs. 30 per mensem, the sum fixed for the Presidency town.

2. In reply, I am to say that His Excellency the Governor in Council admits the correctness of the principle laid down for the grant of such allowances, and has accordingly resolved that the allowance of Rs. 45 hitherto drawn by Mr. Gray shall, with effect from the beginning of the next official year, be reduced to Rs. 30 per mensem, the sum fixed for the Presidency town.

SIR,

In returning the enclosure of your Memorandum No 456 C dated 3rd February 1888, I have the honor to state that the the nature of the duties required of the Store keeper attached to the Presidency P.W. Stores necessitates his being out at any time in the day in connection with the shipping and landing of P.W. and State Railway stores, and also the receipt and despatch of the stores by Rail and by canal. To do his work efficiently he has been obliged to maintain two horses for several years and the allowance of Rs 45/- per month does not pay

2 The General Superintendent P.W. Stores states that it is very important that the store keeper should keep up suitable travelling equipage and I consider that he should not be a loser by having to keep up such travelling equipage as is required for the performance of his duties.

This draft is a great deal too long. We agree with India but propose not to apply the rule to the present incumbent. That is the whole pith of the matter & c^d be said in very few words.

I think however that we ought to give effect to India's wish which is based on perfectly sound considerations. Mr Gray has been paid for 20 years more than the [illegible] he is supposed to use for this special work, but that hardly seems a good reason for continuing so to pay him. Sir,

I am directed to acknowledge the receipt of your letter No 193 G dated 24th January 1888 enquiring whether the conveyance allowance of Rs 45 per mensem drawn by the Storekeeper at the Presidency might not be reduced to Rs 30/- under the circumstances explained by the Govt of India.

2 In reply, I am to say that H.E. the Governor in Council admits the correctness of the principle laid down for the grant of such allowances to certain officers, and would be prepared to apply it in the case of the appointment now under notice, but as will be seen from the letter of the Supdg Engineer No 4883 d/ 18th February 1888, of which a copy is herewith forwarded, the allowance of Rs 45 drawn by Mr Gray does not suffice to maintain the

two horses which he is obliged to ~~maintain~~ keep for the efficient discharge of his duties. It may, doubtless be assumed that one of these horses would be necessary in any case for an officer of Mr Gray's standing, and that the Government are called upon only to pay for the upkeep of the other; but as the allowance has been drawn, and the full equipment maintained, for many years, H.E. the Governor in Council does not, I am to say, feel disposed to curtail the allowance now, especially as Mr Gray, who has

erved the Govt for many
years with assiduity and
redit, will, in all probabilit
hortly retire from the
ervice under the age limit.

3 H.E. the Governor in
Council quite concurs, however
in the propriety of reducin
the allowance in the case
