READ the following

From the Suply. Engineer V Circ. No. 3899 of 14th December 1887

The H. M. has decided that
the original order shall issue

See
9/1/88.

The information afforded
by these papers is not sufficient
to enable the Government to
form an opinion on the
proposals made - The
matter will be referred
for inquiry and report to the
Committee recently formed
to consider the question of
the disposal of the Government
Brickfields.

To

Col. Vibart R.R. President
of the Committee.

SUPERINTENDING ENGINEER'S OFFICE

the time of good quality
is made in Sweden, except
at the Lyck kilns, and if
Messrs. Oultmont & Co purchase
the kilns, the manufacture
will practically be a monopoly.
The present rate is 8 as per hundred
of 4000 cubic inches unstaked,
and Messrs. Oultmont propose to
charge 10 as for the same
quantity.

My opinion is that Messrs. Oultmont
have bought up nearly all
the shell quarries, and consequently
it is difficult for the Govt. Office
to obtain a proper supply of
shells.

I think the offer should be
accepted.

The St. should arrange with
the Govt. Office to have terms
of payment drawn up -

W. W. W.
19.12.87

we are not prepared to
accept the offer of the
Oultmonts unless the
terms of payment are
drawn up by the Govt. Office.

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE Chief Engineer
P.W. Department.

SIR,

I have the honor to forward
the accompanying papers on the
subject of a proposal to transfer
the Government Lime Kilns to
Messrs Arbuthnot and Co.
The proposal has arisen from
the difficulty experienced in
obtaining raw shells for burning
lime. I think it would be
advisable to dispose of the Lime
Kilns and the ground to Messrs
Arbuthnot and Co. at a fair
valuation.

Messrs. Arbutnot & Co. would
not

not have a monopoly and the
Government Contractors could
make their own arrangements
for procuring lime. The
Government need not rely
upon Messrs. Orinburot
& Co for the supply of lime
at a stipulated rate -
as the market would be
open to them.

I have the honor to be
Sir
Your Most Obedt Servt
Alfred Eastman
Supt. of Engrs
S. Pire & Co
