the prescribed quinquennial  
increment. The Secy. is  
however of opinion that  
under the note to para 11  
Chapter I of the G. of S. Mr.  
Code, the power of local  
Govts. in this respect is  
<sup>limited</sup> ~~confined~~ to cases in which  
promotion is a possible  
alternative, & that therefore  
it must be confined  
to men in the two lower  
grades of rule officers.  
The Secy. at the same time  
is not certain that this  
is the intention of the  
Code rule, & I am  
accordingly to request  
that the Govt. of India  
will favour this Govt.  
with a ruling on the  
subject.

The Consulting Architect

to the Government of Madras,

To

The Chief Engineer  
Public Works Department

Sir,

Enclosure.

I have the honor to recommend  
Mr. Peger, Sub Engineer 1<sup>st</sup> grade for a small  
increase of pay in the grade he is now holding.  
From what I have seen during the period I  
have been in charge of this Division, I  
consider that he is deserving of some promo-  
tion & has continued to give satisfaction.

+ He now draws  
Rs 50 per mensem  
the maximum  
salary of the  
grade is Rs 70/-

His appointment to the  
present grade dates from 1<sup>st</sup> September 1886. Vise

I have the honor to be

to cases in which economy will be secured by giving a small increase in the grade instead of promoting to a higher grade, and can only be exercised in cases in which promotion is a possible alternative. Practically therefore it must be confined to cases of men in the two lower grades of sub-overseers, and could not be exercised in Mr. Reger's case, as he, being in the first grade, could not be promoted without a vacancy.

2. I am not certain that this is the intention of the Code rule, which is based on Govt. of India Circular No. 78 P.W. dated 5th. September 1878, and, if Govt. think the intention was to give them the power of granting an increase in any grade ( of sub-overseers ), the question might be referred for the orders of the Govt. of India.
