requirements. Under these circumstances
I think the Government Solicitor should
be consulted as to whether the agreement
is in proper form.

2. As the agreement stands there
is no provision for fining ^{see} the contrac-
tors for any loss or damage that may
occur through neglect or carelessness on
their part. I think it is desirable
to have a clause in the agreement to
recover the value of any articles dama-
ged or lost through carelessness on the
part of the Contractors.

I have the honor to be,
Sir,

Your most obedient servant.

L. W. Martin
Offg. Superintending Engineer,

To W.

I beg to suggest that as
the agreement has been found to
work in past years, it should be
accepted for this year; and the
question of drawing up another
form can then be taken up in con-
nection with the Government
Solicitor. It is improbable that
any suitable agreement could be
properly drawn up in a hurry.

2. Please let me know what is
settled.

No 69
Encl
From,

J. W. Martin Esq.,
Offg. Superintending Engineer,
Fourth Circle.

To,

The Chief Engineer,
P.W. Department.

Sir,

In forwarding to you letter No.
3289 dated 21st instant received from
the Executive Engineer, Nilgiri Division
enclosing for my approval an agreement
for the carriage of materials ^{via} from Mettu-
palayam to Coonoor, Wellington and
Cotacamund, that he proposes to make
with Messrs Richter and Co., I have
the honor to point out that the form of
the agreement is not in accordance with
any of the forms in the P.W. Code, none
of which appear suitable to meet require-

ments

requirements. Under these circumstances I think the Government Solicitor should be consulted as to whether the agreement is in proper form.

2. As the agreement stands there is no provision for fining ~~the~~ the contractors for any loss or damage that may occur through neglect or carelessness on their part. I think it is desirable to have a clause in the agreement to recover the value of any articles damaged or lost through carelessness on the part of the Contractors.

I have the honor to be,
Sir,

Your most obedient servant.

L. W. Martin
Offg. Superintending Engineer,
IV Circle.
