No. A.D.J.—8.

Official memorandum to the Accountant-General, Fort St. George, dated 30th
April 1886, No. 36.

From the Officiating Accountant-General, dated 22nd June 1886, No. I.A.E.—60.

Order—dated 13th July 1886, No. 727, Pension.

When there is any doubt regarding the date of birth of an applicant for pension, the date given in the service register of the applicant is invariably taken as correct. In the present case the Collector appears to have altered that entry on the *ipse dixit* of the applicant, and it was not until a reference was made by Government that the applicant was even required to attest this statement by oath. In the circumstances of this case, His Excellency the Governor in Council cannot accept the applicant's affidavit as sufficient evidence of the inaccuracy of the service register, and he therefore directs the Collector to order the applicant to appear before the District Surgeon with a view to obtaining that officer's opinion as to his fitness for further service. Should he be unable to certify that the applicant is incapacitated by disease or other cause for further employment in the department to which he belongs, the applicant may be considered to have been on leave without allowances from 1st August 1885 to 1st April 1886, when he will, according to the entries in his service book, have attained 55 years of age.
