7th March 1888.

(Signed) W. B. DEWINTON,
Executive Engineer, Nilgiri Division.

(Signed) J. BEATTY, Colonel, R.E.,
Superintending Engineer, IV Circle.

ORDER—dated 19th March 1888, No. 893 W., Public Works.

In the special circumstances stated, the local purchase of the corrugated iron is sanctioned.

2. As there appears to be a great and constant demand for iron roofing, the Superintending Engineer, V Circle, will report, with reference to G.O., No. 3319 W., dated 5th December 1887, whether he considers it advisable that a stock should be maintained in the Public Works Stores for supply to Public Works divisions. If so,

an indent for about thirty tons should be submitted for transmission to the India Office. It appears to the Government, however, that this roofing can always be obtained at a reasonable price at Madras if divisional officers make their purchases through the General Superintendent, Public Works Stores. The Superintending Engineer, V Circle, will report his opinion on this point also.
