READ—the following letter from J. W. MARTIN, Esq., Executive Engineer in charge of IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 19th December 1887, No. 504 E.W. :—

Under paragraph 1886 of the Public Works Code, I have the honor to forward, for sanction of Government and necessary orders for the provision of funds from the department concerned, a plan and estimate, amounting to Rs. 1,479, for constructing cisterns and pipings on the Tāmraçhéri ghât in the Calicut-Vayitri road together with a report and specification.

2. I have to inform you that, upon the urgent requisition of the District Board, the work was put in hand as reported in this office letter, No. 322, dated 29th August 1886, and the outlay against the estimate up to September 1887 is Rs. 864. The work has been stopped under instructions from this office, and the Executive Engineer has been informed that there should be no further outlay on it until funds are placed at his disposal.

ORDER—dated 10th January 1888, No. 89 W., Public Works.

The estimate, amounting to Rs. 1,183, as corrected in the Chief Engineer's office, for constructing cisterns, with piping, on the Tāmraçhéri ghât on the Calicut-Vayitri road, is sanctioned for execution by the Public Works Department.

NOTE OF REMARKS.

1. The accompanying plan and estimate provided for constructing Cisterns and pipings on the Tambraherri Ghat in the Calicut-Vayitri Road. The amount of the estimate is Rupees 1479.
2. The above work is necessary for satisfying the thirst of Cattle, whilst travelling up the Ghat. The hill streams seem to be nearly all dry in the dry season, and the Cattle feel much distressed for want of water. Other part

are also stated in the accompanying Report.

3. Specification also is submitted.

4. The dams and the cisterns are to be built of Portland Cement concrete. The cisterns are to be plastered with Portland Cement and upper and lower dams are to be pointed with Portland Cement.

5. The size of cast iron piping is 3 inches diameter.

6. The rates are fair, except the three items on which the Cahent Schedule rates are marked in pencil for your perusal, but the total saving effected by these reduced rates is only \$10, and the amount of the estimate is reduced from \$1479 to \$1469, which is altered in pencil. If approved it will be inked in.

It is not understood why different rates are entered in estimate for

for similar kind of work, viz \$1-8-00 + \$1-12-00 for a Rft. of cast iron piping.

8. Establishment is charged at 25 percent. Tools and Plant at 1 percent.

9. The plan and estimate have been countersigned by the President Dist. Board but not approved in the Local and Municipal Department.
