No. 615 T.N.

Note by the Superintending Engineer, VI Circle, on estimates for constructing a record-room for the District Court and for improving the District Court at Kokarakulam,/ amounting to Rs. 17,875.

2 Estimates.
2 Duplicate abstract estimates.
2 Plans.
1 Site plan.

The buildings of the Tinnevelly district court at Kokarakulam have for a long time been in a most unsatisfactory state, and there has been much correspondence regarding them. The following works now proposed at an estimated cost of Rs. 17,875 will, it is believed, provide for all requirements and also place the existing buildings in fair order.

2. The buildings at present consist of the following separate buildings:—

(1) A court-room.
(2) Judge's chamber and bar library.
(3) A sub-court.
(4) A large building 107 × 76 feet utilised as record-room and clerks' room.

3. It is proposed to leave the first three buildings as they are, to build a new record-room for the records of the district court at a cost of Rs. 8,140, to alter No. 4, the roof of which is in very bad order and requires renewal and adopt it for the office establishment which has been or is to be largely increased.

4. The alteration will give six rooms as follows:—

	SQ. FT.
1 of 37½ × 18 feet … … … … … … … =	675
1 of 28 × 18 „ … … … … … … … =	504
1 of 29 × 14 „ … … … … … … … =	406
1 of 28 × 14 „ … … … … … … … =	392
1 of 29 × 23 „ … … … … … … … =	667
1 of 28 × 23 „ … … … … … … … =	644
Total area …	3,288

with an arcaded verandah 8 feet in width round all four sides. This building will give complete accommodation for the increased court establishment. The estimated cost of the alteration and improvements are Rs. 9,735.

5. The plans and estimates have been prepared in communication with the District Judge through whom they are sent for submission to Government through the High Court.

General.
Account.

Read—the following letter from H. M. HAYES, Esq., Executive Engineer, Tinnevelly division, to the Superintending Engineer, VI Circle, dated Palamcottah, 25th November 1885.

I have the honor to inform you that, on the request of the District Judge, Tinnevelly, I inspected the court buildings at Kokarakulam, which were reported unsafe, and have to make the following report.

2. The verandah of the building used as office-rooms is in a most dilapidated condition. The roof is very leaky; the palmyrah rafters and reepers, overgrown with fungi in many places, are mostly rotten, and in portion particularly known as the copyists' room, where a heavy chunam gutter is carried by the rafters, the roof is absolutely unsafe and might come down at any time. In another place the clerks have built up a wall to support a bressummer which has collapsed.

3. It will be remembered that the estimate lately sanctioned (but funds for which were withdrawn by Government) provided for terracing this verandah and otherwise improving the whole building, and I request you will endeavour to obtain an allotment of Rs. 2,000; and if this amount is given now out of the sanctioned estimate, the verandah at the south and west end, which are in very bad order, can be pulled down and rebuilt as per sanctioned arrangements. If this is impracticable, I request that at least a sum of Rs. 300 may be applied for to patch up where required and make the building serviceable as a temporary measure.

4. I have informed the District Judge that an application for funds will be submitted, and that in the meantime it will be advisable to procure other accommodation for the clerks, so that the building as far as necessary may be vacated.

Endorsement on the above.

No. 470 T.N.

Forwarded to the Chief Engineer, Public Works Department. The buildings are in an unsafe condition and it is advisable that the work sanctioned in G.O., No. 506 W., dated 6th March 1885, should be carried out.

Order—dated 4th December 1885, No. 2890 W., Public Works.

A sum of Rs. 300 is allotted, from the Provincial reserve with the Government, for temporary repairs to the District Court-house at Kokarakulam, in the Tinnevelly district.

2. The Government regret that a larger allotment cannot be made at present. The estimate sanctioned in G.O., No. 506 W., dated 6th March 1885, will be included in the Provincial budget for 1886-87.

The original Estimate of Rs 17875 sanctioned for this work in G.O. No. 506 W dated 6th March 1885 provided for flooring the Verandahs with cement but the cement flooring already laid to the two Verandahs does not stand well. Besides the old brick flooring in the interior of the Court has been damaged and crushed in many places. It is therefore proposed at the request of the District Judge to remove whole flooring including the cement flooring already laid and to substitute cut stone flooring. No provision was made for fixing lightening conductors and for constructing a porch in front of the record room. The former is necessary for the safety of the building and the latter to prevent rain water from getting into the room through the door way and to provide shelter to the parties who have business in the record

record room. Hence the cause of the revision of the Estimate.

2 The Excess of Rs 3,155 over the Original Estimate is made up of the following items.

1	Concrete	Rs	152	✓
2	Cutstone flooring	Rs	2261	✓
3	Pointing	Rs	40	✓
4	Brickwork	Rs	147	✓

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

from the District Judge, Tinnevelly, dated 19th November 1885, No. 844, thro' the Registrar, High Court, d 26th Nover/85, No. 3057.

I have the honor to draw your attention to Proceedings of Government and Order thereon, No. 506 W, Public works, dated 6th March last.

2. In these Proceedings will be found embodied a note by the Superintending Engineer, dated 10th January last reporting that "the buildings of the Tinnevelly District Court have for a long time been in a most unsatisfactory state".

And in my letter No. 38 dated 16th January last, also to be found in the above Proceedings, I stated that "the roof, not being ~~not~~ water tight, much inconvenience and some damage are caused by the heavy rains during the monsoon and this evil

increases

increases yearly"

3. I regret to have to report now that in consequence of heavy rain about a week ago portions of the Court buildings have become quite unsafe and I have had to remove therefrom into an adjoining bungalow which I have arranged to rent for the purpose, the Nazir's & copyists' establishments.

4. The bungalow in question is not only very conveniently placed but is actually the only building in any way available for the purpose, Kokkirakulam where the Court house is situated being a hamlet half way between the towns of Tinnevelly and Palamcottah, 2 miles from each, and consisting of only a few huts.

5. The owner of the bungalow requires Rs 20 a month for the use of it, which I do not think an exorbitant rate, the urgency of the case, the

advantageous

advantageous position of the building and the inconvenience (as I know) incurred by the owner in vacating it, being considered.

6. I request therefore that the hire of the bungalow on the terms proposed may be sanctioned.

7. I also request that the construction of Record rooms and the repair of the Court buildings sanctioned by the G.O. above referred to may be commenced as soon as possible. I fear that if the repairs be much longer deferred the whole of the existing buildings may become unfit for occupation.

8. I enclose copy of the District Engineer's letter No. 2449, dated 13th instant reporting on the present condition of the structure.

Order:- 17th Decr /85 No 3437 Rev

The hire of the bungalow at

Rs

Rs 20 a month is sanctioned.

2. The District Judge's letter will be communicated to the Public Works Department with the request that arrangements for the construction of the Record rooms and for the repair of the Court buildings may be made at an early date.
