Resolution—

The Government of India is pleased to approve of the change contemplated in the resolution read above, in regard to the procedure for the allotment and re-appropriation of funds for minor works connected with the Postal and Telegraph departments.

The annual grants for both major and minor works will, for the future, be at the disposal of the heads of the departments named, who are also empowered to apply to the Government of India direct for permission to re-appropriate from the grant of one province to that of another; and no new minor work should be undertaken without the consent of the head of the department concerned.

Order—

Ordered that the foregoing be communicated to the Local Governments and Administrations noted in the margin for information and guidance.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab, in the Public Works Department.
The Chief Commissioners of the Central Provinces, Assam, and Coorg.
The Resident at Hyderabad.
The Agents to the Governor-General for Central India, Rajputana, and Biluchistan.

Ordered also that a copy be forwarded to the Director-General of the Post Office of India and the Director-General of Telegraphs for information and guidance.

Order—dated 9th April 1885, No. 863 W., Public Works.

Communicated to officers of the Public Works Department for information and guidance.

ORDER—dated 15th June 1887, No. 1617 W., Public Works.

With the papers recorded above, the Superintending Engineers and the Consulting Architect submit statements of demands on account of incomplete and minor new works, and for repairs under Imperial Military and Civil Works.

2. Under Imperial Military the demands for original works amount to —

	Rs.
Minor works, lump sums	28,355
New works, minor	20,408
Do. major	16,208
Incomplete minor works	6,239
Do. major works	60,241
Total ...	1,31,451

while the budget grant for minor works amounts to only Rs. 20,987. The statements received from the Superintending Engineers, IV and V Circles include large demands on account of works which should have been brought forward in their budget estimates; but as many of these works are in progress and cannot with advantage be postponed, a sum of Rs. 26,021 will be transferred from the grant for repairs to enable funds to be provided for them. The available grant for original works will then be Rs. 47,008. Of this amount, Rs. 36,411 for incomplete works and Rs. 1,224 for a new work which has been already sanctioned for immediate execution—*vide* G.O., No. 1111 W., dated 23rd April 1887, are now allotted, and the balance, Rs. 9,373, is placed in lump sum at the disposal of Officers Commanding Divisions and Districts, to whom Superintending Engineers will apply for funds for such works only as are emergent.

3. The rate of percentage charge for general tools and plant having been increased from 1 to 1½ per cent.—*vide* G.O., No. 881 W., dated 23rd March 1887, the provision required to meet the adjustment of the contribution at the higher rate has been made by reducing rateably the budget grants for repairs, and establishment. The budget grants will in consequence stand as shown below :—

	RS.
Original works	1,42,600
Repairs	2,98,170
Total, Works ...	4,40,770
Establishment	1,02,630
Tools and plant	6,600
Total ...	5,50,000

The budget provision of Rs. 3,00,000 for repairs will therefore, including the transfer to original works sanctioned in paragraph 2 above, be reduced to Rs. 2,72,149. The demands under repairs and the allotments sanctioned against them are shown in statement A. If the allotment to the Presidency division be found insufficient, the Superintending Engineer, V Circle, will apply for a further grant later in the year.

4. Under Imperial Civil Works the demands against original works, postal, amount to—

	RS.
For minor works, lump sum	1,630
For incomplete major works	2,129
Total ...	3,759

The budget provision for postal minor works is Rs. 10,000. Of this, a sum of Rs. 2,129 has been allotted for completing the new Post office at Anantapur, and the balance, Rs. 7,871, is placed at the disposal of the Director-General of Post Offices, who will allot the required funds for works to be undertaken during the year.

5. The demands against original works, telegraphs, amount to Rs. 1,046 for incomplete minor works; but as the demand in each case is within Rs. 500, no appropriation is necessary under code paragraph 1908, part III. The budget provision of Rs. 6,000 for minor works, telegraphs, has therefore been placed at the disposal of the Director-General of Telegraphs, to whom application should be made for funds required during the year.

6. Under Imperial Civil Works the provision required to meet the adjustment of the contribution on account of general tools and plant at the higher rate sanctioned by the Government of India will be met by reducing the amount reserved in the budget for telegraph repairs, and the budget grant will, in consequence, be altered as shown below :—

		RS.
Original works ...	Postal	10,000
	Telegraph	6,000
Repairs	Postal	6,000
	Telegraph	4,905
Establishment	... ...	6,190
Tools and plant	... ...	405
	Total ...	33,500

7. The demands under Repairs, Postal and Telegraph, and the allotments sanctioned against them, are shown in statement A.

8. The statement received from the Superintending Engineer, I Circle, does not include demands for works in the Vizagapatam division. To avoid delay, allotments

have been made to the extent sanctioned in the last official year for repairs under Military and Civil Works, and the Superintending Engineer will apply separately if funds are required for incomplete works.

Account.

READ—the following papers :—

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 16th October 1886, No. 396 E.W.

I have the honor to forward the accompanying three statements of savings and demands under Imperial, Provincial, and Excluded Local.

2. Some further saving on the Malapuram barracks is anticipated, which will be reported in statements of savings and demands to be submitted in January 1887.

3. The only item requiring special notice in the Provincial statement is No. 25, "Erecting a fountain for the Adam Memorial, Ootacamund." The estimate for this work will be exceeded by Rs. 1,000 under the sub-head "Carriage and fixing," &c. As the excess is nearly 6 per cent. on the amount of the estimate, Rs. 16,850, the sanction of Government is necessary to admit the excess outlay.

4. The Executive Engineer reports that there is not likely to be any further excess on the estimate for this work.

5. The outlay for the first five months of the official year, April to August, was small for the following reasons :—

(1) The budgets were received as follow :—

1. Imperial, Postal, 30th April 1886.
2. Do. Military, 8th May „
3. Provincial, 8th May 1886.
4. Irrigation, 19th „ „

Until receipt of the budgets, the only works that could be proceeded with were new works in progress in last official year, and emergent repairs.

(2) Large allotments were made to the circle towards end of June * and in July.† No special allotments were made in April or May.

* Rs. 196,677 † Rs. 38,645

Of course, after allotments are received, tenders have to be invited, contracts settled, and time given to the contractors to commence work. After special allotments are made, a period of two to three months is needed before outlay begins to appear in the accounts; and it is to be noted that in this case the budget allotments, which came late, amounted to Rs. 4,21,883 and the special allotments to Rs. 2,35,322.

6. Another great cause of delay which must be taken into account is the fact that the best part of the working season, April, May and June, was lost this year, owing to the delay in receipt of budgets and sanction of special allotments.

7. Every endeavour, however, is now being made to spend the allotments, and further statements of savings and demands will be submitted in January 1887.

From the same officer, dated Salem, 23rd October 1886, No. 407 E.W.

I have the honor to request you will be good enough to include the undermentioned works in the statements of savings and demands submitted with my letter, No. 396, of 16th instant.

	RS.
I. Improvements to a portion of the Lawrence Asylum buildings, estimate Rs. 2,760, sanctioned in G.O., No. 2387 W., of 20th September 1886; amount required for current year	2,000
II. Constructing a well on the site of the new camping ground at Jalárpet, estimate Rs. 495	495
III. Constructing a culvert on the road from the cattle lines to barracks at Cannanore, estimate Rs. 103	94

2. The Military authorities are unable to find funds for the last two works. The last work was completed at an outlay of Rs. 94 under the authority of a letter from the Deputy Assistant Quartermaster-General, Western District, Cannanore.

ORDER—dated 5th November 1886, No. 2920 W., Public Works.

The following sums, surrendered under Provincial, are resumed and credited to the reserve with the Government under that head:—

	RS.
1. Collector's office at Calicut	20,000
2. Residence for the Assistant Superintendent of Police at Malapuram	1,766
3. Additions and improvements to Government House, Ootacamund.	10,000
4. Exercise-yard for European convicts at the Ootacamund jail ...	1,000
5. Extending the Coonoor cemetery	250
6. Bazaar drainage scheme, Ootacamund	4,000
7. Water-supply project, do.	15,000
8. Well in the compound of sub-magistrate's office at Gúdalúr ...	47
9. Miscellaneous Public Improvements, Repairs, Nílgiri division ...	6,585
Total ..	58,648

2. The following appropriations are made from the Provincial reserve:—

	RS.
1. Residence for the Head Assistant Collector at Coondapoor ...	1,265
2. Law courts at Calicut	12,320
3. Re-roofing and repairing the Cochin church	8,000
4. Sub-registrar's office at Kudavayúr	181
5. New Breeks' Memorial School, Ootacamund	10,000
6. Converting the cinchona laboratory at Ootacamund into an herbarium	730
7. Painting the Government offices, Stonehouse Hill	1,070
8. Providing lightning-conductor to the district munsif's court at Tellicherry	360
9. Rest-house with out-houses on the Coonoor ghât	348
10. Constructing a road on Mountstuart, Ootacamund	5,000
11. Do. a rough-stone culvert in front of Oakes' shop on Church Hill, Ootacamund	60
12. Erecting a fountain for the Adam Memorial, Ootacamund	1,000
13. Adding an office-room to the upper-storey of Government offices, Stonehouse Hill	1,500
14. Civil Buildings, Repairs, West Coast division	6,576
Total ..	48,410

3. Allotments have not been provided for the new works detailed in the margin, the funds at the disposal of Government to meet other emergent demands being limited.

1. Improvements to the district munsif's court at Tellicherry.
2. Alterations to the fort buildings (old jail) to be used as a Sub-Collector's office at Tellicherry.
3. District munsif's court at Kárúr.
4. Constructing a rough-stone revetment on No. 3 section, 3rd mile, 1st furlong, Kullár-Gúdalúr road.
5. Improving the margin of Ootacamund lake.

4. Explanation should be submitted as to why it is proposed to debit to Provincial funds the cost of alterations to certain buildings in the fort at Tellicherry to fit them for use as municipal offices.

5. The Superintending Engineer will report whether the allotments required under Communications, Repairs, in the Nílgiri division, can be met from the lump sum grant to that division.

6. Under Imperial, Military, the surrenders of grants proposed by the Superintending Engineer amount to Rs. 10,300, and the total additional funds applied for amount to Rs. 18,218, as detailed in the margin. As there are no funds available with the Government under this head, the appropriations proposed by the Superintending Engineer will be reduced to the amount surrendered.

	RS.
Major Works	4,200
Minor do.	12,818
Repairs	1,200
Total ...	18,218

7. The sum of Rs. 300 surrendered from the grant for adding five bath-rooms to the Paymaster Sergeant's quarters, Wellington, will be resumed and added to the Minor Works grant of the West Coast division, and the sanction of the Government of India to the following transfers will be applied for:—

From	RS.	*To*	RS.
Constructing barracks for a detachment of British Infantry at Malapuram	10,000	Bakery at Wellington	1,276

		Improvements to a portion of the Lawrence Asylum buildings, Ootacamund	2,000
		Minor Works	4,600
		Repairs	1,200
		Total ..	10,000

The Superintending Engineer will, in the meanwhile, submit a revised statement restricting his demands for Minor Works to Rs. 4,600, which sum will be distributed on receipt of the sanction of the Government of India to the above transfers.

8. As there is no reserve with the Government under Postal, the Superintending Engineer will apply to the Director-General of Post Offices for the sum of Rs. 40 required for additions to the post office at Kotagiri.

9. The sum of Rs. 340 required for the Nílgiri division under Telegraph, Repairs, is allotted from the reserve with the Government under that head. The allotment of Rs. 230 required for the Coimbatore division under Postal, Repairs, cannot be appropriated, no funds being available.

10. The sum of Rs. 40 surrendered from the grant for the Nílgiri division under Postal, Repairs, is resumed and held in reserve with the Government under that head.

11. A sum of Rs. 190 was provided (*vide* G.O., No. 2463 W., dated 23rd September 1886), for dropping stone along the toe of the revetment on the lagoon side of the Cruz Milagre dam. The question of allotting funds for the other works under

Excluded Local, brought forward by the Superintending Engineer, will be considered in the Financial Department. The amount required is shown below:—

2. Providing the light-house at Tellicherry with a lightning-conductor	176	40	2	218
Total ...	...	...	...	385

12. With respect to the Superintending Engineer's explanation of short outlay in the first five months of the year, it is remarked that the preliminary issues of the budget estimates for 1886-87 were circulated in December 1885, and, excepting works for which estimates had not been sanctioned, it was open to the Superintending Engineer to make preliminary arrangements for the commencement of other works entered therein. It is not practicable to circulate the final issues of the budgets before the end of April each year, and those for 1886-87 were not issued later than usual. With respect to the special allotments made in June and July, the majority of them were given as applications were received from the Superintending Engineer, and one large allotment granted in compliance with the Superintending Engineer's statement of demands was not included in the budget owing to the failure of the Superintending Engineer to include it in the circle budget (*vide* paragraph 10 of G.O., No. 1594 W., dated 2nd June 1886).

SIR,

With reference to GO No 408 W dated 10 February 1887, I have the honor to state that the original Estimate amounting to Rs 1810 for converting the building in the Fort at Tellicherry into a Post office, which was sanctioned by the Director General of the Post office in his No 7332 dated 21st August 1886, was fully worked out in March 1887; but on the completion of the work it was found that the quarters provided for the Postmaster were not habitable, as the flooring was damp and broken up and the windows were open exposed to the wind and rain. A supplemental Estimate amounting to Rs 525 for further improvement to the building was accordingly obtained from the Superintending Engineer IV circle and forwarded to the Director General of the Post office who sanctioned the same in his No 5134 dated 5 August 1887, a copy of which I enclose for information.

Enclosures
1 Estimate
with abstract

With reference to Govt. No. 2957 W dated 7th November 1887 regarding post office at Tellicherry I have the honor to forward for sanction a complete estimate amounting to Rs 2752 for additions and improvements to the works in connection with the Post office.

2 The total of the original estimate and supplemental estimate referred to in letter from Post Master General Madras embodied in the above

above G.O. is Rs 2335 against Rs 2752 the amount of the estimate now forwarded. The reason for this excess is that the sub divisional Officer when preparing the supplemental estimate provided for asphalte flooring, but this item was altered in the Division Office to a composite of tar and sand. When funds were allotted in G.O. No. 2224 W. dated 20th August 1887 the sub division officer was directed to proceed with the work, but he was not furnished with a copy of the estimate as revised in the Division Office, and consequently he completed the work according to the estimate prepared by him. As matters now stand an application for an additional allotment of Rupees 417 should be made to the Director General of Post offices.

POSTMASTER GENERAL,

THE Under SECRETARY TO GOVERNMENT,
Public Works DEPARTMENT,
FORT ST. GEORGE.

SIR,

In retransmitting herewith your Endorsement No. 278C dated 23d January 1888, I have the honor to inform you that the Postal Minor Works Grant for the current year having already been appropriated, no funds are available to meet the amount of difference Viz Rs 417-- between the amount originally allotted for making additions and alterations to the Post office building at Tellicherry and the revised estimate now forwarded by you, according to which the work has been executed. (Vide correspondence ending with G.C. No 2957 W. dated 7th November 1887).

2. The original estimate for the Construction of a Post office building at Ballagunden amounted to Rs 1340-- and this was sanctioned by the Director General of the Post Office. A sum of Rs 144-- was spent on the work in 1886-86 and Rs 400-- was appropriated for some

other

other work in 1886-87 Vide G.O. No 3791 W dated 9th February 1887. A sum of Rs. 795--- was spent on the work in 1886-87. The Superintending Engineer VI th Circle lately sent in a revised Estimate amounting to Rs 1640 stating that the work had been completed according to that estimate and requested an allotment of Rs 701---, being the difference between Rs 939--- the amount expended during the previous years and the amount of the revised estimate, and this amount has been allotted from the available balance of the Minor works Grant for the Current Official year.

3. I have referred the present requisition to the Director General of the Post office, who states that a sum of Rs 701--- for the work at Battagundu having been set apart, there remains a balance of only Rs 22--- and he therefore desires me to represent the matter to the Local Government, soliciting that the amount now required for Pallicherry Post Office may be provided. I request, therefore, the favor of your moving the Government with a view to the amount being provided from any reserve fund

or

or Savings available for the purpose
