READ

the following letter from the Collector of Godavari, dated
23rd May 1889 No. 199:—

x with 4 plans

I have the honor to forward here-
with an estimate for Rs 5,000 for improving the
landing place at Dowlaswaram.

2. The boat traffic to and from
Dhowsaram is considerable and many passen-
gers have to be landed there from the river,
but there is no convenience for such landing
and the officiating Superintending Engineer
says that matters have lately been made
worse by his department having had to
make use of the ground, where till lately
loading and unloading were permitted. A
considerable amount has already been spent
from imperial funds in improving the land-
ing places in the Canal and the Superintend-
ing Engineer reports that there are no such funds
which

which can be devoted to the present purpose.

3. Dhowleswaram has a ferry to which the Canal and Ferry Fund act has been extended and Mr. Hoppell intended to recommend the grant from the ferry funds and with that object, countersigned the estimate which I now submit.

4. The balance to the credit of the ferry fund to the end of April last was Rs 14,793-11-6 and the estimated expenditure of the current year which includes a provision of Rs 60,000 for the purchase of a new steamer for the Rajmundry ferry is Rs 107,460 which still leaves a balance of Rs 40,477-11-6, from which the estimated amount may be sanctioned.

Resolution:-

The estimate for the landing place at Dhowleswaram and an allotment of Rs 5,000 from the Canal and Ferry Fund are sanctioned.

which, among other things, an allotment of Rs 4,000 is required to be placed at the disposal of the D. P. W. for the construction of an Iron Girder Bridge over the Gan-narasam Canal near Mattam. I have the honor to submit for Sanction a plan and an estimate for Rs 5,000 for the same, since received from the Superintending Engineer I Circle.

Resolution:-

Submitted to Government with the request that the amounts specified by the Collector in his first letter may be ordered to be placed at the disposal of the Public Works Department.

2. The Board observe that the second item (Rs 50) has not been provided for in the current year's budget, and request Government to Sanction it from the Canal and Ferry Fund balance. The Collector will report how much of the amount sanctioned in Board's Proceedings, dated 25th June 1884, No. 5774 Misc. has been spent.

OFFICE NOTE.

From

THE CHIEF SECRETARY,

To

The Secretary to Govt.,
 Public Works Dept.

In reply to office Note No. 570C, of 16th February last I enclose a copy of the letter of Godavari's letter no. 476, of 10 November 1888, and Board's Proceedings No. 521, of 21st December 1888.

The Collector's letter was, it is understood, written at the instance of a local Public Works officer, and the amount named in it should have included the usual percentage commissions. Whether it did or not I am unable to say.

If the papers sent do not establish the point, a reference to the Board is suggested.

Frederick Dice
 Chief Secretary.

Note.

1009

In the accompanying telegram the S. G. I. Comtee reports that Rs. 500 of the proposed grant of Rs. 5000 for the iron girder bridge over the Gannavarani Canal cannot be utilised. The S. G. I. demands will therefore be as shown below:-

Iron girder bridge over the Gannavarani Canal	} Rs. 3500
Improving landing places at Doulaishumam	} " 50

Total Rs. 3550.

Establishment & Plant 170

Total Rs. 3720

As the Financial Department have allotted only Rs. 4,050 for the two works, a further sum of Rs. 370 will be required, but as there is no time to obtain an additional grant from the Financial Deptt. it is proposed to distribute the amount allotted as shown below:-

Works	Rs. 3,253
Establishment	" 748
Tools and Plant	" 49

Total Rs. 4,050

The proposed distribution will reduce the grant for works to Rs. 3253 which is Rs. 297 less than the S. G. I. demands. The difference is only trifling and will not affect the ~~estimated~~ total outlay.

CEG

The Chief Secretary in sending certain correspondence for ascertaining whether the usual percentage charges have been included in the amount allotted, has forwarded the plan and estimate for the girder bridges over the Gannavaram Canal. As the work is to be executed by the P. W. Department, a formal sanction should be accorded to the estimate in this Department. The estimate should have therefore been transferred to this Deptt. after approval by the Res. Deptt. This has not been done, nor the Chief Secy asked for the plan and estimate being returned.

It is therefore proposed, subject to approval, to issue the accompanying draft order with respect to funds and then to sanction the estimate after scrutiny by the Technical Branch. This procedure is necessary to give timely information to the S. E. regarding the proper allotments.
