READ—the following paper:—

Despatch from the Right Honorable Lord CROSS, Her Majesty's Secretary of State for India, to His Excellency the Right Honorable the Governor in Council, Fort St. George, dated India Office, London, 21st March 1889, No. 4 (Public Works).

In my Public Works Despatch No. 4 of 7th June 1888, I requested that I might be regularly supplied with reports on the progress of the Madras Harbour Works as to the frequency and character of which the opinion of the local Engineers might be taken.

2. Your Excellency has complied with this request by forwarding monthly reports on the progress of the works, but it appears to me unnecessary to supply these reports at such short intervals, and that all useful purposes would be served if they were transmitted quarterly.

ORDER—dated 18th April 1889, No. 1062 W., Public Works.

Communicated to the Chairman, Harbour Trust Board, with reference to G.O., No. 2065 W., dated 9th July 1888. The monthly progress reports should continue to be submitted for the information of this Government, but the report for each third month drawn up for the Secretary of State should be complete for the previous quarter. The report for the month of March now falling due should accordingly embrace the months of January, February and March.

Despatch from the Secretary of State for India ^{P.W.} No 4 of 21st March 1889.

FOR ORDERS.

It will not do apparently to send to the Secretary of State the monthly Progress Report which happens to be made at the end of a quarter - as the record will be interrupted -

A special report must be drawn up for each quarter presenting a continuous record of progress - and the question is whether this report will suffice for the Government also - the Monthly Progress Reports being discontinued -

If this arrangement be
adopted, the Harbours Trust
Board might be instructed
to report specially on any
important work which they
may have in hand -

I think that we should continue
to get the monthly reports as at present.
In communicating the Despatches
we should wish to have the report
for each month drawn up as
for the previous quarter, and that
for the month of March was falling
due should be so drawn up for
Jan. Feb. & March.
Orders had better be sent straight so
that this may be done.

My Lord,

In my Public Works
Despatch, N. 4, of 7th June 1885,
I requested that I might be
regularly supplied with
reports on the progress of the
Madras Harbour Works, as
to the frequency and character
of which the opinion of the
local engineers might be
taken.

2. Your Excellency has
complied with this request
